KODE also aired the following public service announcements during the instant quarter:

<p>Mental/Health SHONANDTHERESA CYNTHIAANDED ICOMECORRECT</p>	<p>:30 :30 :30</p>	<p>ALZHEIMER AWARENESS – Using real stories, the goal of “Hopeful Together,” created in partnership with the Alzheimer’s Association, is to spread awareness of the benefits of getting an early diagnosis and encourages open communication between loved ones about cognitive health. An early diagnosis can give you and your family more time to plan together, allows participation in care decisions, you and your family will be able to review and update legal documents, discuss finances and property, and identify your care preferences. The website Alz.org/TimeToTalk and Olz.org/Tiempo for Spanish speakers offers families helpful tools and resources, including information on the disease and the benefits of an early diagnosis.</p>
<p>Family LUCKYONES30 SISTERS DUFFLE REAL REWARDS REAL REWARDS REANELL'S REWARDS THOMPSON'S REWARDS DINNER MAILBOX</p>	<p>:30 :30 1:00 :30 1:00 :15 :15 :30 1:00</p>	<p>ADOPTION/FOSTER CARE – Thousands of teens in foster care are waiting for the love and support from a family, but unfortunately almost 20,000 young people leave foster care without a family every year. Families that adopt teens provide them with stability during a critical period of their lives. Teens that have been adopted are more likely to graduate, go to college and more emotionally secure than their peers that have ‘aged out’ of the foster care without the security and encouragement of family. Inspired by real family’s stories, this honest and heartfelt campaign reveals the remarkable value of adoption for both teens and parents. With the tagline, “you can’t imagine the reward,” these emotional messages reassure prospective parents and inspire them to consider adopting a teen. This successful campaign has contributed to more than</p>

Mental/Health ICOMECORRECT	:30	AUTISUM AWARENESS - Though autism can be reliably diagnosed in children as young as 18 months, most aren't diagnosed until they're between four and five—and studies indicate that age is even higher for low-income and minority children. Research shows that early diagnosis and early intervention is crucial; it can translate to a lifetime of impact by supporting healthy development, improved communication, and overall positive outcomes later in life. Our bilingual campaign featuring Julia, the four-year-old Sesame Street Muppet with autism, shows viewers that the more her family and friends understand her world, the brighter she shines. AUTISMSPEAKS.ORG
Community RICHSSTORY	:30	BELONGING BEGINS WITH US We've all had moments where we've felt we didn't belong, but for people who moved to this country, that feeling lasts more than a moment. We all want to feel safe and included in the community we call home, but today too many of our neighbor's experience exclusion, isolation, harassment, and even violence on the basis of their identity. Visit BelongingBeginsWithUs.org to read real stories of welcoming and belonging from across the country and find ways to get involved in your community.
Health/Support ROXANASSTORY ROXANASSTORY YOU'VEGOTTHIS	1:00 :30 :30	CAREGIVING ASSISTANCE - There are 48million unpaid family caregivers in the United States. Most caregivers are family members or friends who are working, managing their own families and caring for their loved ones at the same time. For many, the caregiver role doesn't start all at once, it starts with simple things like scheduling a doctor's visit or helping with daily

		errands, then gradually expands until it becomes a major commitment. On average, caregivers provide 23 hours of care a week, the equivalent of an unpaid, part-time job. Since 2011, we have encouraged caregivers to care not only for their loved ones, but also for themselves. To date, the campaign has targeted several audiences: general market women age 40-60, male caregivers age 35-60, and Hispanic/Latino and African American/Black caregivers with emphasis on women ages 35 to 60. The campaign directs viewers to AARP's Family Caregiving site, where caregivers can find free Care Guides, self-care tips, planning resources, legal and financial guidance, and more.
Safety ICOMECORRECT NEW MATH PLAY PLACE HUSTLE	:30 :15 :30 :30	CHILD CAR SAFETY - Motor vehicle crashes are a leading cause of death for children age one to 13. Parents go to great lengths to ensure their children are safe and protected – but when it comes to car safety, many let their guard down. To ensure parents and caregivers are properly securing their children in the best car seat restraint for their age and size, they can visit NHTSA.gov/TheRightSeat or NHTSA.gov/Protegidos .
Community HARD AT WORK	:30	DISASTER AND CRISIS RELIEF – The best way to help those affected by a humanitarian crisis is by donating money rather than goods. Financial donations help support communities in crisis and in the immediate aftermath of a disaster. Financial donations are also critical for longer-term recovery efforts – they can respond to changing needs as people move to safety, resettle, or rebuild. This campaign enables us to get into market quickly, usually within a few days of a disaster or other crisis, when funds are needed most. It's been

		used to fundraise for disasters like the California wildfires; hurricanes Harvey, Maria, Irma, and Katrina; and the earthquake in Nepal. We drive consumers to SupportDisasterRelief.org or SupportCrisisRelief.org and encourage donations to support victims as they happen, with funds distributed through GlobalGiving.
Environment OUTSIDE LAKETRAIL OUR COLORS OUR COLORS AM I A TREE AM I A TREE	:30 :30 1:00 :30 :30 :15	DISCOVERING NATURE - Since 2009, the Ad Council and USDA Forest Services “Discover the Forest” campaign has encouraged parents and caregivers to take their families out to the forest to experience and reconnect with nature. Our latest creative work highlights the power of authentic storytelling to showcase the forest as a place where families can deepen their connection with each other and with outdoors, while making the forest part of their story. Stories come to life at local parks and forests. They’re places full of wonder, where imagination thrives, stories come to life, and memories are made. Our campaign encourages Latino and Black parents and caregivers to make the forest part of their family story by experiencing nature firsthand.
Education UNITED WE ARE POWERFUL UNITED WE ARE POWERFUL	:15 :30	DIVERSITY & INCLUSION – Hate crimes are on the rise, and yet 85% of Americans consider themselves unprejudiced. Bias and discrimination are among the most pressing issues facing our nation today. Love Has No Labels is a movement to promote acceptance and inclusion of all people across race, religion, gender, sexual orientation, age and ability. Throughout its duration, Love Has No Labels has opened a dialogue about our implicit biases – our assumptions, stereotypes, and unintentional actions toward others based on their perceived differences or labels – and

		erodes those biases by flooding the market with diverse images of love. We believe Love is the most powerful force to overcome bias. Together, we can create a more inclusive world. LOVEHASNOLABELS.COM/PLAYAVENGERS
Community WEPREPAREVERYDAY PREPAREDMIDWEST	:30 :30	EMERGENCY PREPAREDNESS In recent years, devastating earthquakes, tornadoes, floods and wildfires have highlighted the need for all Americans, regardless of background or location, to prepare for the natural disaster. However, according to the Federal Emergency Management Agency (FEMA), half of Americans have not discussed or developed a family emergency plan. The Ready campaign now includes PSAs develop specifically for a Latino audience, in addition to the general market work that encourages, educates, and empowers families to develop their own emergency preparedness plans by visiting Listo.gov/plan or Ready.gov/plan .
Education INBETWEENSTEM STEM IN SPORTS	:30 :30	EMPOWERING GIRLS IN STEM – While women make up half of the U.S. college-educated workforce, they hold only a little over a fourth of all STEM jobs. Research shows that young girls like STEM subjects-science, technology, engineering and math - but often feel that STEM isn't for them due to outdated stereotypes. Girls are scared to fail in STEM, but She Can Stem shows girls that STEM is in everything, and experimenting is part of the journey. She Can STEM inspired middle school girls to stay interested in STEM by showcasing how messy, experimental and hands-on STEM can be, and how daring to STEM can change the world. Shecanstem.com

As the largest hunger-relief organization in the United States, The Feeing America network of food banks feeds millions of families each year, especially during times of disaster and national emergencies. Updated PSA's encourage audiences to donate to the Feeding America's COVID-19 Response Fund to help families in this time of urgent need.</p>
<p>Education HOWARD DURRELL JUAN</p>	<p>:30 :30 :30</p>	<p>FATHERHOOD INVOLVEMENT - What is #Dadication? It's just like dedication but it means that as a father, you never stop being a dad. There's no one right way as long as you show up for your kids, even when it's not so easy. The Fatherhood Involvement campaign PSAs highlight the everyday struggles and victories of being a dad to give all fathers the confidence and encouragement to keep going. The campaign hashtag "#Dadication" is part of an ongoing effort to encourage dads to play an active role in their children's lives. fatherhood.gov</p>
<p>Education WHENYOUGRADUATE</p>	<p>:30</p>	<p>HIGH SCHOOL EQUIVALENCY – For more than 24 million American adults without a high school diploma, opportunities are limited. Many are living in poverty. Since 2017, we have empowered adults 45 to 60 to prepare for their retirement. The campaign direct viewers to a three-minute online chat with Avo, a friendly digital retirement coach. After completing the chat viewers receive a personalized retirement savings action plan with free tips to help them take charge of their financial futures today.
Education EYESUP WINNINGFORMULA ITJOUSTNOTWRTHIT	:30 :30 :30	TEXTING AND DRIVING PREVENTION – Messaging while driving – whether sending a text, commenting on a photo, or connecting with friends via an app – is dangerous. But even though 94% of Americans recognize it's dangerous to send a text while driving, and 91% recognize it's dangerous to read one many people still do it. To address the disconnect between awareness and behavior, our campaign addresses the fact that people are personally engaging in a behavior that they know is dangerous. The campaign reminds drivers from 16 to 34 that no one is special enough to message while driving.
Environment/Education SMOKEY BEAR - ISABELLA GOMEZ SMOKEY AL-CAMPING SMOKEY AL-GRILLING	:30 :30 :30	WILDFIRE PREVENTION – For more than 75 years, Smokey Bear has protected our forests and promoted wildfire prevention. His powerful message, “Only you can prevent wildfires,” is at the heart of America’s longest-running PSA campaign. Smokey’s message remains relevant today, as nearly nine out of ten wildfires nationwide are caused by humans and can be prevented. Additionally, during these unprecedented times, spending time outdoors has never felt more valuable. Whether we’re passing the time in a public land or in our own backyards, we all have a role to play in keeping our safe places safe by action responsibility and doing our part to help prevent wildfire.
