RECENT SEARCHES PERFORMED ON A MARION COUNTY NEWSPAPER -- HOUSE MINORITY LEADER VIC MILLER SAYS HE PLANS TO DRAFT A BILL REQUIRING ANY SEARCH WARRANT BE SIGNED BY A DISTRICT JUDGE -- NOT A MAGISTRATE JUDGE... WHICH WAS THE CASE IN MARION COUNTY. IN KANSAS -- MAGISTRATE JUDGES DO NOT HAVE TO BE LAWYERS, AND HAVE LIMITED JURISDICTION... MILLER SAYS HIS INITIAL EFFORTS WON'T SOLVE THE PROBLEM -- BUT WILL KEEP THE STORY ALIVE..."My first reaction was 'How could that happen?' My second reaction was 'What can we do to make sure that does not happen again?' because it is intolerable that it ever occurred. It will have some lasting damage as it relates to chilling what we all believe in as a free press." THE KANSAS LEGISLATURE RETURNS TO SESSION IN JANUARY....

A NEW POLICY WILL REGULATE HOW ARTIFICIAL INTELLIGENCE IS USED WITHIN THE STATE GOVERNMENT... LAWMAKERS SAY THE TECHNOLOGY IS ALREADY HERE AND DOES PRESENT A NUMBER OF BENEFITS, BUT THEY NEED TO USE IT CAREFULLY... THE GENERATIVE ARTIFICIAL INTELLIGENCE POLICY OUTLINES *HOW STATE AGENCIES AND EMPLOYEES CAN USE A-I IN THEIR WORK... IT STIPULATES THAT RESPONSES GENERATED BY A-I ARE REVIEWED FOR THINGS LIKE ACCURACY, PRIVACY, AND SECURITY BEFORE IMPLEMENTATION OR DISSEMINATION... OFFICIALS HAVE A POSITIVE OUTLOOK ON THE FUTURE OF A-I IN KANSAS. But we do see it is really kind of a work productivity enhancer you know it'll be another tool and tool belt so staffs, whether business staffs or IT staffs, really enhance what they're doing to move a little bit quicker. You know, as we see the capabilities to help... help make this, not make final decisions, but possibly help steer folks in the right direction. THIS POLICY ONLY APPLIES TO STATE AGENCIES AND EMPLOYEES-- IT DOES NOT IMPACT PRIVATE CITIZENS.

() SHAWNEE COUNTY PARKS AND REC ARE GETTING CREATIVE TO CLEAR WEEDS AND BRUSH FROM LINDBLOOM PARK...MARY POWELL WORKED WITH THE COUNTY TO BRING HER SEVENTY SEVEN GOATS TO GRAZE THE AREA... PARKS AND REC RECENTLY ACQUIRED THE FRONTAGE ROAD THAT GIVES ACCESS TO THE PARK-- BUT THE AREA HAD BECOME OVERGROWN WITH VEGETATION... POWELL SAYS THE GOATS HAVE NO PROBLEM ON THE STEEP TERRAIN, AND LOVE THE BUFFET OF WEEDS AND BRUSH... if we get into some rough terrain here it would be you could tip a tractor over pretty easy. They are pretty hungry. Now here since this morning they kind of they get out and they go nibble around check the check the buffet, and then they'll go out and eat we've been talking with other departments over the years about use of goats for brush clearing and and we were just discussing it a couple of weeks ago and thought heck that this might be a good place to try it out. So just a couple of Google searches and came upon someone that was real receptive and here she is. THIS IS JUST A PILOT PROJECT FOR NOW-- BUT IF ALL GOES ACCORDING TO PLAN, SHAWNEE COUNTY COULD RELY ON GOATS FOR PROJECTS LIKE THESE IN THE FUTURE...

ALONG WITH THE JOYS OF SUMMER COMES A PAINFUL TRUTH... PEOPLE WHO SUFFER FROM MIGRAINES MAY FIND THEMSELVES SUFFERING EVEN MORE DURING THE WARMER MONTHS.. MICHAEL GEORGE HAS THE STORY...ADRIANNA VARGO STARTED GETTING MIGRAINES AS A TEENAGER - AS MANY AS 10 A MONTH. TIGHTNESS OR PRESSURE IN THE HEAD WORSENS INTO NAUSEA AND FATIGUE. (vargo) it almost feels like going to sleep is the only thing that is going to make you feel better essentially SUMMERTIME BRINGS A TURN FOR THE WORSE. (vargo) it's definitely the change of pressure and it just starts to kind of build up// then the next day when you wake up, you have the migraine. EMAD ESTEMALIK (eh-MOD es-tay-MAL-ick) IS VARGO'S DOCTOR AT THE CLEVELAND CLINIC. HE SAYS THE THREE MAJOR SUMMERTIME FACTORS ARE EXTREME TEMPERATURE, MOISTURE, AND PRESSURE. (Dr. Estemalik) our sinuses are interlinked with our brains and think about the sinuses as, you know, vacuums of air. Anytime you disrupt that vacuum, you create an unequal or disequilibrium in pressure. It can trigger these migraines for a lot of patients (Bridge) Migraine treatments include dietary adjustments as well as medication and botox. Without them, patients may find the symptoms debilitating. (estemalik) what you'll hear from a patient is, I'm just bedridden or I just can't function, or I can't take care of my children or I can't go to work VARGO GETS BOTOX INJECTIONS EVERY THREE MONTHS TO BLOCK PAIN SIGNALS. (vargo) For me-- it was life changing// I can go months without getting a single migraine now. WHICH IS WHY DOCTORS SAY IT'S SO IMPORTANT TO GET PROFESSIONAL TREATMENT. SO THAT SUMMER TIME DOESN'T BECOME A BIG HEADACHE. DOCTOR ESTEMALIK SAYS AS MANY AS 20-PERCENT OF WOMEN GET MIGRAINES AND UP TO 8-PERCENT OF MEN.....

() TODAY MARKS 60 YEARS SINCE THE HISTORIC MARCH ON WASHINGTON BROUGHT THOUSANDS OF ACTIVISTS TO OUR NATIONS CAPITAL-- ONE OF WHOM LIVES RIGHT HERE IN TOPEKA.... 13'S CALLIE HOLTHAUSE BRINGS US HER STORY...there's 1000s of people mostly sitting on the grass. Lots of conversations people mingling, not necessarily that they knew each other but they they all had a common purpose in being there. BARBARA LEAVAL-RUNGE WAS JUST 17 YEARS OLD WHEN SHE JOINED ALONGSIDE THOUSANDS OF OTHER ACTIVISTS IN THE 1963 MARCH ON WASHINGTON... SHE SAYS HER UPBRINGING NEVER LED HER TO SUBSCRIBE TO RACIST BELIEFS... And I grew up sitting at a table with black and white. didn't realize that was not normal because it still wasn't. And that was just the way the way I experienced life. RUNGE WAS ABOUT TO START SEVENTH GRADE WHEN THE BROWN VERSUS BOARD OF EDUCATION DECISION DESEGREGATED SCHOOLS... And that morning before I left for school, my dad said, things could be ugly today at school. Do what you know is right. *THAT DAY SHE WAS THE ONLY WHITE STUDENT IN HER CLASS OPENLY WILLING TO SIT NEXT TO THEIR NEW BLACK CLASSMATE-- A GIRL NAMED PINKY THAT SHE'D KNOWN FOR YEARS... And I just said I'll sit with Pinky. I know her and she's my friend. She started to cry. And she said, I was so scared. And I started to cry too. But I said you can't cry because they win if you cry* OVER TIME RUNGE BECAME INTERESTED IN THE WORK OF DR. MARTIN LUTHER KING JR-- SHE WAS A SENIOR IN HIGH SCHOOL WHEN SHE CAUGHT WIND OF THE MARCH... every Saturday of my senior year I was going to school learning how to protest because basically, as a white girl, I didn't really know how to protest. I guess I thought you just kind of stood up and let people know what you thought. And I found that that's not the way it works. You actually don't do that what you do it is by your presence along because being white in a sea of black people mean something, ALONG THE WAY SHE MET MISS EMMA-- A BLACK WOMAN WHO

WOULD BECOME RUNGE'S CHAPERONE TO THE MARCH AND LIFELONG FRIEND... TOGETHER, THEY EMBARKED ON THE JOURNEY FROM KANSAS CITY TO WASHINGTON D.C.... a lot of people along the way to stop us or disruptive and we miss Emma would hold my hand and she said don't use don't look at them. Don't say anything. Just keep walking just keep walking. And that's what we did. We just kept walking. FOR 13 NEWS, I'M CALLIE HOLTHAUS...() RUNGE CONTINUES TO ADOVCATE ANTI-RACISM TODAY...

about things you can do in advance so that we dont have any tragedies... SOME TIPS FROM THE NATIONAL ALZHEIMER'S ASSOCIATION INCLUDE KEEPING YOUR LOVED ONE WELL HYDRATED, FED, OUT OF THE SUN AND IN LOOSE, COMFORTABLE CLOTHING... so hydration is a huge deal one of the main things i tell my staff is fluids its make or break it can cost somebody their life you get dehydrated your kidneys stop working it can affect other parts of your body so it is life threatening by not bveing able to have all the fluid you need then you add the heat to it its going to dehydrate you even faster... we make sure that they're dressed appropriately, we prompt fluid intake all day we encourage popsicles, we stay inside in the midday hours when its hottest... HEALTHCARE PROVIDERS SAY ITS IMPORTANT TO LOOK OUT FOR SIGNS YOUR LOVED ONE MAY BE UNCOMFORTABLE AND POSSIBLY OVERHEATED... so all of the signs that we first see are they have increased confusion, they're more tired a lot of the elderly population they don't sweat as much as the younger generation do so thats not really a sign that we can catch when someone actually wanders from home the main reason isn't because they want to get up and walk out the door the reason they are wandering is because something is wrong so what we want to make sure is that we're tending to that person on a regular basis and checking are they agitated...so lok at whats different and what we want to make sure that we do is that we keep that person in a very safe place... THE BEST THING YOU CAN DO??? listening is the best thing you can do with your loved one...you can be very simple when you're taking care of your loved one and just being together and touching that person and holding their hand, listening, putting on some music that you know that they loved when they were younger. all of those things are things that you can do anytime whether it's cold or hot outside...() IN CASE OF AN EMERGENCY OR IF YOU HAVE QUESTIONS -- YOU CAN CALL THE NATIONAL ALZHEIMERS ASSOCIATION HELPLINE 24 HOURS A DAY. WE HAVE THAT NUMBER POSTED ON OUR WEBSITE...

() IT'S BEEN A HOT FEW DAYS IN TOPEKA AND NORHTEAST KANSAS ... THE HEAT IS EVEN MORE OF A FACTOR FOR OUR FIREFIGHTERS... 13's PHIL ANDERSON TAKES A LOOK AT WHAT TOPEKA FIRE CREWS ARE DOING TO KEEP SAFE IN THE SWELTERING SUNSHINE. TOPEKA FIREFIGHTERS ARE FEELING THE HEAT THESE DAYS ... WITH TRIPLE-DIGIT TEMPERATURES EXPECTED TO LAST FOR MOST OF THIS WEEK, CREWS ARE TAKING PRECAUTIONS TO STAY SAFE WHILE THEY'RE ON THE JOB ... :12-19, JAKE FRENCH-- 29 WE ACTUALLY WANT TO START THE DAY BEFORE ... IT'S IMPORTANT FOR ALL OF US TO BE HYDRATING THE DAY BEFORE ... THEY'VE DONE A LOT OF STUDIES AND WHAT THEY'VE FOUND IS JUST FOR FIREFIGHTERS TO BE AT A MINIMUM HYDRATION, WE NEED A GALLON OF WATER A DAY ... THAT'S NOT INCLUDING RUNNING FIRES, RUNNING MEDICAL CALLS... WE HAVE A LARGE HOMELESS POPULATION SO WE DEAL WITH A LOT OF HEAT EMERGENCIES WITH THEM OUTSIDE ... SO EVEN ON EMS CALLS ... WE'RE SWEATING ...DEHYDRATING ... SO IT ALWAYS STARTS THE DAY BEFORE WITH A LOT OF HYDRATION ... :41, PHIL FIREFIGHTERS ALSO DO ALL THEY CAN TO DO ALL THEY CAN TO GET USED TO THE HIGH TEMPERATURES AND HUMIDITY ... :47, FRENCH I KNOW WE ALL TRY TO REALLY ACCLIMATE OURSELVES TO THE HEAT ... WE DON'T JUST TRY TO SIT AROUND IN THE A-C ALL DAY ... THAT INCLUDES ON OUR DAYS OFF ... WE DO ACTUALLY TRY TO GET OUTSIDE, WORK OUT IN THE HEAT ... SO WE ACTUALLY STAY ACCLIMATED TO IT ..., :57, PHIL WHEN RESPONDING TO A CALL, STEPS ARE TAKEN TO ENSURE FIRE CREWS REMAIN SAFE ... 1:06-1:16 JASON BROADBENT THE BIGGEST THING WE DO IS THE INCIDENT COMMANDERS, WHEN THEY'RE ON THESE FIRES, WITH ALL OF OUR CREWS, IS THEY JUST PAY ATTENTION TO HOW EVERYBODY IS DOING ... ONE OF

THE FIRST THINGS THEY'LL DO IS THEY'LL CALL FOR MORE RESOURCES, SO WE GET MORE PERSONNEL THAT'LL SHOW UP ON THAT SCENE ... A TYPICAL FIRE, THESE GUYS WOULD GO THROUGH TWO AIR BOTTLES ... IN HEAT LIKE THIS, WE LIMIT THAT TO ONE ... AND SO WE TRY TO CYCLE CREWS IN FASTER ON THOSE SCENES SO THAT IT'S NOT SO MUCH STRESS ON ONE INDIVIDUAL COMPANY ... 1:27, PHIL IN ADDITION TO FIGHTING FIRES, CREWS ALSO RESPOND TO HEAT-RELATED MEDICAL INCIDENTS ... 1:34, BROADBENT IT'S BEEN HEAT EMERGENCIES IS THE BIG THING THAT WE'RE DEALING WITH ... SO, LIKE JAKE TALKED ABOUT, THE HOMELESS POPULATION, WE'RE DEALING WITH A LOT OF THOSE HEAT EMERGENCIES WITH THOSE FOLKS FIRE-WISE, IT'S BEEN PRETTY QUIET ... WE HOPE IT STAYS THAT WAY THROUGH THIS HOT SPELL ... 1:46, PHIL INCIDENT COMMANDERS PLAY A BIG ROLE IN KEEPING FIREFIGHTERS SAFE ... 1:55, BROADBENT HE'S GOING TO MAKE SURE THAT THEY ARE PERFORMING THE WAY THEY'RE SUPPOSED TO PERFORM ... AND IF HE SEES SOMETHING THAT DOESN'T LOOK RIGHT, HE'LL STEP UP AND SAY SOMETHING ... THEY CAN ALL TAKE THEMSELVES OUT AT ANY POINT AND THEN THAT'S THE INCIDENT COMMANDER'S JOB IS TO MAKE SURE TAHT WE HAVE PEOPLE THERE TO KEEP THEM SAFE AND PROTECT THEM ... 2:05, PHIL THE LENGTH OF THIS HEAT SPELL, NOW IN ITS SECOND WEEK, ALSO IS TAKING A TOLL ON FIREFIGHTERS ... 2:11, BROADBENT SO THE LONGER WE GO THROUGH THIS HOT SPELL, THE HARDER IT IS ON OUR PERSONNEL ... IT'S HARD ON THE PUBLIC ... BUT IT'S HARDER ON THEM ... SO THEY WORK THAT THREE-DAY CYCLE WHERE THEY'RE 24 ON, 24 OFF, FOR FIVE DAYS... BY THE END OF THAT PERIOD, SHAWNEE COUNTY IS WELCOMING PEOPLE TO COOLING CENTERS THROUGHOUT THE COMMUNITY AS WE FACE AN EXCESSIVE HEAT WARNING THROUGH THURSDAY...ALL OF THE COUNTY'S COMMUNITY CENTERS ARE OPEN AS COOLING CENTERS -- FROM 9 A-M TO 7 P-M THROUGH FRIDAY... PARKS COMMUNICATIONS SUPERVISOR MIKE MCLAUGHLIN SAYS THE ABNORMAL HEAT CALLS FOR OUT-OF-THE-BOX MEASURES..."This has been an unusual summer for us. This is the second time we've opened the community centers as cooling centers, when we had several days worth of 100 degree temperatures. Of course, we want to keep the community safe. some people may not have air conditioning at home, and some maybe their air conditioner goes out." MCLAUGHLIN NOTES THAT THE COMMUNITY CENTERS HAVE GAMES, GYMNASIUMS, COMPUTER CENTERS AND OTHER ACTIVITIES TO KEEP PEOPLE BUSY...

GOVERNOR LAURA KELLY SAYS SEVERAL DOZEN KANSAS COUNTIES ARE STILL DEALING WITH SERIOUS DROUGHT CONDITIONS. THE KANSAS WATER OFFICE SAYS ANY COUNTIES UNDER EMERGENCY ARE ELIGIBLE TO USE WATER FROM CERTAIN STATE FISHING LAKES AND SOME FEDERAL RESERVOIRS..... HEART DISEASE IS THE LEADING CAUSE OF DEATH FOR WOMEN IN THE U-S, BUT THE CDC SAYS HALF OF WOMEN ARE UNAWARE OF THAT FACT.... FEDERAL STUDENT LOAN PAYMENTS ARE SET TO RESUME -- THE PANDEMIC PAUSE FOR MANY BORROWERS HAS BEEN LIFTED, WITH THE COURTS STRIKING DOWN A DEBT FORGIVENESS PROGRAM.... 13'S ALEX CARTER IS IN THE NEWSROOM TO EXPLAIN WHAT THIS MEANS FOR THOUSANDS OF KANSANS... INTEREST RATES ON FEDERAL STUDENT LOANS BEGAN ACCRUING TODAY.... AND WHILE PAYMENTS WON'T OFFICIALLY RESUME UNTIL NEXT MONTH - AN EXPERT I SPOKE WITH TODAY AT WASHBURN UNIVERSITY SAYS NOW IS THE BEST TIME FOR BORROWERS TO EVALUATE THE DIFFERENT REPAYMENT OPTIONS THAT THE FEDERAL GOVERNMENT OFFERS... IT'S BEEN MORE THAN THREE YEARS SINCE MANY BORROWERS HAVE HAD TO MAKE PAYMENTS ON THEIR FEDERAL STUDENT LOANS... AS PAYMENTS ON THOSE LOANS START BACK UP - DOCTOR ALAN BEERMAN AT WASHBURN UNIVERSITY SAYS HE WORKS WITH CURRENT AND FORMER STUDENTS SO THEY'RE AWARE OF THE DIFFERENT PAYMENT PLANS... "I think the key when you take out a student loan.. the best model is to pay very careful attention to the many different programs the federal government offers... and then come and ask for help if you need help. because there's a lot of people here in the financial aid office here and elsewhere who can help you." MANY BORROWERS HAVE A STANDARD TEN - YEAR REPAYMENT PLAN... BUT THE FEDERAL GOVERNMENT RECENTLY INTRODUCED THE "SAVE PLAN" - WHICH AIMS TO LOWER MONTHLY PAYMENTS... "What the Biden administration is trying to do now... and has really been long-term policy at the federal government level, is try to limit the out of pocket expense students have.. graduates have. so students or graduates who have student loans need to pay very careful attention, sign up early, make sure they're on the appropriate mailing list, sign up early and sign up for the right plan for them." DOCTOR BEERMAN SAYS HIS OFFICE ALSO WORKS WITH STUDENTS TO MAKE SURE THEY CAN AVOID TAKING OUT STUDENT LOANS WHEN POSSIBLE... "We try to be very proactive... and especially for Shawnee County students, we want to make sure they're fully aware of the "Together We Thrive" project, where they can get a promise grant scholarship or a thrive scholarship that can be transformational for them. It can avoid loans

altogether." TO KNOW WHERE YOU STAND AND WHAT PROGRAMS MIGHT HELP YOU -- START BY LOGGING INTO YOUR STUDENT AID -dot- GOV ACCOUNT, AND FINDING YOUR LOAN SERVICER... DOCTOR "BEERMAN" SAYS WASHBURN GRADUATES HAVE THE LOWEST AMOUNT OF STUDENT LOAN DEBT OF ANY COLLEGE IN THE STATE...

EXPERTS SAY TODAY'S DISCUSSION WILL HELP LAWMAKERS UNDERSTAND PUBLIC HEALTH AS THEY MAKE POLICY DECISIONS... it is very important not only to solidify what we know that vaccines do prevent diseases, but also to provide information to families information to clinicians strategies on how to approach this topic when talking to families, especially in communities. We have communities that are very rural communities that are urban, it's very different from area to area. 07/01/23 **48 HOURS: "Death on Safari"** (9:00 – 10:00p) - a report on the death of Bianca Rudolph, which occurred while she was on a safari vacation with her husband, Dr. Lawrence (Larry) Rudolph, and the international investigation that followed. The Rudolphs were getting ready to head back home after a safari vacation in Zambia in October 2016 when Bianca suffered a fatal gunshot wound to the chest. The couple were experienced hunters. Larry, a successful dentist with several offices near Pittsburgh, PA, told local authorities that he was in the bathroom of the couple's two-room cabin when he heard a shot and found his wife dead in the next room. Larry said his wife was packing up a shotgun in a soft-shell gun case; he first told a local hunting scout that his wife had died by suicide, but later told investigators that the gun must have accidentally fired. After two days of investigating, Zambian police closed the case, calling it an accident. There were questions early on about how Bianca could have accidentally shot herself in the chest with such a long-barreled weapon. Larry had his wife's body quickly cremated in Zambia, which led a friend of Bianca's to doubt this was an accident. Soon after Bianca's death, the friend called the FBI. According to an FBI complaint, she also said Larry was having an affair with Lori Milliron, who managed the dental offices, and that Larry had been verbally abusive to Bianca; the friend also told the FBI that the couple fought over money. It took investigators five years to investigate the case. In December 2021, Larry was arrested for the murder of his wife; he maintains his innocence. Lori was arrested in February 2022 and faces seven federal counts. Original on-screen text graphic: The joint trial of Lawrence Rudolph and Lori Milliron is scheduled to begin in July. 07/01/23 **48 HOURS: “The Suzanne Morphew Case: Nothing Is What It Seems”** (10:00 – 11:00p) – a report on the disappearance of Suzanne Morphew and the case against her husband Barry Morphew. The Salida, CO mother of two vanished on Mother's Day 2020, days after telling her husband she was “done” with their marriage. Police initially thought she was taken while riding her mountain bike, but also considered her husband. Over the course of the investigation, bizarre clues emerged: a spy pen that was able to record conversations, a chipmunk alibi and a tranquilizer gun. The spy pen was originally given to Suzanne to record Barry but backfired when it recorded a conversation between Suzanne and Jeff Libler, a Michigan man Suzanne was having an affair with; he was eventually cleared of any wrongdoing. Records revealed Barry's cell phone pinging all around the Morphew home on Mother's Day weekend 2020, which he maintained was because he was chasing and shooting at chipmunks. Also discovered in the couple's dryer was a plastic cap to a syringe used to load a tranquilizer dart; no working tranquilizer rifle was found in the home, but Barry admitted to being an experienced tranquilizer dart gun shooter. Tests revealed the cap had Suzanne's DNA on it, not Barry's. Investigators also uncovered DNA on the glovebox of Suzanne's Range Rover, which traced back to an unknown male connected to three sexual assaults. Even though Suzanne's body was never found, police relied on the circumstantial evidence they gathered, Barry's suspicious behavior and contradictory statements, scratches seen on his left arm when Suzanne disappeared, the vehicle forensics evidence and Suzanne's disturbing texts, and arrested Barry in May 2021 for first-degree murder and other charges; Barry pled not guilty. In September 2021, a judge ruled there was probable cause to go to trial. Suzanne and Barry's daughters – Mallory and Macy – stand firmly behind their father. 04/30/22 UPDATE: Judge Ramsey Lama replaced Judge Patrick Murphy. Barry Morphew's homicide trial was set to begin on April 28th, 2022. In April 2022, Judge Lama ruled that prosecutors repeatedly had missed deadlines and had failed to turn over important information in the discovery phase. On April 19th, 2022, as a pre-trial hearing was about to begin, District Attorney Linda Stanley filed a motion to dismiss the murder charges against Barry Morphew without prejudice, meaning the case could be refiled at a later date. In her motion for dismissal, DA Stanley told the judge that officials believe investigators are close to discovering the location of Suzanne Morphew's body. Defense attorney Iris Eytan denies Barry has any involvement in his wife's disappearance. Original on-screen text graphic: Judge Patrick Murphy disqualified himself based on a potential conflict of interest involving a possible witness. A new judge has been appointed. Barry Morphew's murder trial is scheduled for May 2022. The Morphew defense team has requested a change of venue. She would have turned 51 years old. **On-screen text graphic for the 07/01/23 rebroadcast:** Suzanne Morphew's body has never been found. 07/08/23 **48 HOURS: “The Ring: The Murder of Patrick De La Cerda”** (9:00 – 10:00p) - a report on the February 27th, 2018 murder of Patrick De La Cerda, who was expecting a delivery of an engagement ring for his fiancée, Jessica Devnani. De La Cerda was shot four times in the doorway of the home he shared with his father on the outskirts of Deltona, FL. The investigation exposed a meticulous murder plan crafted by a man jealous of the couple's relationship: Devnani's ex-boyfriend, Gregory Bender, who had been harassing the couple. Since Bender violated the restraining order the couple had against him by telephoning Devnani the morning of De La Cerda's murder, he was arrested. A February 28th, 2018 search of Bender's home led to the discovery in a trash can of several handwritten pages with a map of the murder scene and details of how to conceal the crime. Less than 48 hours after De La Cerda's death, Gregory Bender was arrested for murder in his front yard, after being released from the Orange County Jail. The trial included testimony from Bender's ex-wife, Daymara Sanchez, about the murder plan; Bender's defense insisted that the murder plan did not equate to guilt. The jury found Bender guilty of the charge of first-degree murder. In Florida, a conviction of first-degree murder carries an automatic life sentence without parole. Original on-screen text graphic: Gregory Bender's attorneys say they plan to appeal his conviction. They contend the search of his house that produced the murder plan was illegal. 07/08/23 **48 HOURS: “The Case Against Michael Politte”** (10:00 – 11:00p) - a report on Michael Politte, who was 14-years-old when he was charged in 1998 with murdering his 40-year-old and recently divorced mother, Rita Politte. Rita died after being hit on the head and set on fire in her Hopewell, MO home. In January 2002, Michael went on trial; he was convicted and sentenced to life in prison for the murder, though he maintained his innocence. Michael asked his father, Edward Politte, for help and he refused. Five years after his conviction, the Midwest Innocence Project agreed to take his case and worked on it for years; eventually attorneys Tricia Bushnell, Megan Crane and Mark Emison became involved. Michael spent nearly 20 years in prison before a 2021 bill passed in Missouri made him eligible for parole. On April 22nd, 2022, Michael was released from prison on parole. Now 38-years-old,

Michael claims to know who is responsible for killing his mother: his father, Edward, who hired his cousin, Johnny Politte, to murder his ex-wife over the financial terms of the divorce. The investigation into Rita Politte's murder has been reopened. Original on-screen text graphic: Earlier this month, Washington County Prosecutor Josh Hedgecorth lost his bid for reelection. Separately, the Missouri Supreme Court has temporarily halted Hedgecorth's effort to overturn Politte's conviction. **On-screen text graphic for the 07/08/23 rebroadcast:** Washington County Prosecutor Josh Hedgecorth lost his bid for re-election. 48 HOURS: "The Disappearance of Kristin Smart" (9:00 - 10:00p) – a rebroadcast of a report (OAD: 11/28/20; 1st Updated Rebroadcast: 05/08/21; 2nd Updated Rebroadcast: 10/22/22) on the 1996 Memorial Day weekend disappearance of Kristin Smart, a Cal Poly college freshman, who attended an off-campus party alone after parting ways with a friend. According to witnesses, she became very intoxicated and was helped home by two students. However, the next morning she was nowhere to be found. Her friends reported the college freshman's disappearance to campus police who were slow to investigate and eventually turned the case over to San Luis Obispo, CA sheriffs. Suspicion turned to Paul Flores, one of the students who helped Kristin home. A witness saw him with a black eye and scratches on his hands the day after Kristin's disappearance for which he had shifting explanations. Cadaver-sniffing dogs brought to Paul's dorm room all had a reaction, despite it having been cleaned following the end of the semester. Additionally, Paul had a reputation as being aggressive with women. Kristin's parents eventually filed a civil suit against Paul, believing him to be behind Kristin's disappearance and to compel San Luis Obispo sheriffs to look harder at the case. In January 1997, renters of Paul's mother's home found a piece of jewelry in the driveway that allegedly resembled what Kristin was wearing in a photo used in billboards about her disappearance. When the Smart family asked to see it, they learned it had been lost by sheriffs. In March 1997 and then again in June 2000, sheriffs searched the home of Paul's mother, including the yard, but were unable to find Kristin's body or other evidence. The Smart family was allowed to search the property with ground-penetrating radar in 2007, and likewise did not find anything. In 2011, Sheriff Ian Parkinson took over Kristin's case. In 2019, he recovered two trucks that had been owned by the Flores family in 1996. In 2020, simultaneous searches at the homes of all Flores family members were executed. Sheriff Parkinson recovered new evidence that he could not publicly disclose as it was still being investigated. 05/08/21 UPDATE: An important tip came in after a February 2020 search of Paul, Susan and Ruben's properties: four nights later, strange activity was seen at Ruben's house and an eyewitness actually documented the fact that throughout the night, there was activity in the area of the underside of the deck. And during that 2020 search of Paul Flores' home, investigators discovered photographs and videos on Flores' computer showing him engaged in sexual activity with at least ten different women, apparently in various states of consciousness. Also found was evidence that a body had been buried there and recently moved. It is alleged that Paul caused the death of Kristin Smart while in the commission, or attempted rape, of Kristin. Because of the statute of limitations, Paul cannot be charged with rape and was instead arrested on first-degree felony murder charges. Paul Flores and his father both pleaded not guilty to all charges at their arraignment. Ruben Flores was released on \$50,000 bail to his ex-wife and is required to wear an electronic ankle bracelet; Paul is being held on no bail. 48 HOURS: "The Kidnapping of Schanda Handley" (10:00 – 11:00p) – a report on the August 6th, 2017 kidnapping of Schanda Handley, who was taken from her Lafayette, LA home at gunpoint by two individuals posing as deliverymen. About an hour after the kidnapping, Schanda was rescued near Baton Rouge when Deputy Chad Martin pulled over a suspicious white van after a brief pursuit. The two men inside jumped into the Intracoastal Waterway and disappeared; they were later found drowned and identified as Sylvester Bracey and Arsenio Haynes. Schanda implicated her estranged husband, Michael Handley, as the man behind her kidnapping and informed investigators of their once happy but now tumultuous relationship, which included Michael's erratic behavior, threats, stalking and violating a restraining order. After a four-day manhunt, Michael was arrested on August 11th, 2017 in Slidell; he pleaded not guilty to all charges and claimed to have hired Sylvester to move furniture. In March 2018, Schanda and Michael's divorce was finalized. With overwhelming prosecutorial evidence, Michael indicated he was open to a deal hours before the trial was scheduled to start; Schanda accepted his plea of guilty to second degree kidnapping in July 2021. The judge sentenced Michael to 35 years in prison – the maximum penalty – on March 24th, 2022. **On-screen text graphic:** Handley is appealing, saying he was not properly informed of his rights when he pled guilty. 48 HOURS: “Searching for Maya Millete” - a report on the January 2021 disappearance of Maya May Millete, a 39-year-old mother of three young children, from her home in Chula Vista, CA and the case against her husband, Larry Millete. Larry told Maya's family various stories of why his wife was gone, including that they argued and she went hiking. From the outside, the Milletes looked like a happy family, but investigators learned the couple were going through marital problems. On January 7th, the last day she was heard from, Maya made an appointment with a divorce attorney. Investigators also discovered Larry's contact with spellcasters, to have a hex put on Maya so she would remain attracted to him. Before her disappearance, Larry sent a message to a website that claims to cast spells and asked for Maya to be harmed. In October 2021, Larry was arrested; he remains behind bars, awaiting trial. Larry pled not guilty to charges of murder and possession of an assault weapon. He maintains that Maya left on her own and started a life somewhere else – a claim Maya's family and friends strongly refute. The Millete children live at home, in the care of Larry's parents; Maya's family was granted visitation rights in November 2021 and her sister, Maricris has filed a petition for guardianship. In January 2022, a vigil was held to mark the one-year anniversary of Maya's disappearance. 48 HOURS: “The Eye Drop Homicide” (9:00 - 10:00p) – a report on two murders linked to a common chemical found in eye drops – one in South Carolina, the other 12 miles away in North Carolina. (1) On July 21st, 2018 in Lake Wylie, SC, Lana Clayton ran outside to get help for her husband Steve. Neighbor Terry Floyd entered the home and realized Steve was dead. According to Lana, Steve had been feeling ill for days and fell down the stairs due to vertigo. Steve's nephews, Kris Phagan and Nick French, became suspicious of her story; Nick noted Lana, a nurse who worked in several different VA hospitals, did not perform CPR. Additionally, Lana quickly moved to have Steve cremated and insisted he left no will. Unbeknownst to Lana, Kris and Nick requested an autopsy from the local coroner; Steve's toxicology report showed the presence of tetrahydrozoline, an ingredient in eye drops. At first, Lana told the coroner and law enforcement that Steve regularly put eye drops in his coffee to induce bowel movements. Lana soon changed her story and claimed Steve was verbally and physically abusive; she tried to use the eye drops to give him diarrhea, rather than kill him. After a failed suicide attempt, Lana was charged with murder on August 31st, 2018. Prosecutors believed she hoped to inherit all of Steve's wealth by killing him. Lana plead guilty to tampering with food and drugs and voluntary manslaughter. On January 16th, 2020, she was sentenced to 25 years in prison. (2) About three weeks after Lana was arrested, Stacy Hunsucker died in nearby Mount Holly, NC from what appeared to be a heart attack. The state insurance fraud department began investigating her husband, Josh Hunsucker, after they received a complaint from Stacy's mother, Suzie Robinson. Stacy was cremated, but because she was an organ donor a vial of her blood had been collected and stored. Toxicology tests revealed the presence of tetrahydrozoline. On December 19th, 2019, Josh was charged with murder. He remains free on bail. **On-screen text graphic:** Lana Clayton has not been awarded any money from Steve's estate. Elledge told Columbia, MO police that on October 8th, he had gone to sleep with Ji, but when he woke up the next morning she was gone; he believed his wife may have left him and their 1-year-old daughter for a man she had an online relationship with. On October 25th, 2019, police executed a search warrant at their apartment and found a muddy pair of Elledge's boots; he was arrested on suspicion of child abuse the same day police executed the search warrant. Charges of murder in the first degree were filed while Elledge was still in jail on abuse charges. In March 2021, Ji's remains were found buried under a juniper tree; Elledge's boots had several juniper tree needles stuck to the soles; DNA from those needles was linked to the tree directly above Ji's shallow grave, providing prosecutors with the evidence they needed to convict Elledge of her murder in November 2021; he was sentenced to a term of 28 years. Mengqi Ji's daughter now lives with Joe Elledge's mother, but Ji's parents in China are seeking shared custody of the now 4-year-old. **07/29/23 UPDATE:** In December 2022, Mengqi's parents and Joe's mother reached an agreement: the child will spend her summers in China and the rest of the year with Jean. 08/05/23

48 HOURS: “The Psychiatrist and the Selfie” (9:00 – 10:00p) – a rebroadcast of the second updated rebroadcast (OAD: 11/05/22) on the case against Jacob Nolan, who claims his cousin and psychiatrist, Dr. Pamela Buchbinder, brainwashed him into attempting to kill her former lover, fellow psychiatrist Dr. Michael Weiss, during the time the unmarried couple was going through a custody battle for their son. On November 12th, 2012, Nolan attacked Dr. Weiss in his office with a sledgehammer and a knife. Weiss fought back. After the struggle, while covered in blood, Nolan snapped a selfie. He was arrested and charged with attempted murder. At the time of the attack, Nolan was living with Buchbinder, who was also treating him for depression, anxiety and bipolar disorder. Dr. Buchbinder was also going through a nasty custody battle with Dr. Weiss. Today, Jacob Nolan says that Dr. Buchbinder manipulated and brainwashed him to hate Dr. Weiss and that hatred turned into their plan to kill Dr. Weiss. After the attack, Nolan was in a manic state and taken to the ER. Dr. Buchbinder went to the hospital, but was not allowed to see him. Although there is evidence of Dr. Buchbinder purchasing the sledgehammer, she has not been charged with any crime. Nolan was freed on bail and went to live with his parents in Miami. Dr. Weiss was granted custody of his son. Today Nolan seems rational and insists he was not in control of himself at the time of the incident, and even tried to commit suicide in 2015. In March 2016, the trial began. The prosecution insisted Nolan could have rationalized his thoughts and backed out at any time. The defense argued diminished capacity: Dr. Buchbinder had replaced Nolan’s free will with a cult-like mentality. The verdict: guilty. Nolan was sentenced to nine and a half years in prison. He says he is genuinely remorseful for what happened and still says Dr. Buchbinder needs to take responsibility too. Dr. Weiss is raising his son alone, and his attorney says he still lives in fear. 12/02/17 UPDATE: Five years after the attack on Michael Weiss, the law caught up with Dr. Pamela Buchbinder. She was arrested and charged with second-degree attempted murder and first-degree attempted assault. The Manhattan D.A. says she was the mastermind behind the plot. She has hired two top New York defense attorneys. After the judge heard arguments, he refused to grant bail. A trial date is expected in early 2018. The star witness: Jake Nolan. 11/05/22 UPDATE: Pamela Buchbinder remained on Rikers Island for five years through legal wrangling and the COVID-19 pandemic. During a pre-trial hearing on September 7th, 2022, she accepted a deal. One

month later, Buchbinder attempted to withdraw her plea; Judge Thomas Farber would not accept it. Dr. Weiss appeared in court to make a victim's impact statement. Judge Farber sentenced Pamela Buchbinder to 11 years in prison; he also issued an order of protection for Dr. Weiss. Original on-screen text graphic: The New York City Police Department says the investigation into the attack on Doctor Michael Weiss is "ongoing". But a spokesperson would not say whether Doctor Pamela Buchbinder is a suspect. On-screen text graphic for the 12/02/17 updated rebroadcast: Pamela Buchbinder's attorneys are still trying to get her out on bail from Riker's Island. **On-screen text graphic for the 11/05/22 updated rebroadcast and the 08/05/23 rebroadcast:** This story discusses suicide. 08/05/23 **48 HOURS: "The Snapchat Clue"** (10:00 – 11:00p) – a report on the July 2021 sudden disappearance of Bart and Krista Halderson of Windsor, Wisconsin and how information found on social media would lead investigators to their killer. Investigators immediately turned to family members for information, including sons Mitchell, who was 24 at the time and worked in tech, and Chandler, then a 23-year-old college student living at home. Chandler was excited about a new job offer he said he had with Elon Musk's SpaceX. Chandler told police his parents had gone to the lakeside family cabin for the July 4th holiday weekend and never returned. Investigators received a tip from the owner of farm outside of town; remains later identified as Bart Halderson were found on the farm, 20 miles from the Halderson home. On July 15th, 2021, Chandler was arrested and charged with lying to the police. Investigators discovered that his parents found out Chandler had lied about his college degree and the job with SpaceX. Chandler refused to cooperate with police, but his girlfriend, Cathryn ("Cat") Mellender, allowed them to download her phone. A Snapchat screenshot of Chandler by the Wisconsin River on July 1st led investigators to search the area. Remains later identified as Krista's were found; Chandler was charged with both of their murders. In January 2022, Chandler went on trial for the murder of his parents at the Dane County Courthouse; he was also facing charges for lying to the police and for mutilating and hiding their bodies. He was found guilty on all eight charges. In March 2022, at his sentencing hearing, Chandler made a statement, asking for a lawyer to take an appeal; he was sentenced to life in prison without the possibility of parole. Original on-screen text graphic: Chandler Halderson has a new lawyer but has yet to file an appeal. **On-screen text graphic for the 08/05/23 rebroadcast:** In April 2023, Halderson's convictions for hiding his parent's *[sic]* remains were vacated. 08/12/23 **48 HOURS: "The "Unsolvable" Murder of Roxanne Wood"** – a report on the rape and murder of 30 year old Roxanne Wood in her Niles, MI home and the work done 34 years later to solve it. In February 1987, Terry Wood came home from a night of bowling to discover his wife Roxanne dead on the kitchen floor. Terry called police; his aggressive demeanor on the phone, behavior during the investigation and the discovery of extramarital affairs by both parties made him a suspect. After a few months, the case went cold. In 1999, the small DNA sample from the crime scene was uploaded to CODIS; no match was returned, but Terry still remained a person of interest. In April 2021, Gabriella Vargas, a consultant for Identifinders looked at the case and was able to create a family tree, which allowed investigators to zero in on a suspect: Patrick Gilham. Michigan State Police surreptitiously collected Patrick's DNA from a cigarette butt, which matched the DNA from the crime scene. Patrick was interviewed by police in July 2021; he was arrested in February 2022. In April 2022, Patrick Gilham pleaded no contest to second-degree murder and was sentenced to a minimum of 23 years in prison. **On-screen text graphic:** Patrick Gilham will be eligible for release in 2040 with good behavior. 08/19/23 **48 HOURS: "Who Shot the Tech Exec?"** (9:00 – 10:00p) - a report on the robbery, kidnapping and murder of Tushar Atre, a successful tech-executive-turned-cannabis-entrepreneur in Santa Cruz, CA. Atre had a home in Pleasure Point, an affluent surfing community, and the Summit property: 60 acres in the Santa Cruz mountains where he could legally grow cannabis for research. Grainy surveillance video from October 1st, 2019 captured what happened on Atre's street, from the moment figures entered the neighborhood and walked toward his house, to minutes later, when Atre is seen running and then tackled; he is repeatedly stabbed and eventually pushed into a BMW that the suspects stole from his driveway. Houseguests called 911 and later told detectives they heard the intruders demanding to know the location and combination of Atre's safe. Six hours after the abduction, police located the white BMW and Atre's body. Investigators learned of disgruntled employees, due to Atre's confrontational management style, as well as his habit of withholding people's pay. On May 19th, 2020, the Santa Cruz Sheriff's office had four suspects in custody: 23-year-old Joshua Camps, 22-year-old Kurtis Charters, 22-year-old Stephen Lindsay, and 19-year-old Kaleb Charters. The latter two had worked for Atre and, when initially interviewed by detectives two months after the murder, admitted they once had a bitter pay dispute with him. Cell

phone data bolstered the investigation and except for Lindsay, all of the suspects eventually admitted their involvement. All four suspects have pleaded not guilty; if convicted, they could face a maximum sentence of life in prison. 08/19/23 **48 HOURS: "What Angelina Saw"** (10:00 – 11:00p) – a report on the death of Andrew "Andy" Wagner and the arrest and trial of his fiancée, Stephanie Fernandes, for his murder. Police were called to the Worcester, MA home of Andy and Stephanie on the night of May 7th, 2014, after Andy sustained a knife wound to his neck; he later died in hospital. Stephanie had a complicated and volatile relationship with Andy and claimed he, with a gun in hand, attacked her. Forced to defend herself, Stephanie picked up the knife and as Andy went to headbutt her, he was accidentally stabbed with the knife. Delayed by procedural arguments and then the COVID pandemic, the trial began in June 2022. Charged with first-degree murder, Stephanie was found guilty of a lesser charge, voluntary manslaughter; the judge sentenced her to a term of not more than 10 years and not less than eight years in prison. Angelina is studying to become a forensic psychologist. **On-screen text graphic:** If you or someone you know is a victim of intimate partner violence, call the National Domestic Violence Hotline at 1-800-799-7233. 08/26/23 **48 HOURS: "The Trial of Alex Murdaugh"** (9:19 – 10:19p) – an update to "The Murdaugh Mysteries", which was a report on the investigation into Alex Murdaugh, a wealthy and once prominent attorney in the South Carolina Lowcountry, for the June 7th, 2021 murder of his wife Maggie and son Paul at the family's hunting lodge in Colleton County, as well as the many other crimes connected to his family. On March 2nd, 2023, a jury in South Carolina deliberated for just under three hours before they returned with a guilty verdict for the murders of Alex's wife and son; he was sentenced the next day to two consecutive life terms in prison. This broadcast contains details of the trial, including the evidence used to prosecute Alex, which included an incriminating video found on Paul's phone; the work of the defense, including their claim that Maggie and Paul were murdered as retribution for the February 2019 boat crash that killed 19-year-old Mallory Beach; and the potential impact of 'retribution murders' on the other investigations and cases against the family. Original on-screen text graphic: Alex Murdaugh has been transported to Kirkland Reception and Evaluation Center in Columbia, South Carolina. He'll be assessed there before being assigned permanently to a maximum-security prison. **On-screen text graphic for the 08/26/23 rebroadcast:** In May 2023, Alex Murdaugh was indicted on federal conspiracy, wire fraud, bank fraud, and money laundering charges. 08/26/23 **48 HOURS: "Last Seen in Breckenridge"** (10:19 – 11:19p) – a report on the investigation into the January 1982 murders of two young women, Annette Schnee, 21, and Bobbie Jo Oberholtzer, 29, near the resort ski town of Breckenridge, CO. Killed on the same night, detectives were initially able to link the two crimes through an orange sock or bootie found near Oberholtzer's crime scene on January 7th, 1982 and a matching bootie sock found on Schnee months later, on July 3rd, 1982. The case went cold until investigators ran DNA recovered from evidence through a public genealogy database and got a match in January 2021: Alan Phillips, who had been arrested for a similar crime in 1973. After police surreptitiously acquired a DNA sample from Phillips, he was arrested on February 24th, 2021. In a bizarre turn of events, investigators learned that Phillips had been rescued by a local fire chief from a snow-covered mountain pass the very same night he dumped the bodies of the two women. On August 31st, 2022, Alan Phillip's double murder trial began in Fairplay, CO. The jury found Phillips guilty on all eight charges on September 15th, 2022; seven weeks later he was sentenced to two consecutive life sentences without the possibility of parole. Alan Phillips maintains his innocence. Original on-screen text graphic: If you have any information about other possible victims who could be associated with Alan Phillips please reach out to the Park County Sheriff's tip line at 720-248-8378. **On-screen text graphic for the 08/26/23 rebroadcast:** Alan Phillips died by suicide in prison on February 27, 2023. 09/08/23 **48 HOURS: "The Brighton Ax Murder"** (10:17 – 11:00p) – a reedited, abbreviated and updated rebroadcast of "The Brighton Ax Murder" (OAD: 02/25/23), a report on the murder of 29-year-old wife and mother Cathy Krauseneck of Brighton, NY, which remained unsolved for four decades. The case, dubbed the Brighton Ax Murder, was one of the oldest, coldest murder cases in America. On February 19th, 1982, her husband, Jim Krauseneck, said he found Cathy dead in their bed with an ax in her head, after he returned home from his job as a Kodak company economist. Aspects of the crime scene did not sit right with investigators; police believe it was staged to look like a burglary to cover up the real crime – the intentional murder of Cathy by her husband, who left town shortly after speaking with police. The case sat for decades until 2019, when authorities in Monroe County, NY hired forensic pathologist Michael Baden to investigate. Baden believed Cathy was killed around 3:30 am; for prosecutors that meant Jim would have been home at the time. Jim was indicted on November 1st, 2019; he voluntarily surrendered to authorities a week later. The case went to trial in 2022; Jim was found guilty of second-degree murder and sentenced to 25 years-to-life behind bars. Jim intends to appeal his conviction. Cathy's father would like to move her remains from Jim's family plot but needs her daughter Sara's permission to do so. **09/08/23 UPDATE:** Six months after Jim Krauseneck was sentenced, he died of cancer in prison. Sharon, Sara and Jim's legal team are appealing the verdict, hoping to clear his name. Original on-screen text graphic: Cathy's family and Sara haven't spoken since the trial. 09/16/23 **48 HOURS: "The Gilgo Beach Serial Killings"** (9:00 – 10:00p) – the fourth follow-up report to "Long Island Serial Killer". In May 2010, Shannan Gilbert, who worked as an escort, disappeared. The search for Gilbert led to the discovery of ten bodies in 2010 and 2011, in the scrub brush along Gilgo Beach, on Long Island, NY. Police suspected the work of a serial killer. Four of the women were identified as Maureen Brainard-Barnes, Melissa Barthelemy, Megan Waterman and Amber Costello. Like Gilbert, all were in their twenties, petite and were online escorts. Three of the four were wrapped in burlap. The victims became known as the Gilgo Four. In February 2022, Suffolk County police and the district attorney formed a new task force to investigate the murders; six weeks later, Rex Heuermann was identified for the first time as a suspect. Using the description provided by Costello's roommate of one of her persistent clients and the vehicle he drove, investigators were able to tie Heuermann to the crime. DNA collected from a pizza slice he tossed in a Manhattan trash can came back as a match with hair found on the victims. In July 2023, Suffolk County police announced the arrest of 59-year-old Rex Heuermann and charged him with killing Melissa Barthelemy, Megan Waterman and Amber Costello; he is the prime suspect in the death of Maureen Brainard-Barnes. He pled not guilty and is being held in a Suffolk County jail. None of the other bodies found in 2011 along Ocean Parkway have been linked to him. Heuermann, an architect in Manhattan, lived about 20 minutes from Gilgo Beach, in Massapequa Park, with Asa Ellerup (his second wife of more than 25 years), stepson Christopher Sheridan and daughter Victoria Heuermann. Ellerup, who is battling breast and skin cancer, has filed for divorce from Heuermann. Additionally, investigators have identified strands of female hair found on two of the victims: Megan Waterman and Amber Costello. The DNA profile is consistent with Ellerup; she has not been charged or named a suspect in any of the murders. *No on-screen text graphic for this broadcast.* This broadcast is 48 HOURS' sixth edition of the investigation into the Gilgo Beach serial murders and contains interviews from prior broadcasts. Interviewed: Dominick Varrone, former chief of detectives, Suffolk County Police Department; Missy Cann, Maureen Brainard-Barnes' sister; Muriel Henriquez, worked at Heuermann's company, RH Consultants & Associates, spoke exclusively to 48 HOURS (2023); Mary Shell, worked with Heuermann in the summer of 2010 (2023); John Parisi; grew up with Heuermann (2023); Antoine Amira, hotel food and beverage manager - Heuermann appeared on Bonjour Realty, Amira's YouTube interview show (2023); Ray Tierney, district attorney, Suffolk County (2023); Lynn Barthelemy, Melissa Barthelemy's mother (2011); Steven Cohen, then Barthelemy family attorney (2011); Liliana Waterman, Megan Waterman's daughter (2020); Dave Schaller, Amber Costello's roommate (2011); Rodney Harrison, police commissioner, Suffolk County (2023); Bob Macedonio, Asa Ellerup's attorney (2023); Nikkie Brass, hairdresser, former escort who claims she was solicited by Heuermann, but fled from the restaurant where they met (2023); John Ray, attorney representing Nikkie Brass and the family of Shannan Gilbert; and Sherre Gilbert, Shannan Gilbert's sister (2011). Gilbert's body was found in December 2011, in the marsh not far from Gilgo Beach, but investigators don't believe she was murdered. - 09/16/23 **48 HOURS: “The Night of the Idaho Student Murders”** (10:00 – 11:00p) – a follow-up report to “The Idaho Student Murders”, detailing the latest developments and inside details surrounding the November 13th, 2022, murders of four University of Idaho students, as well as the case against Bryan Kohberger, charged with murdering Kaylee Goncalves, Ethan Chapin, Xana Kernodle and Madison Mogen. The four victims were all stabbed with a large knife in their off-campus home in Moscow, ID. DNA found on the knife sheath was tested against Kohberger’s father’s DNA, obtained from trash outside the Kohberger family home in Pennsylvania; results indicated a high probability of belonging to the biological father of the person who left their DNA on the knife sheath. The murder weapon has never been found. The judge entered a plea for Kohberger of not guilty. In August 2023, six weeks before the murder trial was set to begin, Kohberger waived his right to a speedy trial. **On-screen text graphic:** Bryan Kohberger’s trial date has not been set. Interviewed: Steve and Kristi Goncalves, Kaylee’s parents and sister Alivea Goncalves, who offer new details about the night of the murders and their own investigation; Jazzmin Kernodle, Xana’s sister and father Jeffrey Kernodle, in their first interview together; Howard Blum, investigative journalist who has written about the murders for Graydon Carter’s online magazine, “Air Mail” and is now writing a book on the case; and Bryanna Fox, professor of criminology, University of South Florida, CBS News consultant, and former FBI agent. - 09/30/23 **48 HOURS: “The Betrayal of Linda Slaten”** (9:00 – 10:00p) – a report on the murder of Linda Slaten, who was sexually assaulted and strangled, and how decades later, detectives and a DNA genealogist were able to catch her killer. On September 4th, 1981, 15-year-old Jeff and 12-year-old Tim Slaten were awakened by Lakeland, FL police and told that their mother had been murdered. Investigators collected a rape kit and lifted a palm print from the windowsill where the killer had entered. They questioned a slew of suspects, including her abusive ex-husband Frank Slaten and a boyfriend, but no one was charged. The case went cold. In 2019, nearly 40 years later, advances in DNA technology and a carefully stored rape kit revealed Linda’s killer: Joseph Clinton Mills, known as Coach Joe. Prior to and after Linda’s murder, Coach Joe would regularly drive Tim to and from football practice. He was a role model for Tim, who proudly hung up his football team photo in his room where Coach Joe stood right behind him. On December 12th, 2019, Joe Mills was arrested and claimed that his encounter with Linda was consensual. To avoid a trial and a possible death sentence, he pleaded guilty to all charges and was sentenced to life in prison without the possibility of parole in February 2022. Original on-screen text graphic: The Slaten brothers often visit their mother’s grave. Jeff burns a candle next to a portrait of his mother every year on the anniversary of her death. **On-screen text graphic for the 09/30/23 rebroadcast:** The Slaten brothers often visit their mother’s grave. - 09/30/23 **48 HOURS: “The Game Show and the Murder”** (10:00 – 11:00p) - A report on the investigation into the February 2023 murder of Becky Bliefnick and the May 2023 murder trial of her estranged husband, Tim Bliefnick. Becky, a 41-year-old nurse and mother to three young boys, was found murdered in her Quincy, IL home during the afternoon of February 23rd, 2023. She was discovered by her father, who went to check on her after being contacted by Tim. Police determined that the intruder entered Becky’s residence via an upstairs window and kicked in the door to her room. Becky attempted to call 911 on her cell phone before she ran to the bathroom, where she was shot fourteen times by a 9-millimeter handgun. None of her wounds were immediately fatal; spent shell casings and plastic shreds were found around her body. The Bliefnick children, not at home at the time of the murder, were with their father about a mile away. The Bliefnicks were in the process of getting a divorce; Tim filed in January 2021, after 11 years of marriage. According to divorce documents, Tim and Becky fought over money, the marital home and custody of their three children; both parties sought orders of protection against one another and, in both cases, they were not granted. Ultimately, a judge ordered Tim and Becky to stay away from one another’s residences, except when enforcing child visitation schedules. Also ordered was the return of a 9-millimeter handgun that Becky had given to Tim as a gift, but it was never returned and Tim claimed to not know where it was. Becky had expressed her fear of Tim to others and prosecutors claimed that their text exchanges demonstrated emotional abuse on Tim’s part. Video surveillance, as well as a blue Schwinn bicycle found near Tim’s home, and a fake Facebook account linked to Tim, resulted in his arrest. The case and arrest generated media attention when it was revealed that Tim appeared on “Family Feud” in 2019 with his parents and brothers and joked about regretting his marriage when asked a question related to the game. Held without bond, he opted for a speedy trial, which began on May 23rd, 2023. Investigators determined the plastic shreds found around Becky’s body were from Aldi grocery store bags and linked DNA found on a piece of the plastic shreds to Tim, as well as DNA found under Becky’s fingernails. Prosecutors argued that the timing of the murder was significant and uncovered court documents which revealed Becky wanted to keep her father-in-law away from her children because he allegedly had a history of abusing children. Numerous damaging web searches by Tim were also presented by the prosecution. The defense argued that the evidence was circumstantial and could be explained as coincidences; no witnesses were called. The trial lasted six days and the jury found Tim guilty of first-degree murder; the judge sentenced him to life in prison.
