Weekly Website Display Checklists

[Attach each week's completed Website Display Checklist]

**Weekly Website Display Checklist
for the Third Quarter 2016**

The undersigned certifies to the following:

I. Websites Displayed During Children's Programs

The following website addresses were displayed ("Displayed Page") during non-commercial portions of Children's Program: CW's One Magnificent Morning.

None (if none, do not complete any other portion of this certification). By checking None, I certify that the only website addresses that appeared in Children's Programs appeared during on-air third-party advertisements and were for websites that appear to be owned by neither the program provider nor the Station.

II. For each Website Address observed, I visited the website and observed the following:

The website offers a substantial amount of program-related material or other non-commercial content.

The website does not appear to be primarily intended for commercial purposes, including e-commerce or advertising.

The website's home page and other menu pages are clearly labeled to distinguish the non-commercial from the commercial sections.

The page of the website to which I was directed by the Website Address displayed in the Children's Program does not appear to be used for e-commerce, advertising, or other commercial purposes, and it contains no links labeled "Store" (or similar terms) and no links to any page with commercial material.

No program host or character was used to actively sell any product or service anywhere in the website, or, in the alternative, program hosts or characters were used to actively sell products or services but only on pages primarily devoted to multiple characters from multiple programs.

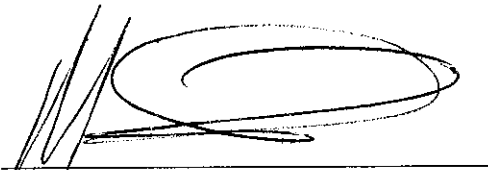

If any of the boxes in this Section II are not checked, I have attached an explanation describing the process by which I accessed website content that prevents me from checking the particular box. In addition, I have attached print-outs of relevant web pages.

III. Website Evaluation

In making the observations above in Section II, I took all of the following actions for each website I visited:

- Clicked all links on the Displayed Page to determine whether any advertising or commercial material appears on a linked page.
- Determined whether any advertising of any kind is present on the Displayed Page.
- Determined whether the Displayed Page contains any link labeled "Store" or "Purchase" or "Buy" or any similar terms.
- Printed out the Displayed Page, which is attached hereto.
- Explored the entire website to which the Displayed Page belongs, looking for advertising of any kind.
- If any advertising was found anywhere in the website, I have written a narrative that describes how I found the advertising, including the links that were clicked in order to reach the advertising.
- I have printed out and attached hereto any pages that were accessed by one click from the Displayed Page (within the website and outside the website) that contained any advertising of any kind.
