## Quarterly Issues and Program List

KODE also aired the following public service announcements during the instant quarter:

Type of Issue	Duration	Title or Narrative
Recycling 70105 70106	60 seconds 30 seconds	Changes – When we recycle, we create something new. Shampoo bottles transform into hairbrushes. Body wash bottles become toothbrushes. Toilet paper rolls turn into tissue boxes. Our campaign inspires Americans to create new things by recycling common kitchen plastics — showing what we can create when we all work together to turn trash into treasure. <a href="http://berecycled.org">berecycled.org</a>
Discovering Nature 70102	30 seconds	Connected – Studies show that when kids spend time outdoors, they become healthier, have lower stress levels and develop stronger immune systems. They also become more creative, and have greater respect for themselves, other people, and the environment. Our campaign encourages parents and caregivers to reconnect with their family and nature by experiencing it firsthand. Immersive and restorative experiences are available in urban parks, green spaces, and preserves. Through exploration of local forests and parks, kids can build a lifelong connection to nature. The campaign connects families to green spaces in their neighborhood by entering their zip code at <a href="http://DiscoverTheForest.org">DiscoverTheForest.org</a> or <a href="http://escubreElBosque.org">escubreElBosque.org</a> . <a href="http://discovertheforest.org">discovertheforest.org</a>
Fatherhood Involvement 70103	30 seconds	Doors – What is #Dadication? It's just like dedication but it means that as a father, you never stop being a dad. There's no one right way as long as you show up for your kids, even when it's not so easy. The Fatherhood Involvement

<p>Child Car Safety 70100</p>	<p>30 seconds</p>	<p>Hoop – Motor vehicle crashes are a leading cause of death for children age one to 13. Parents go to great lengths to ensure their children are safe and protected—but when it comes to car safety, many let their guard down. To ensure parents and caregivers are properly securing their children in the best car seat restraint for their age and size, they can visit <a href="http://NHTSA.gov/TheRightSeat">NHTSA.gov/TheRightSeat</a> or <a href="http://NHTSA.gov/Protegidos">NHTSA.gov/Protegidos</a>.</p>

Autism Awareness 70097 70098	15 seconds 30 seconds	Julia – Though autism can be reliably diagnosed in children as young as 18 months, most aren't diagnosed until they're between four and five—and studies indicate that age is even higher for low-income and minority children. Research shows that early diagnosis and early intervention is crucial; it can translate to a lifetime of impact by supporting healthy development, improved communication, and overall positive outcomes later in life. Our bilingual campaign featuring Julia, the four-year-old Sesame Street Muppet with autism, shows viewers that the more her family and friends understand her world, the brighter she shines. <a href="http://AUTISMSPEAKS.ORG">AUTISMSPEAKS.ORG</a>
Education 70109	30 seconds	Lucianne – While women make up half of the U.S. college-educated workforce, they hold only a little over a fourth of all STEM jobs. Research shows that young girls like STEM subjects-science, technology, engineering and math - but often feel that STEM isn't for them due to outdated stereotypes. Girls are scared to fail in STEM, but She Can Stem shows girls that STEM is in everything, and experimenting is part of the journey. She Can STEM inspired middle school girls to stay interested in STEM by showcasing how messy, experimental and hands-on STEM can be, and how daring to STEM can change the world. <a href="http://Shecanstem.com">Shecanstem.com</a>
