ROSER COMMUNICATIONS NETWORK, INC.

EEO OUTREACH ACTIVITIES

February 1, 2017– February 1, 2018

Roser Communications Network, Inc. has set up a comprehensive outreach and recruitment program and an EEO self-assessment program designed to widely disseminate information regarding full-time job opportunities at its stations and to ensure the compliance of the unit with the FCC's EEO rules.

Every six months, all Roser Communications Network, Inc. stations air a Public Notice Press Release inviting community groups, minority organizations and interested civic organizations to notify station management if their group would like to be notified regarding each new, full-time job opening. Roser Communications Network, Inc. also sends these same press releases, annually, to community groups, minority organizations and interested civic organizations seeking the involvement of local groups as part of the licensee's recruitment efforts. To date, six local groups have expressed interest in receiving information regarding job openings. The licensee plans to continue its advertising efforts with the hope that local groups might soon be interested in receiving such information.

Roser Communications Network, Inc. advertises all of its full-time job openings on a variety of media seeking the broadest possible recruitment. Some positions are advertised on the air and some are through Internet services. The unit seeks to continue experimentation to continue to adjust its outreach and recruitment efforts.

Roser Communications Network, Inc. has selected the following menu options as a result of self-assessment of its EEO program:

Host One Job Fair every other year.

Participate in other activities than the ones listed that the licensee has designed to further the goal of disseminating information about employment opportunities.

Provide training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

2017 - 2018 Recruitment Activities

This period, the Unit had five, full-time job openings. The Announcer positions were advertised through internet services and the sales position was advertised on-air on the Unit's stations.

2017 - 2018 Outreach Activities

Open House

This year, the hosted an Open House event. The Open House was held on January 9, 2018. No one attended this event. The event was fully supported by on-air promotional announcements.

Management EEO Training

During this employment period, Kenneth Roser, the President of RCN stations, continued review of the book, EEO Law and Personnel by Arthur Gutman in order to provide training to ensure equal employment opportunity and discrimination prevention. Mr. Roser reviewed chapter Three (Major Title Seven Protected Class Issues) and chapter Four (Constitutional Claims).

During the period, the unit continued its Internship Program which was initiated in October, 2007. During this past year, students from Herkimer College and Utica College served as interns. The purpose of the program was to introduce students to career opportunities in radio broadcasting.

Public Notice Pres Releases

EEO COMPLIANCE ALL STATIONS

Roser Communications Network, Inc., including radio stations WSKS, WSKU, WBGK, WBUG, WUTQ, and WVTL, is seeking to involve qualified community groups in the dissemination of all job vacancy information at each station. If your qualified group or government bureau would like to be kept informed of all full-time job openings at these stations, please reply to this email. Roser Communications Network will put your group on a list of qualified community organizations which will automatically receive notification of all future full-time job vacancies at each station. Roser Communications Network, Incorporated is an equal opportunity employer.

IT/Engineer Fulltime Opening Ad October 2017

Roser Communications has an opening for a fully capable radio engineer/IT person to maintain our radio facilities in Utica, New York. The position includes, among other things: radio computer automation, digital and analog audio platforms, equipment maintenance, repair and installation, IT and studio maintenance. We have a new state of the art facility that you'll be working in, maintaining, troubleshooting and improving broadcast equipment, building out projects and helping to ensure FCC compliance. You need to be up to date on all IT technologies and be willing to make work a priority and be on call 24/7. A Chief Engineer and higher-level IT company are already with our company, but you'll handle all the day-to-day tasks.

You need a can-do attitude and the ability to solve problems quickly and creatively. Solid, competitive compensation package for the right candidate with a full array of benefits. Email your letter, qualifications, and resume to grant@rosergroup.com.

Roser Communications is an equal opportunity employer.
