Title:	Making Contact / Walk the Talk: Stories of Indigenous-led resistance to oil and waste
Time:	4:30 AM
Duration:	29 minutes
Source:	Making Contact / PRX
Date:	19 Nov 2017
Summary	<p>On this edition of Making Contact, we'll meet people challenging polluters in their own backyard, not to push hazardous industries into another neighborhood. Instead they're developing visionary solutions for a better life for all and for the future of the planet.</p> <p>Then we head to Maine where we meet communities fighting the expansion of a landfill. The Penobscot Nation lives on the river that shares their name. Just upstream from their island reservation is Juniper Ridge, Maine's largest landfill and the only one that's state-owned. Casella, the corporation operating the landfill wants to double its size. Penobscots who rely on river fish as a culturally important food source are worried about the river being polluted by the growing dump. Along with their neighbors, they've been fighting to halt the expansion. In the process they've exposed backroom dealings that have paved the way for the landfills continued growth.</p>

Title:	Making Contact / Refinery Healing Walks
Time:	4:30 AM
Duration:	15 minutes
Source:	Making Contact / PRX
Date:	26 Nov 2017
Summary	<p>We'll meet Making Contact Community Storytelling Fellow and environmental and indigenous leader Isabella Zizi. In this piece, Zizi talks about how the 2012 Chevron refinery fire in Richmond, California sparked her involvement in indigenous-led environmental movements. Zizi walks us from one refinery town to the next, showing us what it's like living next door to an oil refinery and how these towns have come together to protect the sacred systems of the planet.</p>
