The Best of Our Knowledge

DATE	TIME	SHOW #	TOPIC
10/9/2023	30:00	1724	With a massive, multi-year expansion project finally completed, staff and educators at the Strong Museum of Play are eager to welcome new and returning crowds. And after two college-in-prison programs in New York hosted by private universities collapsed earlier this year, Bard College will pick up the slack.
10/16/2023	30:00	1725	On this episode of The Bet of Our Knowledge: College campuses are reimagining student housing.
10/23/2023	30:00	1726	National Geographic scientist-photographer Anand Varma captures images of beautiful secrets hiding in plain sight. We'll speak with Varma about his book "Invisible Wonders: Photographs of the Hidden World." And we'll learn about a federally funded initiative that is researching urban forests.
10/30/2023	30:00	1727	The home of Gilded Age writer Edith Wharton celebrates the supernatural. The largest donation ever made to one public university will support its efforts to improve literacy. And we'll learn more about the New York Air National Guard's mission to support research in Antarctica.
11/6/2023	30:00	1728	This week, we'll attend a demonstration of an experimental instrument – one that when installed can take up an entire concert stage. And a new music school gives more than just guitar and piano lessons.
11/13/2023	30:00	1729	We'll join researchers collecting ticks during the fall peak of arachnid activity. And after a smoky summer, wildfire smoke detectors have been installed across New York state.
11/20/2023	30:00	1730	An invasive insect, the Emerald Ash Borer poses threats to America's forests. A federally-supported study is using parasitoid wasps to control the arboreal pests. And we'll visit an environmental science professor in the field, as students collect trail cameras as part of a national study on mammal populations.
11/27/2023	30:00	1731	President Biden in October issued an executive order on artificial intelligence. We'll unpack the order meant to mitigate the risks of the technology. And more!
12/4/2023	30:00	1732	As American students are facing more than \$1.7 trillion dollars in student loan debt, some private sector companies are now exploring their own student loan repayment programs.
12/11/2023	30:00	1733	The College of Saint Rose, a private liberal arts college in New York, recently announced it would close at the end of the academic year.
12/18/2023	30:00	1734	Many educators will say teaching can be a thankless job. A new app aims to help the entire school community share praise. We'll speak with the CEO of company HiLight.
12/25/2023	30:00	1735	The Vermont State Colleges system, which is transforming into the Vermont State University, has selected a new chancellor. We'll learn about an ancient Iranian tradition celebrated during the winter solstice. And the race is on to establish a national semiconductor technology center.
