## SEASON 3 SYNOPSES

### 301 Coolest Ireland Vacation

It's coastal, rocky, artsy, and tasty. From the city of Dublin, and up the Wild Atlantic Way, we bike, hike, paddle, climb, and dance our way around Ireland. It's time to test the luck of the Irish on our Coolest Ireland Vacation.

### 302 Off The Beaten Path: The Mediterranean

For our second "off the beaten path" installment, we travel around the Mediterranean in search of the coolest unconventional getaways, lesser known regions, and eccentric islands. From Sicily to Israel, and Karpathos to Northeast Italy, we discover the Mediterranean's eclectic history, culture, and adventure.

### 303 Discovering New Caledonia

We're jetting for the South Pacific, for some snorkeling, sailing, kayaking, and relaxing. This relatively unknown, wide-open archipelago is chock full of surprises around every corner. It might not be what you're expecting. Let's discover New Caledonia.

### 304 Coolest Travel Trivia

Time to test your travel knowledge. We've covered the globe for the best questions. Now we'll hike, kayak, fly, drive, and battle all the extremes that this planet can dish out, all in search of the answer. So put your thinking caps on, and make sure to keep score at home.

### 305 Coolest Boat Races

Hammer down the throttle, hoist the main sail, and hang on tight. We're hitting the water for some of the fastest, most prestigious, and most ridiculous races ever run on H<sub>2</sub>O. So don't forget your life vests, helmets, and your sturdy sea legs, because we're rocking the boat.
