QUARTER 3, 2023

July 1, 2023 – September 30, 2023

Title: Kids that dance tend to be more happy

Program: Jimena Suavecita

Date and Time: Monday, July 03, 2023 at 11:50am

Duration: 1:39 minutes

Description: Jimena talked about a study in Switzerland had one group of kids going about their normal day, and had a second group of kids take dance classes twice a week. As a result, kids that went to dance classes were more calm and happier than those kids that did not go to dance classes.

Scientists found that kids that move at the rhythm of music experience more positive emotions and feel happier.

Title: How to get rid of cellulitis

Program: Jimena Suavecita

Date and Time: Tuesday, July 04, 2023 at 11:50am

Duration: 1:31 minutes

Description: Jimena mentioned that nutrition is the most important thing, eliminate consumption of fats. Those who want to get rid of cellulites need to exercise and drink at least 2 liters of water a day. Also getting massages with wood from a massage specialist helps, also cold showers help tighten the skin.

Title: New Covid Vaccines are available

Program: Jimena Suavecita
