- (c) Attached is information regarding the total number of interviewees for each vacancy and the referral source for each interviewee for all full-time vacancies filled in the unit during the two most recent EEO Public File Reports.
- (d) Points below will document Wilderness' recruitment initiatives, mentoring programs and training for staff as well as unit personnel involved during the periods covered in the two most recent EEO Public File Reports. There are 26 full time employees in the Unit and the Lafayette DMA has a population of over 250,000 people. Therefore, the employment unit is required to perform four initiatives within a two-year period.

Participation in Job Fairs:

- The University of Louisiana at Lafayette Spring Career Fair, February 10th, 2017
- The South Louisiana Community College Spring Career Fair, April 5th 2017
- The Lafayette Economic Development Authority Job Fair, May 9th 2017
- The University of Louisiana at Lafayette B.I. Moody School of Business', "Business and Breakfast Gathering" April, 10th 2017
- The University of Louisiana at Lafayette Spring Career Fair, February 28th, 2018
- The University of Louisiana at Lafayette Fall Career Fair, September 25th, 2018
- The Lafayette Economic Development Authority Job Fair, May 8th 2018
- The University of Louisiana at Lafayette Student Athlete Career Networking Night, September 25th, 2018
- KLWB personnel involved in these initiatives included a rotation of upper management including the General Manager, VP of Television, Traffic Manager and Office Manager.
- KLWB has an established relationship with the University of Louisiana at Lafayette and offers an ongoing internship for students to receive credit through the accredited university program. In 2017 four students participated and in 2018 five students participated.

- (e) The employment unit is not aware of any pending or resolved discrimination complaints filed against the employment unit during the period of time covered by this response on the basis of race, color, religion, national origin, or sex.
- (f) During the time period covered by this response, points below will describe the responsibilities of each level of unit management responsible for implementing Unit EEO policies and describe how the Unit has informed employees and job applicants of its EEO policies and program:
- Management has clearly posted, in an area accessible to all employees, the latest EEO Labor Laws to be reviewed by anyone at any time.
 - Each level of Management, be it Administrative, Sales, Traffic, Production or Engineering all provide a job description for open positions with essential functions and qualifications set forth. This document is posted on all recruiting sources used by Wilderness and also on station websites.
 - Periodically in management meetings with department heads, the stations hiring practices are discussed. Postings are cycled through one person in Administration for review ensuring proper EEO disclosures.
 - Management has open communication with the head of the Louisiana Association of Broadcasters to solicit recruitment assistance. In each case, the station's EEO policies are fully disclosed.
 - From time to time Management will speak at Senior level communication classes at the University of Louisiana at Lafayette and encourage all students to apply for open positions after graduation. The station member in attendance hands out business cards to each and every student in the class.
 - At job fairs and career networking events, various members of management will be available to answer questions attendees may have.
- (g) During the time period covered by this response, points below will describe the Unit's efforts to analyze its EEO recruitment program to ensure that it is effective and address any problems found as a result of analysis:
- Management will, on occasion, convene to examine copy used on ads if the number of applicants is not up to expectations. Adjustments will be made to the copy accordingly.
 - After job fairs, evaluations are made on what can be done better to attract applicants. Whether it includes providing further hand outs and information or if we can improve aesthetics to attract more people.
 - In hosting interns, an agenda is laid out by management encouraging participation and interactively with as many departments as possible. Our goal is to make the interns experience one which is positive and educationally worthwhile.
 - In developing job descriptions and final postings, the management team is interactive in crosschecking information. There are from time to time, omissions of information that are detected and corrections are made.
 - One of the problems we face (depending on the position) is receiving an over-abundance of resumes on line that pick up key words. We are diligent to check them out, however it is difficult to assess every single one.
- (h) During the time period covered by this response, points below will describe the Unit's efforts to analyze periodically its measures taken to examine pay, benefits, seniority practices, promotions and selection techniques to ensure that Wilderness provides equal opportunity and has no discriminatory effect:
- Wilderness makes every good faith effort to insure everyone is treated fairly in our workplace. This includes meritorious measures and disciplinary measures.
 - Regarding Account Executives, outside call in leads are distributed on a rotational basis with all AEs. Everyone is treated fairly in this regard.
-

- Communication is close between all department heads. Management meets with employees on a regular basis to evaluate performance based on expectations. Accountability tools and Customer Relationship Management tools are used to document activity.
- A company goal of Wilderness is to develop and retain people. There are promotions from within the company based on ability and merit. In each case an evaluation is made and compensation is adjusted fairly within bounds of the company's business model.
- Compensation is examined on an annual basis, however there are no built-in cost of living raises for anyone.
- Selection techniques are consistent. A minimum of two interviews are conducted with candidates that have shown a reasonable aptitude for the position available. In most cases a third interview is needed to complete the hiring process.

The employment unit is not party to any union agreements.

(i) Wilderness is not a religious broadcaster.

4. None of Wilderness' stations are covered by a time brokerage agreement.

Regarding KLWB TV, Wilderness Communications, Facility ID 82476, Tom Poehler is the station representative that can be contacted for this audit response. E-mail, tpoehler@deltamediacorp.com.

I certify the accuracy and correctness of the information provided in this response to EEO Audit.

Respectfully submitted,

Eddie Blanchard
Vice President

KEITH: So Krista, what was it that made you except a job here at Delta Media.

KRISTA: So I recently graduated from college and I wanted my first job to be exciting, challenging and a place where I can continuously learn about the world of marketing and that's exactly what it's like here at Delta Media. I am trained by great managers who have over 70 years of media experience combined and I'm able to work with local businesses to make marketing campaigns using radio, TV and all sorts of digital aspects.

KEITH: And what do you like most about working here.

KRISTA: Every single day is different. I've been working here for over a year now and I can honestly say that no two days have been the same and that's what makes it so exciting. You're never bored and the best part is there's no limit to the amount of money you can make. I'm literally making more money than I ever expected.

If you're interested in working with the only multi Media Marketing company in the area send your resume to Shanae@deltamediacorp.com. That's Shanae@deltamediacorp.com.

Delta Media is an equal opportunity employer.
