- Break down all boxes from your gifts and place them in a closed recycling container to prevent burglars from knowing there are new items in your residence
- Close window shades and blinds when no one is home to prevent burglars from window shopping in your home
- Close and lock all windows and doors prior to leaving your residence
- Secure all valuables from immediate view such as laptops, cellphones, wallets, etc.; if a burglar looks in and sees a laptop close to the door or window, it becomes an easy target
- Close and lock your garage, as well as any storage sheds, on your property
- Record all serial numbers of valuables so that police can have the opportunity to try to recover your property if it is stolen; if you keep your list in an electronic device, ensure you have a printed copy available in the event your device is stolen
- Call in suspicious persons and vehicles to 911 immediately, so that officers can identify the intentions of the person and/or vehicle in your neighborhood.
