Re: KPHP Radio, Inc. (KRI)
KKPZ (AM), Portland, OR
Facility Identification Number: 4113
Special Temporary Authority (STA)
BESTA-20200810AAK

Dear KRI staff:

This is in reference to the request filed on August 10, 2020. KRI requests a further extension of the STA granted on October 6, 2003, to operate with parameters at variance to allow time to file the required FCC Form 302 application to update all operating parameters.¹ In support of the request, we noted that KRI did not obtain an agreement yet with all nearby tower owners to address the frequent equipment changes done on nearby towers.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and KRI may continue to operate with DA parameters at variance from licensed values and reduced power to maintain monitor points within licensed limits. KRI must use whatever means

¹ KKPZ is licensed for DA operation on 1330 kHz with 5 kW (day and night).

are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. KRI must submit an e-mail to my attention to note the date the application was filed, or to note the date the station resumed licensed operations per BZ-20051012ADK with negligible changes.

This authority expires on **February 23, 2021**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is written in a cursive, flowing style.
