Detailed Show Description:

T.D. Jakes tackles the dangers kids face on a daily basis that most parents aren’t aware of. With help from leading experts he will give parents the tools to keep their children safe. The Bishop meets Tygie, who made the shocking discovery that his daughter was involved in underground sex trafficking during Super Bowl Weekend in San Francisco. He shares the details and warns parents about what their children may be doing online. He also talks with Petra and Henry Jordan who lost their vibrant, happy 12-year-old son to the “choking game”. The game is worldwide and huge on YouTube. Henry was calling for his son with no response. When he went up to his son’s room, Henry found his lifeless son hanging from a loosely tied belt. After 4 days on life support, the doctors told Petra and Henry there was no hope and they should say their goodbyes to their son. Then you’ll meet Veronica and Devin who’s 19-year-old son, Connor, died from smoking only one hit of synthetic marijuana. Also called K2, the drug is the synthetic form of pot, which includes several harsh chemicals. Experts say it can overwhelm brain circuitry, leading to psychosis, kidney injury, high body temperature, heart attack or death.
