### **SWEETHEART SWINDLE**

"20/20" takes viewers inside an all-time classic con, right out of a Hollywood script – a game of deceit and double dealing starring a mild-mannered millionaire who went looking for love in all the wrong places. Ralph Raines, a quiet and socially awkward heir to a \$15 million fortune built by his father, was a simple man living alone on his family's tree farm in Oregon. Ralph had little use for money; what he really wanted was a family – a loving wife, a child of his own.

Among his hobbies -- an interest in the occult. So he thought it was good fortune when a psychic reader named Rachel Lee came to town. Over time, Ralph will reveal everything about his desperate desire for companionship... and his family's money. That was the beginning of an intricate, decade-long scam hatched by Rachel Lee. Before the feds could bust the scam wide open, there would be millions spent on expensive homes and cars, first-class trips around the world, and the mysterious child who Ralph believed was his son.

From reports and interviews, we have learned that many who are transgender identify being in the "wrong body" at a young age. "What Would You Do?" is at a hair salon where a young girl tells her mother that she wants her hair cut short because she feels like a boy on the inside. How will bystanders react?
- A mom coaches her clearly musically gifted son through playing the guitar, yet nothing the child does is good enough. How will bystanders react?
- A couple plans a romantic dinner at a nice restaurant but they instead encounter an overly flirtatious server. The server is an actor as is the target of the server's affection. What response will this flirting illicit from the target's significant other? "What Would You Do?" hidden cameras will be rolling while we test one of the most basic human instincts – jealousy.
- Three teenage girls come into an ice cream shop together and one is a little bigger than the other two. The thinner two criticize their "friend" and tell her she really should order low-fat frozen yogurt because if she wants to continue hanging out with them she better not get any fatter. How will other customers react?
