Duration: “15 minutes of a 60-minute program”

The Children’s Heart Foundation hit a major milestone in 2023 with the 20th year of their annual community event, Walk with the Heart of a Child. The annual family walk celebrates two decades, more than \$1.6 million raised and aid to thousands of families, while giving walkers a chance to lace up their sneakers and step out to support the one in 100 (or 40,000) children in the United States who are born with a congenital heart defect (CHD) each year. These 40,000 annual cases make congenital heart defects the leading cause of illness and death in the first year of life.

Aiming to raise both awareness and much need funding to fight what can be a deadly pediatric disease, Children’s Heart Foundation invited all Las Vegans to participate in the 20th Annual Walk with the Heart of a Child on Saturday, April 22. This annual fun walk at Craig Ranch Regional Park allowed participants to walk in celebration or in remembrance of the young lives affected by congenital heart defects throughout the Las Vegas community. Melissa Cipriano, Executive Director of Children’s Heart Foundation, talked about the organization, children’s congenital heart failure, and their Walk with the Heart of a Child fundraiser walk-a-thon.

The Mondays Dark 5K Cowbell Jammer on April 30 saw many in the Las Vegas community lacing up their sneakers to support charity. This 5K Fun Run supported a variety of local organizations that Mondays Dark has donated money to, and participants got to choose from the list which charity they would target their fundraising efforts towards.

Issue: National Volunteer Month

Show: Audacy Radio Public Affairs Program

Date: Saturday, April 22nd and Sunday, April 23rd, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: "5 minutes of a 60-minute program"

April is National Volunteer Month, a perfect time to consider volunteer opportunities to support veterans in your community, according to DAV (Disabled American Veterans). The impact volunteers have on the veteran community is invaluable, and oftentimes the experience creates meaningful, lasting relationships between the veteran and volunteer. While the number of veterans in need of additional support is increasing, the number of volunteers has significantly decreased as a result of the COVID 19 pandemic and an

aging volunteer population. One important way the public can show their appreciation of veterans and the sacrifices they have made to protect our freedoms is by volunteering their time to help them.

John Kleindienst, National Voluntary Services Director for Disabled American Veterans (DAV), talked about the importance of volunteering to help veterans in the community in light of National Volunteer Month.

Issue: Medicaid Coverage Changes

Show: Audacy Radio Public Affairs Program

Date: Saturday, April 22nd and Sunday, April 23rd, 2023

Duration: “10 minutes of a 60-minute program”

Since March 2020, during the COVID-19 Public Health Emergency, the federal government paused Medicaid eligibility verifications – a process known as redetermination. Due to a proposal in the Consolidated Appropriations Act of 2023 passed by Congress, states may resume the process of redetermining individuals’ Medicaid eligibility beginning April 1, 2023.

Cheri Glockner, Director of Marketing and Government Relations for the SilverSummit Healthplan, discussed potential changes in Medicaid coverage and what community members need to do in order to keep or switch coverage post-pandemic.

Issue: Munchies 4 the Military

Show: Audacy Radio Public Affairs Program

Date: Saturday, April 29th and Sunday, April 30th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “15 minutes of a 60-minute program”

The 9th Annual Munchies 4 the Military donation drive is hosted by the Douglas J. Green Memorial Foundation, created in honor of founder Suni Chabrow's son, SPC Douglas J. Green, who was killed in action during his second tour of duty in Afghanistan in 2011. Inspirada, Liberty High School and the City of Henderson encourages the community to make a difference by donating items on the project's wish list, which includes: breakfast items, snack foods, beef jerky, nuts, dried fruit, protein and granola bars, wet wipes and more.

Issue: The Just One Project

Show: Audacy Radio Public Affairs Program

Date: Saturday, April 29th and Sunday, April 30th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

The Just One Project, Southern Nevada's largest mobile food pantry that distributes groceries to more than 20,000 food-insecure residents monthly, announced the return of its third annual premier fundraising event, On Cloud Wine. A celebration of the non-profit's remarkable impact in Southern Nevada, the evening honored Jerry Stanley, president and founder of Soil-Tech. Over the last two years, Stanley has generously donated to The Just One Project's client fund, a special fund created to support unplanned expenses.

Cynthia Lewis, Philanthropy Relations Manager for the Just One Project, talked about the organization and their 3rd Annual On Cloud Wine fundraising gala.

Issue: Childhood Cancer

Show: Audacy Radio Public Affairs Program

Date: Saturday, April 29th and Sunday, April 30th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: "10 minutes of a 60-minute program"

Each day in the United States, 43 children are diagnosed with cancer. It's the number one cause of death by disease in children in this country, but with major treatment advances, more than 85 percent of children diagnosed with cancer survive five years or more. This is a huge improvement from the mid-1970s, when the 5-year survival rate was about 58%. □

Since 1998, Hyundai Hope On Wheels has been a major contributor to the funding of research and program grants. With this year's record-breaking \$25 million contribution to celebrate its 25th anniversary, they will surpass \$225 million donated over the lifetime of the organization. Hyundai Hope On Wheels board member Kevin Reilly and childhood cancer survivor Raynie Clark talked about childhood cancer and fundraising initiatives to overcome the disease through research.

The 2023 Hidden Heroes are the men and women of the LVMPD EPS who lead the development, exercising, and implementation of an operational plan for major events in Las Vegas to ensure a safe and secure environment for the public.

Lisa Tomlin Kurr, Director of Development for the LVMPD Foundation, talked about the organization and the 6th annual Hidden Heroes Gala to recognize the police department's hidden heroes who keep Southern Nevada's economy thriving as they protect millions of visitors and hundreds of events each year.

Issue: Hospital Financial Crisis

Show: Audacy Radio Public Affairs Program

Date: Saturday, May 5th and Sunday, May 6th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “5 minutes of a 60-minute program”

The American Hospital Association (AHA) released a new report that details the extraordinary financial pressures continuing to affect hospitals and health systems and jeopardizing access to patient care. The report found hospital expenses across the board saw double-digit increases in 2022 compared to pre-pandemic levels, including for workforce, drugs, medical supplies, and equipment, as well as other essential operational services like IT, sanitation, facilities management, and food and nutrition services.

Aaron Wesolowski, Vice President for Policy Research and Analytics at the American Hospital Association (AHA), discussed the details of the report, and how these circumstances are impacting hospitals and patient care.

Issue: Communities in Schools Graduation Campaign

Show: Audacy Radio Public Affairs Program

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “15 minutes of a 60-minute program”

Communities in Schools (CIS) serves more than 87,000 students statewide, of which more than 72,000 reside in Southern Nevada, or 1 in 5 of the Clark County School District’s schools. Between the 2021-2022 and 2022-2023 school year, CIS has increased the number of students served statewide from 75,680 to 87,653 and the number of schools from 81 to 92. CIS is on track to move from serving 1 in 5 Title 1 schools in Nevada, to 1 in 3 Title 1, or 120 schools by 2024.

For the 2021-22 school year, CIS’ statewide graduation rate was 94 percent. This compelling data point bolsters the case to expand the CIS program into more schools and the metric speaks volumes about the effectiveness of the CIS methodology to close opportunity gaps for Nevada’s students and who are prone to dropping out. Tami Hance-Lehr, CEO and state director for Communities in Schools of Nevada, discussed the organization’s work in local schools and their annual Graduation Campaign to help high school seniors get the resources they need to graduate successfully.

Issue: National Blood Pressure Month

Show: Audacy Radio Public Affairs Program

Date: Saturday, May 13th and Sunday, May 14th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

High blood pressure is often called “the silent killer” because there are no obvious symptoms. In fact, about 1 in 3 U.S. adults with high blood pressure aren’t even aware they have it and are not being treated to control it. Controlling or lowering blood

pressure can help prevent or delay serious health problems such as chronic kidney disease, heart attack, heart failure, and stroke.

Dr. Larry Fine, a specialist in heart, lung and blood pressure sciences with the National Heart, Lung and Blood Institute, discussed signs and symptoms of hypertension and how to keep it under control for National Blood Pressure Month.

Issue: National Stroke Awareness Month

Show: Audacy Radio Public Affairs Program

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

In the U.S., more than 800,000 people suffer from strokes each year. Stroke is a leading cause of death in the country and a major cause of serious disability. Nearly three-quarters of all strokes occur in people over the age of 65 and the risk of having a stroke more than doubles each decade after the age of 55.

Dr. Clinton Wright, Associate Director at National Institute of Neurological Disorders and Stroke (NINDS), discussed signs of stroke, actions to take in an emergency, and preventative measures to avoid having one.

Issue: Boys & Girls Clubs of Southern Nevada Summer Programming

Show: Audacy Radio Public Affairs Program

Date: Saturday, May 20th and Sunday, May 21st, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

Parents often find themselves in a quandary about what to do with their children during the summer when they're out of school. There are various childcare programs, overnight camps, and specialty camps, but their cost and duration don't always solve the problem.

Known for its before and after school programs, the non-profit Boys & Girls Clubs of Southern Nevada also offers a day-long Summer Program that combines the fun of “summer camp” with its mission for youth to reach their full potential as productive, caring and responsible citizens. Alena Evans, Boys & Girls Clubs of Southern Nevada area director, talked about the organization and the extensive summer programming options for local youth and teens.

Issue: Mental Health Awareness Month

Show: Audacy Radio Public Affairs Program

American Legion National Commander Vincent J. “Jim” Troiola discussed suicide among veterans and the American Legion’s Be the One campaign focused on helping to prevent veteran suicide and mental health struggles. Jennifer Strauss, Ph.D., National Director of Women and Gender-Related Mental Health in the VHA Office of Mental Health and Suicide Prevention, discussed mental health issues and suicide prevention for women veterans.

Issue: People for the Ethical Treatment of Animals (PETA)

Show: Audacy Radio Public Affairs Program

Date: Saturday, May 27th and Sunday, May 28th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

Public universities and government agencies—taxpayer-funded institutions—are required by law to be transparent; open records laws and the Freedom of Information Act exist for this very reason. But with opinion polls showing that a clear majority of Americans oppose animal testing, institutions that experiment on animals are fighting to keep their endeavors in the shadows—and keep the public funds coming in.

Amy Meyer, manager of primate experimentation campaigns for People for the Ethical Treatment of Animals (PETA), revealed their investigation into animal testing being done at taxpayer supported labs to raise public awareness on some inhumane experiments their tax money is supporting.

Issue: The Las Vegas Rescue Mission Capital Campaign

Show: Audacy Radio Public Affairs Program

Date: Saturday, June 3rd and Sunday, June 4th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

The Las Vegas Rescue Mission, which started more than 50 years ago, has faced numerous challenges due to homelessness being prevalent in Las Vegas. Among the programs offered there are alcohol and drug treatment for men and women and an overnight shelter for men and women, along with an intact family shelter which keeps the family housed together. The shelter teams work with each individual and family to remove the barriers that keep them down, and there is an impressive placement rate into permanency. In order for the Las Vegas Rescue Mission to help the many in need, it needs to grow its campus.

Heather Engle, CEO of the Las Vegas Rescue Mission, discussed the organization’s charitable work supporting the homeless within the community and their current Capital Campaign fundraising initiatives to rebuild and expand the campus.

Issue: Newborn Opioid Withdrawal

Show: Audacy Radio Public Affairs Program

Date: Saturday, June 3rd and Sunday, June 4th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

Newborns exposed to opioids during pregnancy are at risk for a condition called neonatal opioid withdrawal syndrome (NOWS). A newer care approach called “Eat, Sleep, Console” (ESC) was found to be more effective than the traditional method used that can overestimate the need to give infants opioid medications after birth. ESC prioritizes non-medication approaches and a quiet, low-light environment, including swaddling, skin-to-skin contact, and breastfeeding when possible. The findings for ESC come from a clinical trial funded by the National Institutes of Health, which has been published in the New England Journal of Medicine.

Dr. Diana W. Bianchi, M.D., the director of the Eunice Kennedy Shriver National Institute of Child Health, discussed their research on newborn opioid withdrawal and effective ways to treat the symptoms without having to administer more drugs.

Issue: Pregnant Workers Fairness Act

Show: Audacy Radio Public Affairs Program

Date: Saturday, June 17th and Sunday, June 18th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

Roughly 56% of pregnant women work full time during pregnancy, and 73% return to work within 6 months after giving birth. The Pregnant Workers Fairness Act (PWFA) is a new federal law that requires covered employers to provide reasonable accommodations to a worker’s known limitations related to pregnancy, childbirth or related medical conditions, unless the accommodation will cause the employer an “undue hardship.” This law goes into effect beginning on June 27, 2023.

Charlotte A. Burrows, Chair for the U.S. Equal Employment Opportunity Commission (EEOC), discussed the new Pregnant Workers Fairness Act and the regulations in place to protect pregnant employees and new mothers in the workforce. The EEOC seeks to help employers avoid illegal practices at work and help employees when their rights are violated.

The second Walker store is located at the Sunmark Plaza in Henderson. Walker and its affiliates are Southern Nevada’s premiere choice in providing home furnishings and design services.

Patti Gerace, Marketing Director for Walker Furniture, talked about their 9th annual Help for Heroes campaign and how people can make submissions by writing a letter. They choose 12 recipients who are wounded veterans or active military in need of specialized furniture to receive it at no cost.

Issue: Kids Count Data Book

Show: Audacy Radio Public Affairs Program

Date: Saturday, June 24th and Sunday, June 25th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “5 minutes of a 60-minute program”

The country’s lack of affordable and accessible childcare short-changes children, costs the American economy billions of dollars a year and cripples women professionally. This year’s 2023 Kids Count Data Book, released June 14 by the Annie E. Casey Foundation, found many parents struggling to find childcare compatible with work schedules and commutes. The average annual national cost of childcare for one child in 2021 was \$10,600, a tenth of a married couple’s median income and more than one-third of a single parent’s income.

Lisa Hamilton, President and CEO of the Annie E. Casey Foundation, discussed the organization’s latest Kids Count Data Book on child wellbeing, and called out certain data points that community members should be aware of.

Issue: Children’s Hospital Association

Show: Audacy Radio Public Affairs Program

Date: Saturday, June 24th and Sunday, June 25th, 2023

Time: 5:00 am, 6:00 am, 6:30 am, 7:30am

Duration: “10 minutes of a 60-minute program”

Children’s Hospital Association hosted its 18th annual Family Advocacy Day in Washington, D.C. June 20 to 22, 2023, the first in-person event since the COVID-19

pandemic. Children's Hospital patients and their families from across the country will head to Capitol Hill to advocate for children's health focusing on the pediatric workforce issues, the importance of public health insurance coverage, and the youth mental health crisis. Families with children facing serious illnesses and conditions continue their call for long overdue legislative action from Congress. Specific priorities include urging legislators to focus on Medicaid and CHIP, programs which provide health insurance to nearly half of all children.

Amy Wimpey Knight, President of the Children's Hospital Association, discussed health initiatives for kids including the mental and behavioral health programs they're urging Congress to consider at the organization's annual Family Advocacy Day in Washington.
