Topics for the four segments: roughly 6.5 minutes for each segment.

The government shutdown into its 2<sup>nd</sup> month, although many Americans seem to say the wall is not worth the shutdown. 71 percent in a CBS poll? Is the President losing? Trump disapproval in a Politico poll now at 57%. A high for his disapproval numbers. The culture wars have flared. Gaga vs. Pence controversy over Christian education. The Catholic students vs. Native American Nathan Phillips in the Indigenous People's March. The President had a proposal to end the shutdown with a Dreamers amnesty. What's wrong with that? Is Venezuela collapsing and what does it mean? Are the Iranians and Israeli's close to a wider war that could involve U.S. service people? What do we think of the newly announced Democratic candidates for President? What do you think of the new Texas legislative bills? Any highlights early in the session?

Did the State of the Union present new themes that surprised you? That the President did not declare a “national emergency” at the border? 59 percent in a CNN poll say the President had a good address, what do you think? Will the President avert a new government shutdown in just days? In the address the President said America will NEVER be a socialist country. Did he rankle Congress with that? Did the President mean his comments about “unity” in America?

The US House has had 30 investigations in 12 committees. Now the President is saying he will answer all allegations and documents will be turned over. Is it too much? The obstruction probe has expanded. Trump calls it a hoax but will this be the one that “sticks.” Mueller special counsel probe. Is this going to be released finally this week? Border patrol says the facts show more than 270,000 arrests of undocumented immigrants at the border. NOT a national crisis? “Emergency?” Did Michael Cohen’s testimony hurt the President in a material way? Is Biden running? McConnell changes Senate rules to allow much quicker confirmation of lower court judges? Is that NOT a little risky to the republic? What do you make of the Florida poll showing Trump in trouble. Only 40% support re-election. 53% opposed. Biden has front runner status among Democrats. 26%. Bendixen & Amandi International poll.

Show Title: Southeast Texas Weekly

Host: Kevin Steele

Guests: Sherrene Cook, Michael Lindsay, Todd Hickman, Jeff Lewis, Godfrey Leggett, Kristy Wendler, Fernando Ramirez

Topics for the four segments: roughly 6.5 minutes for each segment.

Why aren't we deporting undocumented immigrants that already have deportation orders? 644 thousand plus here. A million in total. Do most Americans want the wealthy to pay more taxes? If so, why is this a political debate? How old is too old for the White House? Is Beto going to give Biden a run for his money? Or will it be a short-term candidacy? FOIA requests are up 669 percent in the Trump era? Is that indicative of an unfair criticism of the Republican president? Are you concerned by the debate between the late McCain and Trump? The Washington Post writes that Beto ate dirt with regenerative powers after raising 80 million dollars for his Cruz campaign. Huh? Sheila Jackson-Lee has filed a bill to form a commission on possible reparations to African-Americans? Is it an idea whose time has come?
