MUST Ministries Summer Lunch Program

Thousands of children who normally eat free and reduced cost lunches at school are home during the summer with little or no food. Most are children of minimum wage workers who must leave their young ones in the care of a neighbor or older child.

This critical situation is overcome in part with the effective MUST Summer Lunch Program. Every weekday for 10 weeks, sack lunches are packed and hand delivered to targeted locations suggested by school counselors throughout the area. Bartow, Cherokee, Cobb, Forsyth, Gwinnett, North Fulton, Paulding, and Pickens counties are all in the Summer Lunch network where staff, volunteers and donors bring daily meals to grateful children.

As the exclusive television sponsor, FOX 5 Helping Hands provided an extended PSA schedule, website presence, social media and related stories by an Anchor. More than 303,524 were served. This was a 20% increase over last year.
