KLAC  
Quarterly Issues/Programs List

---

KLAC provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **Animal Adoption/Rescue:** Leave No Paws Behind; Provides hospice care, comfort, love and a safe haven for the terminally ill and the hard core cases and LNPB will never board a rescued animal.
- **Animal Rights :** I Stand With My Pack is a non-profit organization that aides in the prevention of animal suffering and cruelty through means of education, hands-on field work, fundraising, non-violent protest, legal action, and collaborative efforts with other organizations & governments.
- **Arts :** Making Movies That Matter (MMTM) is a Youth Short Film Festival open to all K-16 students within CD12 and the San Fernando Valley. The intent of MMTM is to inspire students to identify issues and topics that resonate with them and to have that passion manifest itself in films that touch people. The funding was secured and directed toward CD12 schools recognizing that arts education, one of the more critical tools in serving the social/emotional needs of the students has been at the effect of budget cuts and this project is a wonderful avenue of augmenting the curriculum.
