Title: The Israel Guys Episode 70

Date Aired and Time: Jan. 19,2024 7:00pm

Since the beginning of the war, Gaza's Health Ministry has been casually throwing out numbers of those killed in the conflict with surprising regularity. Since the Health Ministry is controlled by Hamas, and they have proven themselves to be inaccurate in past conflicts, one would think that no one would take them at face value. Mainstream media has been quoting this corrupt organization since the beginning of the war without any caveats. This is misleading at best, and propaganda at worst. On today's episode, we dive into the numbers put forth by the Gaza Health Ministry. A casual look will both shock and alarm you. Has Israel really killed 30,000 Palestinians in Gaza since October 7th? All of this, and much more on today's program. Are the numbers closer to 2000-3000? Why is the Health Ministry lying?
