Recycling 70105 70106	60 seconds 30 seconds	Changes – When we recycle, we create something new. Shampoo bottles transform into hairbrushes. Body wash bottles become toothbrushes. Toilet paper rolls turn into tissue boxes. Our campaign inspires Americans to create new things by recycling common kitchen plastics — showing what we can create when we all work together to turn trash into treasure. <a href="http://berecycled.org">berecycled.org</a>
Discovering Nature/Environment 70102	30 seconds	Connected – Studies show that when kids spend time outdoors, they become healthier, have lower stress levels and develop stronger immune systems. They also become more creative, and have greater respect for themselves, other people, and the environment. Our campaign encourages parents and caregivers to reconnect with their family and nature by experiencing it firsthand. Immersive and restorative experiences are available in urban parks, green spaces, and preserves. Through exploration of local forests and parks, kids can build a lifelong connection to nature. The campaign connects families to green spaces in their neighborhood by entering their zip code at <a href="http://DiscoverTheForest.org">DiscoverTheForest.org</a> or <a href="http://escubreElBosque.org">escubreElBosque.org</a> . <a href="http://discovertheforest.org">discovertheforest.org</a>
Fatherhood Involvement 70103	30 seconds	Doors – What is #Dadication? It's just like dedication but it means that as a father, you never stop being a dad. There's no one right way as long as you show up for your kids, even when it's not so easy. The Fatherhood Involvement

Health/Support 70097 - Julia 70098 - Julia 70154 – The Big Day 70155 – The Big Day	:15 :30 :15 :30	Autism Awareness - Though autism can be reliably diagnosed in children as young as 18 months, most aren't diagnosed until they're between four and five—and studies indicate that age is even higher for low-income and minority children. Research shows that early diagnosis and early intervention is crucial; it can translate to a lifetime of impact by supporting healthy development, improved communication, and overall positive outcomes later in life. Our bilingual campaign featuring Julia, the four-year-old Sesame Street Muppet with autism, shows viewers that the more her family and friends understand her world, the brighter she shines. Education 70109 – Lucianne 70110 - Tiera	30 seconds	SHE CAN STEM – While women make up half of the U.S. college-educated workforce, they hold only a little over a fourth of all STEM jobs. Research shows that young girls like STEM subjects-science, technology, engineering and math - but often feel that STEM isn't for them due to outdated stereotypes. Girls are scared to fail in STEM, but She Can Stem shows girls that STEM is in everything, and experimenting is part of the journey. She Can STEM inspired middle school girls to stay interested in STEM by showcasing how messy, experimental and hands-on STEM can be, and how daring to STEM can change the world. Shecanstem.com

Family Support 70140 – Suitcase 70141 – Dinner 70142 - Mailbox	:30 :30 :60	Adoption from Foster Care – Thousands of teens in foster care are waiting for the love and support from a family, but unfortunately almost 20,000 young people leave foster care with out a family every year. Families that adopt teens provide them with stability during a critical period of their lives. Teens that have been adopted are more likely to graduate, go to college and more emotionally secure than their peers that have 'aged out' of the foster care without the security and encouragement of family. Inspired by real family's stories, this honest and heartfelt campaign reveals the remarkable value of adoption for both teens and parents. <p>Health/Support 70143 – KAMAUU</p>	<p>:30</p>	<p>Middle School Mental Health – There is a mental health crisis among our country’s youth. Young adolescents (10-14) are experiencing increased rates of mental health challenges and youth of color, in particular, face the additional trauma of systemic racism and greater challenges in accessing the support they need. Sound It Out uses the power of music to help parents and caregivers have meaningful conversations with their middle schoolers about emotional wellbeing. We paired middle-school aged kids and their caregivers with musical artists, like KAMAUU, Tobe Nwigwe, Empress OF and Lauren Jauregui, to create an album of exclusive songs inspired by the motions in their conversations. <a href="http://SOUNDITOUTTOGETHER.ORG">SOUNDITOUTTOGETHER.ORG</a>.</p>

Bias and discrimination are among the most pressing issues facing our nation today. Love Has No Labels is a movement to promote acceptance and inclusion of all people across race, religion, gender, sexual orientation, age and ability. Throughout its duration, Love Has No Labels has opened a dialogue about our implicit biases – our assumptions, stereotypes, and unintentional actions toward others based on their perceived differences or labels – and erodes those biases by flooding the market with diverse images of love. Environment 70152 – Smokey Bear – Al Roker-Rev 70153 – Smokey Bear – Betty White-Rev	:30 :30	Wildfire Prevention – For more than 75 years, Smokey Bear has protected our forests and promoted wildfire prevention. His powerful message, “Only you can prevent wildfires,” is at the heart of America’s longest-running PSA campaign. Smokey’s message remains relevant today, as nearly nine out of ten wildfires nationwide are caused by humans and can be prevented. Additionally, during these unprecedented times, spending time outdoors has never felt more valuable. Whether we’re passing the time in a public land or in our own backyards, we all have a role to play in keeping our safe places safe by action responsibility and doing our part to help prevent wildfire.
