Hi Tammy,

In regards to missing the issue of national importance, the NAB form clearly states, "health care; support for & thank you to Congressman Andy Harris and her opposition to a government-run, Medicare for All health system & surprise medical billing", so not really sure what else they are looking for.

In regards to if this is the sole member of the committee, I sent a subsequent email to everyone (though I am sure Shelbie is busy and may not have seen it) stating:

*There are no other members of the board of directors, executive committee, or chief executive officers.*

*Per the updated iHM guidelines, I have that in writing in my files from the agency.*
