Today on Insight, John and Josh Rosenstern discuss the Word of God is eternal and what the Bible says is going to happen, will happen. A recent survey of US Jewish college students finds that 40-percent of the students feel they must hide their Jewish heritage because they do not feel safe in America. The war against Israel by Hamas has sparked more wicked and evil Antisemitism around the world. Brother Josh says this is similar to the hatred that escalated to horrific heights in the Holocaust. Brother John says he believes this increase in worldwide Antisemitism is shaking Jews to return to Israel, because they no longer feel safe where they are. According to the FBI, a recent Homeland Security warning has been released that there is a growing threat on US soil for increased hate crimes and terroristic activities.
