Hi Jim,

I really, really like the music spanning the ages. It seems the other stations play the same songs over and over and over. I love the variety we get to listen to on the Twister.

I like the history we get to listen to with the old stories of remember when....

I truly like listening to your opinion!! Never stop!

This station is Definitely one of a kind!

I love it!!!

We listen to KSDZ because we like the up to date weather reports, the way you keep us informed of cancellations, and notices. We live in Cherry County, have a Merriman address and a Gordon telephone number. Your radio station covers our areas of interest. We appreciate the funeral notices, the real country music, and your patriotic views. It's good to have a history lesson now and then. We're also glad you are willing to interview people live on the air, and that you will take a stand on the issues that are important to you. Your support of the area schools is nice. And now and then the school lunch menu gives me an idea for dinner. 😊
On the negative side of things...I still think Earl Pitts is a waste of air time. (is he still on? I don't listen to him.)
We'd enjoy hearing a little more songs by Liz Fisher and Howard Parker and other local talent.
You're doing a good job....run with it!

Twister Radio,

First I'm in favor of Sheridan country being a second amendment sanctuary.

As for suggestions for the radio station I personally would prefer more 90's country, as well as playing rock and roll from 10-6 instead of 6-6. I like the free speech zone and the morning program.

Thanks,
Reid Badje

Hi, Im Justin in Valentine and heard your add about things we would like different and i'm 29 and it would be awesome if you guys could start playing more of the 2000's and newer country, I would bet over half of your listening audience is under the age of 40 and would love to hear some stuff newer than the 60's & 70's!

I enjoy the music that Jim plays even though some of it is older than my 80 years. I certainly like Craig's sense of humor.

I am sorry that the news you report comes from eastern NE. I don't really care about murders in Omaha.

Jim, I agree with many of your statements about the state of the nation; however, I often turn the radio off to prevent "heartburn." I voted the best I knew how and now I don't see what I can do except pray. Our system is broken and I don't see out voters changing it.

Just my opinions. Mary Wilson

I really enjoy the country music half of the daily radio routine. I like some of the rock that is played. Otherwise I really enjoy the morning rouster, especially the Earl Pitts.

Over all I really enjoy the station. Keep up the good work

To everyone at KSDZ radio,

We appreciate everything you do but don't take the time to tell you, your invitation for input was a good nudge to do that.

Our favorite is the free speech zone. The speakers and the topics are always timely and cover issues that are important to our area. We are a rural and agricultural area and your programming reflects that.

We like it that Jim tells it like it is and tackles everything from the local school system to the federal government. Most media ignores constitutional rights and definitely doesn't stand up for them.

Please keep promoting the small, local businesses; we need them.

The music is great, we like the real country. The recent interview with T.G. Sheppard was an unexpected treat.

Keep up the good work.

Sincerely,
Tim and Teresa Child

Hi this is Richard Froning. I live near the Cody Ne area and have spent some time listening to your radio broadcasts. I wanted to say that I enjoy Earl Pitts and hope you continue to play him in the future!! Music is good and I hope you continue to play a mixture of older and newer songs especially for the younger audience. Keep up the work.

Sincerely,
Richard Froning

Hi,

You asked to have feed back on your programing. We enjoy your morning program to 10:00 am. Like the information you bring to us and the Western music from your files. We do not care for most of the music in the afternoon.--
Sorry not good old western enough.

Thanks for all you do.

Dan and Ruth Schmaltz

Good morning, I had the privilege of working with all the current administrators except one, and they were all very good. They definitely had the best interests of the students and staff at the top of every list.

On a side note, my friend Kathy Hardin, was an administrator/principal at Onida, SD. While she was there, the school was awarded a commendation for being one of the outstanding schools in South Dakota. Kathy told me that if just ONE "bad" family had moved into the district, it could have moved the school from the top of the list to the bottom. Testing simply measures one moment in time. On Wednesday, February 10, 2021, 11:17:09 AM MST, KSDZ/KDJL <twister@twisterradio.com> wrote:

Hello Candy,

Thank You for your kind words regarding The TWISTER. Over the years you've been a faithful listener and we all appreciate it very much.

Your insight into the educational system is appreciated. The rural school system was run over by the "establishment" and what the public has now is less than desirable on a host of levels and unfortunately the students are the ones suffering. Chuck Smith was a wise man and a good superintendent years ago. Unfortunately we don't have his qualities in the people calling the shots today. When our school system ranks almost at the bottom of all systems across the state a person can't ignore the leadership issues in our school system. Time will tell how it all shakes out and hopefully a revised school board will step up to the plate and get the mess the students and parents are dealing with straightened out. The majority of the teachers are good, the administration not so much! I do what I can to raise public awareness of the various issues. That is my job, after that it's up to the tax payers and parents to make their voices heard at school board meetings.

Respectfully,

Jim Lambley

Good morning, I heard on the radio that you were asking for notes of our likes and dislikes. First of all, I enjoy the music, the programs with Senator Brewer, R-Calif, and most anything which contains information regarding the agricultural life.

This things that bother me are when you seem to "bash" things regarding education. I was an educator for 43 years, and one thing I vividly remember was when I was teaching rural schools in Sheridan County. Charles Smith was our County Superintendent, and we were going over test scores. Our scores were generally very high, and he pointed that out, but in the same breath he said, "Don't be patting yourselves on the back." He reminded us that these students were the cream of the crop. They came from families where infidelity was extremely rare (or did not exist at all), every child knew there would be a hot meal served three times a day, there would be enough money to get them through, there was enough love to go around, grandparents were grandparents (not mom and dad substitutes), religion was a real thing, and these kids truly wanted to be proud of what THEY did. He also mentioned that while we were all fine teachers, these kids could do very well with a teacher who wasn't so "fine."

At that time test scores were used entirely to pin point what a child might need extra help in. It was not a report card of how a teacher was doing. We were taught to meet a child where they were, and take them higher. That is what teachers are still doing. I know for a fact that the teachers in our school system are some of the best. There are SO MANY factors that go into learning. My prayer is that instead of being always critical, people would take a minute to ask what they could do to help.....and then DO IT.

Have a good day, and keep playing my kind of music!

I wish you could up your power as I can not receive it in Crawford Ne only when conditions are just right which isn't very often. Dwain Soester would like a request program to request certain songs and more steel guitar songs. Just suggestions. Dwain's most likely easier to do then mine. Live streaming would be okay if you could do it in real time and not delayed time.

Opinion of the Twister!!

BEST STATION IN THE NATION.

I love how you keep your listeners informed on the goings on on every level, local, state, and federal politics. The way you throw in the one liners on a regular basis is priceless. The music you play is the best!!

The only thing I would change is you need to figure out a way to play this song on the air!! 😊

Can't think of a thing I would want changed!!

Thank you for all that you do!!

From a business side I like Wendy's hard work for the think big shop small! Also like how the work was done right with you guys simple instead of through a company like when I have done radio adds in past for another business. Truly for the price of the ad for a month was comparable to one color ad in the newspaper so I chose radio ad! Not only was ad great Wendy has gone above and beyond to ensure contacts are being made with me for new customers which is great! Along with the little tidbit introducing my business on the air! Thanks very much and very pleased! I would be interested in one for Bob Mills and my feed store in future!
