

**WNSX/Winter Harbor, ME
Issues and Programs List
Q4 2022**

WNSX(FM) addresses important community issues in its service area primarily through its extensive local news coverage. WNSX broadcasts full five-minute, locally originated newscasts seven times daily, Monday-Friday, between the hours of 6:00 am and 9:05 am, and four-minute newscasts four times daily, Monday-Friday, between 12:00 noon and 6:05 pm.

Additionally, WNSX airs free public service announcements for area non-profit organizations in excess of 75 times per week.

Along with the above, WNSX ("Star 97.7") frequently broadcasts live from fundraising events for non-profits. Oftentimes these events are initiated by WNSX to assist these organizations in their efforts to provide services to the public. Here are some of the public service events and broadcasts that took place on our air in the fourth quarter of 2022:

10/29/22 – **Star 97.7/Downeast Family YMCA "Trunk or Treat"** – A three-hour live broadcast from the Downeast Family YMCA in Ellsworth, inviting children and their families to trick-or-treat in a single, safe environment: their local YMCA. Star 97.7 is the originator and co-sponsor of this annual non-profit event. (2pm-5pm)

11/19/22 – **Ellsworth Rotary Food Drive** – A three-hour live broadcast from the centrally-located Ellsworth Hannaford supermarket. Listeners are asked to come by and donate non-perishable food items that will be given to food banks within the Star 97.7 service area. (10am-1pm)

12/3/22 – **Downtown Ellsworth Christmas Parade** – A two-hour live broadcast from this annual event, which was held at a new time this year. Star 97.7 broadcasts prior to the parade to help attract a crowd, then participates in the parade itself with the station vehicle and staff members. (3pm-5pm)

The following list details news stories broadcast on WNSX which address the most significant issues identified by WNSX in its service area: Drug Use and Abuse, the Economy, Education Issues, Employment/Underemployment, the Environment, Health, and Political Issues. Dates and times of the morning and midday broadcasts are noted. Many of these stories also air in afternoon newscasts. News stories average 30 seconds in length.
