RE: EEO Audit – KTYL-FM, Tyler, TX (Facility ID 35711)

Dear Sir or Madam:

Townsquare License, LLC, the licensee of broadcast station KTYL-FM, Tyler, Texas, hereby responds to the Commission's notice of audit issued to KTYL-FM. This response includes information about the following stations, which, with KTYL-FM, comprise the Townsquare License LLC's Tyler employment unit (referenced to herein as "Townsquare Tyler," the "Unit," or "Stations"):

KISX(FM), Whitehouse, TX (Facility ID 7266)  
KKTX-FM, Kilgore, TX (Facility ID 48952)  
KNUE(FM), Tyler, TX (Facility ID 25585)

**a. *Public File Report.*** Copies of the Unit's two most recent EEO public file reports for the periods covering April 1, 2021 to March 31, 2022 ("2021-2022 Reporting Period") and April 1, 2022 to March 31, 2023 ("2022-2023 Reporting Period") (the 2021-2022 Reporting Period and the 2022-2023 Reporting Period, together, the "Audit Period") are attached as Exhibit 1 and Exhibit 2, respectively. As noted on the face of the reports, both were amended on December 14, 2023.

The Stations' website addresses are <https://mix931fm.com/>, <https://1073kissfmx.com/>, <https://classicrock961.com/>, and <https://knue.com/>. The Unit's most recent public file report is posted on each of these websites.

**b. *Supporting Documentation for Vacancies.*** Among other sources, Townsquare Tyler uses a recruiting company called Greenhouse to export vacancy listings to a variety of sources, including Indeed.com, LinkedIn.com, Ziprecruiter.com, and the Townsquare Media Careers webpage. The text of the notice that was posted to Greenhouse sources is included in Exhibit 4, along with screenshots from Greenhouse showing the Greenhouse sources that were notified about each vacancy. Exhibit 4 also includes information excerpted from reports that

Greenhouse provides to Townsquare Tyler. These reports indicate the Greenhouse source that referred each applicant for the various full-time positions filled during the Audit Period. Not all these applicants were interviewed. In addition, Townsquare Tyler advertised the 2021-2022 Account Executive vacancies on its station websites. Exhibit 4 contains a screenshot confirming these postings. Townsquare Tyler also is providing copies of notices sent to non-Greenhouse recruitment sources. (No recruitment sources have requested to be notified of vacancies.) Townsquare Tyler aired on-air announcements advertising some vacancies. Exhibit 4 also contains the text of these announcements and orders showing when the on-air announcements aired.

**c. *Total Number of Interviewees and Referral Sources.*** The total number of interviewees for each full-time vacancy filled during the Audit Period and the referral sources for each interviewee are provided in Exhibit 3. The date of each full-time hire during the Audit Period is also provided in Exhibit 3.

**d. *Documentation of Recruitment Initiatives.*** The Unit currently has a total of 12 full-time employees. The population of the market in which the Stations operate is less than 250,000.<sup>1</sup> Therefore, the Unit is required to perform two points worth of recruitment initiatives within a two-year period pursuant to 47 C.F.R. §§ 73.2080(c)(2) and (e)(3).

The Unit engaged in a number of recruitment initiatives as shown in the EEO public file reports attached as Exhibit 1 and Exhibit 2. The Unit personnel involved in each recruitment initiative are listed in these reports. See Exhibit 5 for documentation of at least two points worth of initiatives.

**e. *Discrimination Complaints.*** There are no pending or resolved complaints alleging unlawful discrimination in the employment practices of the Unit during the current license term.

**f. *Management's EEO Responsibilities.*** EEO compliance is an integral function of management at all levels within the Unit. The Market President requires department managers to attend weekly meetings, during which they discuss general employment issues and training, as well as methods for handling problems that might arise in these areas. The department managers also are taught to conduct interviews and performance reviews in a manner that is in line with the Unit's EEO policy. The Market President works with the department heads to ensure that decisions regarding hiring and promotion are carried out in a non-discriminatory fashion. All job openings must be filtered through the Market President, who is responsible for EEO compliance. No job can be filled by a department head without prior approval of the Market President, who signs off on EEO compliance. The management team is informed of EEO requirements by written guidelines forwarded by the Texas Association of Broadcasters, the National Association of Broadcasters, and the Unit's legal services. Though the department managers actively

<sup>1</sup> The Stations operate in the Tyler, TX Metropolitan Statistical Area, which had a population of 233,479 according to the 2020 U.S. Census.

participate in the process, the Market President bears the ultimate responsibility for enforcement of the Unit's EEO policy.

Townsquare Tyler makes a concerted effort to ensure that both employees and applicants are well-informed of the Unit's EEO policy. Upon commencement of employment, every employee receives a copy of Townsquare Media's Employee Policy Manual, which contains a description of the Unit's EEO policy. The EEO policy and other employment-related regulations are also posted in common areas of the Stations, and all the Stations' websites post that Townsquare Media is an Equal Opportunity Employer. Applicants are informed of the Unit's EEO policies through the application process. Job notices inform potential applicants that Townsquare Media is an equal opportunity employer and state the company's EEO policy.

**g. *Analysis of EEO Program's Effectiveness.*** The success of Townsquare Tyler's EEO recruiting program is vital to the success of the Unit, and management therefore devotes a significant amount of time and resources to evaluating the success of its outreach initiatives, and the program as a whole. The Market President and the heads of the various departments assess the success of each outreach initiative on a case-by-case basis. After each job fair, community event, or other outreach initiative, the participants in that event, together with management, analyze the relative success of the event, including number of attendees, interest levels, number and quality of applications received (if applicable), and the like. Likewise, management actively evaluates the sources and methods by which it advertises specific job vacancies in order to ensure that the Stations receive a wide variety of qualified applicants for all employment positions.

Management recognizes that a large part of the Unit's recruitment program involves its efforts to post all available positions on widely used job-related websites. The Unit periodically adds organizations to its recruitment source list as they come to its attention and checks on organizations to confirm their contact information. Thus, the process of constant self-evaluation allows the Unit to continue to utilize the most effective methods, while strategizing how to strengthen its other outreach efforts.

Management has determined that participation in events/programs with local schools and other organizations, coupled with its vacancy-specific announcements, allows station personnel to come into contact with, and select its employees from, a wide cross-section of members in the community. And it continually evaluates and modifies its program to ensure and optimize recruiting success. In addition, Townsquare Tyler draws upon the human resources and recruiting departments of its parent, Townsquare Media, Inc., to monitor and ensure its own EEO compliance.

**h. *Analysis of Pay, Benefits and Selection Techniques.*** Townsquare Tyler strives to comply with all federal, state, and/or local laws regarding pay, benefits, seniority practices, promotions, and selection techniques and tests to ensure that the Unit provides equal opportunities to all employees and applicants.

Hello,

Thank you for reaching out to Career Planning at Tyler Junior College! We would like for you to join us as a business partner on our Career Coach Job Portal. Career Planning is pleased to announce that we have a new job board that is paired in the same platform as the career assessment and resume builder! We are hopeful that this site, which has replaced traditional bulletin board postings, will increase visibility for students and help local employers connect with strong applicants that are either TJC students or alumni. Located below is the link to access the registration point within our portal. The process is also posted as a small clip below the link itself for your convenience. Please feel free to contact me if you have any questions or difficulty with this process.

Once your business has been approved, and a job posting has been completed, I will contact the department chairperson that is most closely related to the career field entailed to the posting, so that they may prompt students to apply.

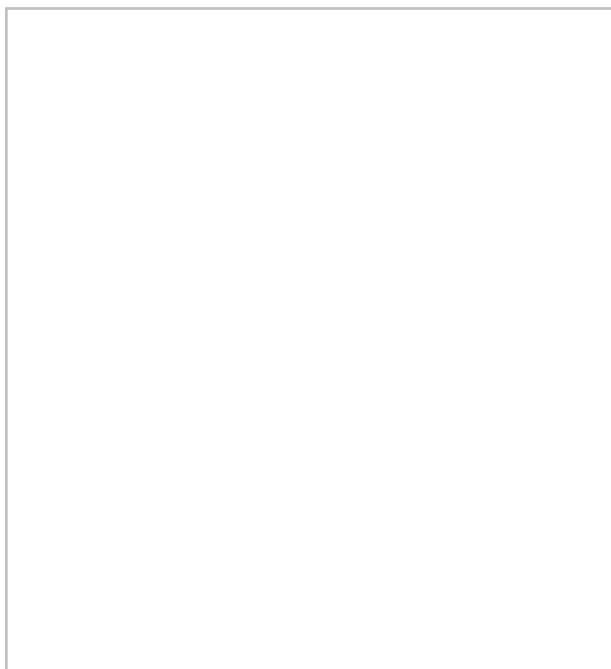

Have a great day!

**Digital Managing Editor - Tyler, TX**

***\*This is a Full-time in-office position working closely and collaboratively with a Team\****

Are you a passionate content creator with exceptional writing and editing expertise? Are you digital savvy with social media skills to match? If so, then keep reading!

We are a diversified media company looking for someone to oversee and maintain the digital platforms for our radio brands in the Tyler, TX area. With a maniacal focus on consumer experience, this individual will work closely with our on-air talent to develop content for their shows, grow their brands online, and create the best possible experience for their audience across all platforms.

Do you bore easily? Not here. No two days are ever the same at Townsquare Media. As the Digital Managing Editor, one minute you'll be editing an article about the ten best burgers in town, the next you'll be implementing a new Facebook strategy, only to close out the day by teaching a DJ how to craft an SEO-friendly headline that drive's traffic to the brand's website.

This is an agile position that requires solid troubleshooting, good professional judgment, level-10 communication, and technical prowess. Patience is essential, as is a great sense of humor – this is radio after all, not a library! (Not that there's anything wrong with libraries. We love libraries. Seriously. They're the best.) This is not a typical "webmaster" position.

**Responsibilities**

- Partner with teams of on-air and digital talent to create text, photo, video, and interactive content for the local community across the site, mobile platforms, and social media. Work to make sure those great ideas are harnessed online.
- Provide consistent training, coaching, and education for our on-air and digital talent on the latest internet trends (ex: Facebook posting strategy or strategies for search engine optimization) and educate staff on company policies (ex: copyright law and digital requirements).
- Coordinate with local sales and content teams to make sure that all station and market initiatives have an engaging digital component.
- Study analytics to make data-driven content choices and optimize local digital strategy.
- Be at the forefront of content creation every single day.

**Qualifications**

- Five years of online editorial experience with exceptional writing, editing, SEO skills
- Strong grasp of how to use popular social media networks (like Facebook Twitter, Instagram, and YouTube) to promote content
- Must be a consummate multi-tasker (with excellent communication skills) who is understanding of the ever-changing culture of the internet
- Ability to prioritize and focus under fast-paced pressure while managing multiple tasks and projects
- Strong troubleshooting and problem-solving skills, editorially and technologically
- Proficiency in the use of digital technology, including online publishing platforms
- An understanding of the ever-changing culture of the internet
- Must have great communication skills, obsessive attention to detail, and a sense of humor (We like to have fun!)

**Benefits**

- 3 weeks of PTO (+ 9 paid holidays)
- Medical, Dental, and Vision Insurance
- 401(k) Retirement Plan
- Casual, high-energy work environment
- Opportunity for upward mobility
- Company provided laptop
- Competitive salary + bonus program
- Company discounts
- Pet Insurance
- Time off for volunteering
- And much more...

**Please include writing samples when applying.**

**Subject:** Help LISD Students with Jobs this Friday

Good Afternoon,

I am working with two teachers once again to have business professionals come into the classroom on Friday, October 1<sup>st</sup> and be part of talking about resumes, job interviews, and good employment qualifications. If you are willing to help and believe you are a good fit for this opportunity, please email me the timeslot that works best for you on October 1<sup>st</sup>.

The volunteers would again speak about the "unwritten rules" of job interviews and what they look for in a candidate. My students thought getting to hear from an interviewer's perspective was so insightful and I would love for this year's classes to get the same opportunity.

The time slots are as follows:

1st Period: 7:55am-8:37am

2nd Period: 8:42am-9:24am

3rd Period: 9:29am-10:12am

4th Period: 10:17am-11:00am

5th Period: 11:05am-11:30am

5th Period: 12:05pm-12:30pm

6th Period: 12:35pm-1:17pm

Thank you

Good Afternoon

Thank you to everyone who has already signed up to help with the LISD project on Friday. We are excited to have our businesses work with students. This is a unique opportunity to enrich their lives, give real life advise on jobs, resumes, hiring, and best practices. Each class period will have 2-3 businesses be part of the panel. I have attached the spreadsheet and hope to have a few more join by tomorrow afternoon. I have enjoyed the inquires to bring handouts, make the time interactive, and a fun experience for our future workforce.

I encourage you to arrive about 10 minutes prior to your class so that you can check into the office and be walked down to the classroom. Please bring your ID because they will need to check in all visitors.

is on this email should you have any questions for him.

Hello and ,

I am so excited to have you both join us for the Q&A session with the UT Tyler business school students. Their final assignment for the program was to provide 2-3 questions that they would like to learn regarding media and media sales. Below is what I have received so far. I wanted to give you a heads up on the types of questions that might come your way during this call. Please let me know if you have any questions.

#### UT Tyler Student Questions

- [What are some realistic ways that I can market myself through media?](#)
- [How would someone in college know if they want to pursue broadcast/media sales? Are there any certain interests that pair well with that career?](#)
- [Do you enjoy your job? What are your favorite/least favorite aspects?](#)
- [What advice can you give to students who are wanting to go into media sales or what skills are necessary to be considered for a media sales position?](#)

- What are some of the challenges that a media salesperson goes through?
- What is the retention rate for new individuals within the field?
- How many leave/pursue other avenues and within what time frame?
- How is job security within this field?
- What are some hidden talents that haven't been discussed that make you stand out in this industry?
- What are some entry level jobs that you offer and is there opportunity for growth or promotion within the job? (aka what is the typical career path for someone hired in this role?)
- What skills do look for in a potential candidate and how can a new employee be successful?
- What do you enjoy most about working in this field?

**Subject:** 2022 B2B EXPO - PLEASE READ - EXHIBITOR INFORMATION!

Hello Expo Exhibitors,

Just a friendly reminder about the schedule this afternoon and tomorrow.

**DOCK INFO:** Attached please find a map which shows the dock area you will be able to pull up to unload. The dock is not street level and is made for delivery trucks. In other words, it is higher than the parking lot. There is a ramp so items could be pushed from the parking lot up the ramp and into the hallway. The dock leads from the outside into the convention space. It is a short walk and enters the room "stage left" in the room.

**SET UP:** Set up begins at 1:00 today, January 10. The building will remain open until 5:00pm. The building will open at 7:00am Tuesday January 11. All booths must be completed by 12:30pm on Tuesday. The Expo will open promptly at 1:00 on Tuesday.

**TAKE DOWN:** Take down will begin when the event ends at 5:00 Tuesday. Please respect all booth holders by not taking down until 5:00.

**EXHIBITOR PARKING TUESDAY:** Please note Exhibitor parking on the map. There is plenty on the top level of the parking garage and a stairwell leading directly to the Crosswalk Center to enter. This will allow more parking for event attendees.

Also, please post on your own business page about the Expo,

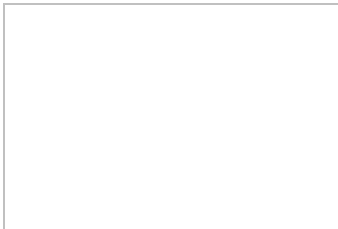

tagging [Tyler Area Chamber of Commerce](#), and inserting an RSVP link to the Facebook event page:  
<https://www.facebook.com/events/240437474887073>.

I have attached the exhibitor list and booth numbers for your information.

Please contact me should you have any questions regarding the event.
