Signs we are Living in the

1762

How do we know we are living in the end times? Bible teacher [Don Stewart](#), author of *25 Signs We Are Near the End*, says, Never before has there been the technology to show the whole world at the same time the two witnesses of God lying dead in the street miraculously coming back to life. Don Stewart tells of the ubiquitous *Starlink* satellites that will enable everyone around the world to see this at the same time. Pastor Billy Crone, author of *The Final Countdown - The AI Invasion*, says artificial intelligence will help the Antichrist to monitor the whole world to see who worships his image and takes his mark.

Killing Roe

1763

The Supreme Court decision in *Roe v Wade* has had a disastrous affect on our nation by killing a whole generation of over 62 million babies. Legalizing abortion declared children in their mother are not people and can be killed legally. Recently the Supreme Court heard oral arguments in a case that could overturn Roe. Attorney [Laura Ingram](#), host of Fox's *Ingram Angle*, says the arguments presented to the court for keeping Roe legal are bogus. [Senator Josh Hawley](#) says it's time the American people had the choice. [Ted Cruz](#) said he hopes the Supremes will turn this issue back to the states to decide on abortion.

Was Jesus A Socialist?

1764

Has our nation become a socialist nation? [Rand Paul and his wife Kelly](#), authors of *The Case Against Socialism*, say socialists use Scandinavia as an idyllic socialist nation. But the Scandinavian economy is funded by capitalism. Young Americans don't know how the socialist USSR, Nazi Germany and China slaughtered about 100 million people! [Jay Richards](#), author of *Money, Greed, & God*, says Jesus parable of the talents is a classic case for capitalism. Private property ownership is *capitalism*. The

Radio and TV host, [Joni Eareckson Tada](#), author of more than 50 books including, *An Unforgettable Story*, has suffered for over 50 years with quadriplegia and extreme pain. Then she got breast cancer! What helps is focusing on Jesus and his suffering to pay for our salvation. [Jack Cuozzo](#), author of *Buried Alive - The Startling Truth About Neanderthal Man*, was the only creationist who saw the original bones used to support evolution and he says they are fraudulent. Evolutionists claimed Neanderthal man was a transitional species. Dr Cuozzo says Neanderthal man was one of the ancient people who had a different DNA from ours because they lived hundreds of years. God's Creative Genius

1767

God brilliantly knit our bodies together to show His creative genius. God's creative genius in the physical realms leads us to want to know Him. Best selling author, [Philip Yancy](#), author of *Fearfully and Wonderfully*, who survived a near fatal car accident, surprisingly talks about the benefits of pain. Until God became flesh as Jesus, he had not truly experienced pain and suffering as we do. If you want to know how God feels about our pain and suffering, look at how Jesus responded when He was on earth. Without Jesus, we would not know *the love of God*. The inspiration behind "Fearfully" is surgeon Paul Brand.

2/19/22 War on American History

Why are statues of Presidents like Lincoln, Roosevelt and Washington torn down? Are we ashamed of our heritage? Feb 21 is President's Day but few people know or celebrate it. Peter Lillback, author of *George Washington's Sacred Fire*, says Washington was a strong Christian. Lincoln freed the slaves. It's an attack on our nation in an attempt to destroy it by destroying our history. Washington said, "The two indispensable pillars for government are religion and morality." Peter Marshall, author of *The Light and the Glory*, describes how God supernaturally protected Washington and saved our rag-tag Continental army.

2/26/22 Anticipating the Rapture

Does the rapture of believers, who are transformed into a spirit body, to meet the Lord in the air, occur before the Tribulation? How is Jesus's appearance in the rapture different from His second coming to earth? Prophecy expert Dr David Reagan, founder of Lamb & Lion Ministries and author of *Living on Borrowed Time - The Imminent Return of Jesus*, said, "There's no mention of the Church after Rev 3,

because the Church has been raptured out." Evangelist Tiff Shuttlesworth says Biblical patterns show us God's character. Since Christ took our punishment for us, God won't bring his wrath on his Church.

3/5/22 A Neurosurgeon's View of Life & Death

We will each face the fear and pain of our death or of a loved one. How we respond will show a deep faith or shallow religiosity. Dr Lee Warren, a neurosurgeon and Iraq war veteran, is the author of I've Seen the End of You- a Neurosurgeon's Look at Faith, Doubt and the Things We Think We Know. In this gripping, inspirational memoir, you will get an honest look between his faith and his medical experience. His testimony will stir your faith as you hear his insightful and profound thoughts. These inspirational accounts reveal a profound faith in some patients who pray that God would take them home to heaven.

3/12/22 The Fairy Tale of Evolution

Is the age of the earth important? Some stars are so far from earth that it would take millions of years for their light to reach us. Is that proof for an "old earth"? Many people, including Christian leaders, try to fit billions of years into the Genesis account. Russ Miller, author of It's About Time - How to Believe God's Word in a Secular World, substantiates the Biblical account through logical and scientific answers to man's origin, sin and death. The amazing universe shows God's awesome creativity. The omnipotent Creator simply spoke and galaxies whirled into space and the universe was created.

The Communist Manifesto is the most assigned economics book on US college campuses! Without knowing their true American history, students are easily brainwashed to hate our nation and bring it down! Trump's 1776 Commission to teach our true history and patriotism has been abolished by Biden. Are we becoming a communist nation?

3/26/22 Living in Communist Russia

We take our precious God given freedoms for granted. Powerful forces want to make our nation socialist even communist. Immigrant Jamie Glazov describes the terror and oppression in the USSR before coming here but how America was like heaven. As a graduate student, Jamie tells how university professors believe and teach that communism is wonderful and capitalism is oppressive! Russian military scientist, Dr Igor Shafhid, former communist and author of Inside the Red Zone, says, "We could lose a city to terrorists and recover, but if we adopt a communist ideology, the whole country is lost."
