NEWS RELEASE

Candace J. Grubbs, County Clerk-Recorder/Registrar of Voters
(530) 538-6366

Date: February 5, 2019

ELECTIONS OFFICE IS URGING VOTERS DISPLACED BY THE CAMP FIRE TO UPDATE VOTER REGISTRATION INFORMATION

OROVILLE, CA – Butte County Clerk-Recorder/Registrar of Voters, Candace J. Grubbs, is urging residents displaced by the November 2018 Camp Fire to update their mailing address with the Registrar of Voters so that they will receive important election materials for upcoming elections.

"We want to help voters who may have been impacted by the Camp Fire understand how to update their voter registration. Depending on what the voter's intent is will depend greatly on their registration options," said Candace J. Grubbs, Butte County Clerk-Recorder/Registrar of Voters.

Voters who intend to return to their properties may retain the impacted residence address in order to continue to vote in their original precinct, but will need to update their temporary mailing address on their registration. Voters who do not intend to return to their impacted property address should re-register at their new permanent residence address.

For more information or questions on how to update voter registration information, please email elections@buttecounty.net or call 530-538-7761 or toll free 800-894-7761.

| Time | Segment | Dur. | |
| 2:02 | SEGMENT 1: AUTISM IN GIRLS | 12:48 | |
| <p>Synopsis: Experts have believed that autism affects four times as many boys as girls, but the ratio may not actually be quite that high. Doctors are learning that autism shows up differently in girls' behavior as a result of brain differences. This leaves many girls with autism undiagnosed. Experts discuss how it appears in girls and the consequences of those differences.</p> | | | |

| 15:52 | SEGMENT 2: INVISIBLE GIRLS: VICTIMS OF INCEST | 7:06 | |
| <p>Synopsis: Experts say incest is the most common of all sexual abuse, but the least discussed openly. This can leave victims isolated and less able to reveal abuse, which can have further psychological ramifications later on. A noted expert on sexual abuse discusses how incest makes girls feel particularly responsible and unable to come forward, and a non-profit organization that seeks to help them.</p> | | | |

| Synopsis: Hearing voices in your head comes with an unfortunate stereotype that you must be mentally ill. However, experts tell us the “voices in your head” can be used to talk to, and about, yourself in a healthy, productive way. In fact, most people hear voices in their head and already use inner speech on a daily basis. We discuss tips and techniques to use “self-talk” as a way to get yourself through tough decisions and lower stress. | | | |
