

Issue and Programs Report
for

WJCZ

91.3 FM Milford, Illinois
4th Quarter 2013

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why its important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer to our God.

It is our desire to lift up prayer requests from people of all races and religions in an effort to reach out to those who don't have Jesus Christ as their personal savior.

How are symptoms of a heart attack different in men than in women? Dr [Kara Davis](#), author of [Spiritual Secrets to a Healthy Heart - Uncovering the Roots of America's #1 Killer](#), says replacing bad fats with unsaturated fats reduces heart disease by 53%. Many people, including Christian leaders, try to fit billions of years into the Genesis account. [Russ Miller](#), author of [It's About Time - How to Believe God's Word in a Secular World](#), substantiates the Biblical account through logical and scientific answers to man's origin, sin and death. The amazing universe shows God's awesome creativity. The omnipotent Creator simply spoke and galaxies whirled into space and the universe was created.

Dr [Jack Cuozzo](#), author of [Buried Alive - The Starting Truth About Neanderthal Man](#), says the people who lived before the Flood were so different from us that scientists call them a different species. Of course their genetic make-up was different. They lived over 900+ years. Dr Cuozzo describes the huge bones of these ancient patriarchs. Before sin, there was no death. He tells poignant stories such as an elephant blockading the ring and stopping a stampede of elephants. He tells a tear-jerking story of an old, shaggy dog that was once a circus-performing dog. What do *angels* look like? Jesus promised *mansions* awaiting God's children. What are they like? Dale Black describes heaven's music and the brilliant colors in grass, flowers, and water. Issue/s Addressed: Issues In Education – The Greatest Gift

Jesus' Profound Love for Man

There's a wonderful spirit at Christmas that goes beyond other holidays, beyond gifts, friends, family and music. Renowned author, [Max Lucado](#), says people never tire of hearing about God's love *for them*. Jesus went from holding the stars in His hands to clutching Mary's little finger. The God who created the universe came to earth as a single, tiny cell inside a woman. Why? What is He like? He stopped the storm at sea but allowed soldiers to nail Him to a cross. Actor [Bruce Marchiano](#), gives such a dramatic, inspirational, description of Jesus you will never forget it. Jesus' profound love has no limits.

Issue/s Addressed: Issues In Education – Maturing In Christ

I Will Be Found By You – Reconnecting with The Living God

How did 12 apostles change the world, yet millions of Americans Christians are being changed *by the world*? [Francis Frangipane](#), author of [I Will Be Found By You – Reconnecting with The Living God](#), says the key to a blessed life, to overcome our anxieties and fears is to become like Christ. Christ was in constant communication with and dependant upon the Father. Maturing comes when we break the cycle of seeking God only in times of trouble but seek Him all the time. Although Jesus was in the midst of conflict and cruelty, he sought above all else to please the Father. What's the purpose of your life?

Issue/s Addressed: Public Health – Creation Education Center Part I

Christian Apologetics for a Biblical View of Creation

Today, it's being reported that as many as 2/3rds or more of Christian students are walking away from their faith by the time they leave college. So to help us better equip and engage Christians with the truth about the "facts" vs. "faith" dilemma many students encounter as they face opposing opinions about the Christian worldview, we've invited Jay Seegert, President and Co-Founder of the Creation Education Center: "Helping the believer think, and the thinker believe".

In the first part of our discussion, Jay takes on some of the most difficult questions we face with regard to the undertow of secular ideas permeating the Christian community today, as well as gives his personal testimony as to how God led him to find answers and help educate others about specific points of contention in the scientific community that challenge a Biblical view of Creation.

Jay shares about the goals of the Creation Education Center, the statistics regarding who is being challenged and how, the proper view of the Genesis account in regard to the explanation of origins, the source of confusion with regard to operational science vs. a scientific explanation of origins apart from the Word of God.

Pastor Eric Haley joins us to share how it is that he became a follower of Jesus Christ, beginning with his childhood days up through the time he surrendered his life to His service. Pastor Eric explains how, at an early age, he was always trying to catch God watching him, though a reclusive child, he learned how he could invite Jesus to change his life at the age of 14. Henceforth, he experienced a radical change in his life, through the faithfulness of God. We laughed at how Eric became someone who couldn't stop sharing the gospel through the love of Jesus Christ, though starting out so reserved in terms of dealing with people and his view of people groups.

Eric shares how he became a pastor much later in life, in his 40's, though receiving the call to follow Jesus much earlier in life. He shares about Calvary Chapel Carol County, and how God continues to show Himself Faithful, though the people who gather for worship and Bible teaching there.

He shares how his friend took him to a youth group, and his exposure to the message of experiencing joy through the grace and knowledge of Jesus Christ.

Guest: Rick Gorham

Date: 12/28/13

Issue/s Addressed: Spiritual Growth & Christian Living – Calvary Chapel on the Horizon

The West Side of Indianapolis, IN

Pastor Rick Gorham shares his personal testimony, in how he came to know Jesus in 1977, at the end of “The Jesus Movement”; a pouring out of the Holy Spirit through the ministry of Pastor Chuck Smith at Calvary Chapel Costa Mesa, in California. Rick’s friends ministered to him through a traumatic water skiing event, which readied him to hear and accept the gospel message of Jesus Christ. Rick shares his thoughts about learning about the Lordship of Jesus Christ, after a time of backsliding, not knowing about the baptism of the Holy Spirit, because his particular church did not teach it.

Despite his poor understanding of what it was to surrender, the Lord saw fit to reveal to him further revelation through the filling of the Holy Spirit, which changed his life forever. Rick became an “open air preacher” for a time, and followed that call until the Lord called him to ministry as a Pastor, and he shares the various experiences he had and what he learned about the battle over the Truth and choice every man must make to either accept or reject the gospel message of Jesus

Christ. Pastor Rick shares the challenges as well as the joys of serving the Lord through the ministry of the Word of God
as a Pastor.
