3. In October 2017, we hired a Digital Media Director from out of state. We were recruiting through youralaskalink.com and the Alaska Broadcasters Association for Account Executives (sales). The candidate was applying for the sales position and ultimately, upon review of his qualifications and due to his unique skills and experience, we hired the candidate, a Hispanic male, for this newly-created digital media director position.
4. In January and February 2018, we hired three new multimedia journalists for our news department. This included one male Hispanic and two women. We have cross-trained these new employees in the following areas: video editing, journalism, news reporting and on-site reporting. It has been our goal to train them in all work areas in the news department that will pave the way to success for this group of multimedia journalists in their future endeavors. The station's multimedia journalist recruiting efforts includes a broadened effort to include "lower 48" in order to attract the most diverse talent pool possible.
