1<sup>st</sup> QUARTER 2010**

Community Issues-Responsive Programming Lists

The following is a list of “community issues” to which KMVU-TV has directed particular attention during the 1<sup>st</sup> Quarter of 2010. January 1<sup>st</sup> through March 31<sup>st</sup>. After consulting members of the community, employees and other sources KMVU-TV has identified the top issues of concern in the community. The information listed in the following pages has provided, in the opinion of KMVU-TV the most significant handling of these issues. The list is filed in KMVU-TV’s public file pursuant to section 73.3526 (3)(11)(i) of the rules of the Federal Communications Commission:

**TOP ISSUES OF CONCERN:**

1. Illegal Drug Use, Manufacturing & Trafficking
2. Growth & Development
3. Education/Funding
4. Health
5. Living Expenses/Economy
6. War
7. Crime/Gangs
8. Politics

*FOX FIRST AT TEN* runs for 35 minutes at 10:00pm Monday through Sunday throughout the 1<sup>st</sup> Quarter 2010.

**Community Issues – Illegal Drug Use, Manufacturing & Trafficking**

Drug Use has always been a major concern for local area residents. Most recently the Rogue Valley has cracked down immensely on Illegal Drug Use, Manufacturing and Trafficking. Law Enforcement and Communities have come together to put a stop to local drug cartel's manufacturing and trafficking between state lines. The communities are working together to put an end to illegal drug use in the Rogue Valley hopefully before it is too late.

**Community Issues –Growth & Development**

The Rogue Valley and surrounding areas have experienced a tremendous growth of residential and rural realms. There is constant construction happening around the Valley on bridges, freeways, roads, buildings and schools. New businesses are being introduced daily to the area and local communities are constantly growing and flourishing with new jobs and revenue being generated.

**Community Issues –Education/Funding**

Education is always a touchy subject with community members. Community members often find themselves facing cut-backs to school funding, teacher lay-offs and school closures. Many times our students are left facing the consequences of such actions. Many have been displaced and put in temporary schools or have moved to find more stable conditions. School enrollment is down and revenue is sent to bigger schools. The future of our local schools is a major player in today's community concerns.

Grants Cut

**Community Issues –Health**

One of the most important issues on people's minds are their health and the health of those they care for. People worry about everything from the common cold, std's, west nile virus and cancer. For that very reason it is important to get information out to the residents and general public so they can protect themselves from more devastating circumstances. Updates in patient care, drugs, tests, and outbreaks is very pertinent to the community.

**Community Issues – Living Expenses/Economy**

Every economy has their very high ups and extremely low downs, it ranges from taxes on gas, milk, paychecks, houses and even medical aid. Every single person feels the squeeze on their wallets and budgets when taxes increase within a community. Some accept the tax as part of the economy and community growths while others try to fight back by buying less or not buying on certain days. Either way people's pockets are affected and they must pay the increase, are the benefits worth the increase? Do you know everything there is to know about your local economy? Many don't even realize where their newspapers, television and foods come from.

**Community Issues –War**

War is on everyone's mind whether it be New York residents or Central Point residents. This year was especially tough for some local residents as many of our local troops were sent over seas to Iraq, Afghanistan, and other outlying areas currently at war. It is an issue that is heavily debated as to if we should be assisting in other's wars or whether we are heading to one ourselves. Either way it's one of the most controversial and thought about issues in every community!

March 25<sup>th</sup>  
WWII Remains

**Community Issues – Crime/Gangs**

Crime happens all over the country, it's in every small town and every big city. Crime happens to the young, the old and everyone in between, no one is immune. Authorities are cracking down on local crime and asking the local residents to assist them in making our city safer. This is an ongoing battle of good vs. crime and the community and authorities won't go down without a fight!

**Community Issues – Government/Politics**

With an election year coming up for presidency politics and government concerns are on everyone's mind these days. Every city, county and state is having elections for offices and then the Presidential Election is campaigning from state to state in a race to see who gets to make it to the ballots. People want to know when and where each election is taking place and express the real concerns with their public officials.
