

Issue and Programs Report

for

WJCZ

91.3 FM Milford, Illinois

1st Quarter 2012

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why its important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also Broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

Guest: Colin Gunn

Length: 26

Date: 01/07/12

Issue/s Addressed: Education: IndoctriNation Part I

Indoctrination- Public Schools and the Decline of Christianity

We are witnessing the collapse of our nation financially, morally and spiritually. For all the problems, there must be some root cause. It's not because of abortion homosexuality and corruption. These are symptoms. What is the root cause? [Colin Gunn](#), producer of the film (cuts included) [Indoctrination- Public Schools and the Decline of Christianity](#), says culture is the product of our schools. Law forbids Christians from being Christians, yet secular teachers are given awards for promoting atheism and homosexuality. Many cuts from the film including RC Sproul, "We don't lose children we give them away."

Guest: Colin Gunn

Length: 26

Date: 01/14/12

Issue/s Addressed: Education: Indoctrination Part II

Indoctrination- Public Schools and the Decline of Christianity

Persecution has begun as Christian teachers are fired and students censored for just speaking about their faith. Cuts from the fast paced, captivating film by [Colin Gunn](#), producer of [Indoctrination-Public Schools and the Decline of Christianity in America](#). An atheist education produces atheist students and an anti-God, immoral culture. We are losing our culture, because Christians have refused to educate their own children. A new vision for changing our culture must include educating children. Parents! Do you want your children to believe what you believe or what the state is promoting?

Guest: Rick Boyer

Length: 26

Date: 01/21/12

Issue/s Addressed: Children & Youth: Take Back the Land Part I

Indoctrination- Public Schools and the Decline of Christianity

In past generations, young people under age twenty, were fighting wars, raising families and working fulltime. But today, schools are keeping young people immature and dependant on their peer group. Meanwhile, they're losing their hope and their future. It's time for youth to take back their future. Sixth grader, [Sam Besserman](#), tells how his teacher tries to intimidate and indoctrinate students into liberalism. [Rick Boyer](#), author of [Take Back the Land- Inspiring a New Generation to Lead America](#) has ideas for revival and a renewal. Training young leaders is the key to winning back our culture.

Guest: Rick Boyer

Length: 26

Date: 01/28/12

Issue/s Addressed: Children & Youth: Take Back the Land Part II

Take Back the Land – Inspiring New Generation to Lead America

Cuts of President Obama and his dedication to promoting homosexuality and how he has ordered the US State Dept to promote homosexual rights throughout the world. Why did this generation of young people vote 2 to 1 for the most socialist, pro-homosexual, pro-abortion President in our history? God is challenging young people to impact their future in a Godly way and politics is part of that calling. God is calling and inspiring young people to wake up and realize it's their future, its' their nation, and it's going to hell. The key to winning back the land is equipping and training leaders.

Guest: Dr. Ted Broer

Length: 26

Date: 02/04/12

Issue/s Addressed: Public Health: Health Matters

A Comprehensive Overview of a good diet

Americans diet more and are more overweight than ever. What are the keys to vibrant health? How safe is feeding kids hot dogs? Children who eat just three hot dogs a week have 9 times the risk of getting leukemia. Overweight youth are at much greater risk of getting cancer, heart disease and diabetes. [Dr Ted Broer](#), a nutrition expert, biochemist and author of [Maximum Fat Loss](#) and [Maximum Energy](#), gives a comprehensive overview of a good diet and the ten foods to avoid and why to avoid them. Lifelong habits are established in youth, but this young generation may not outlive their parents.

Guest: Ted Byfield

Length: 26

Date: 02/11/04

Issue/s Addressed: Religious Freedom, Oppr. Terrorism: Secrets of the Saints

Extreme Devotion: Supernatural Courage Originate with Almighty God

Why did Christians down through the ages give up everything to follow Christ? What was the secret to their super human bravery? [Ted Byfield](#) says the world was convinced of the truth of the gospel because Christians took the most gruesome tortures and death to prove it. [Todd Nettleson](#), with the *Voice of the Martyrs*, gives fascinating accounts from *Extreme Devotion*, such as the North Korean mother who refused to deny Christ despite being forced to watch her children hanged, and she was run over by a steamroller. These stories of supernatural courage originate with Almighty God.

Guest: Jonathan Cahn

Length: 26

Date: 02/18/04

Issue/s Addressed: The Economy: The Harbinger Pt 1

The Harbinger- An Ancient Mystery That Holds The Secret of America's Future

An ancient mystery holds the secret to America's future. This mystery will affect every aspect of your life. You will be affected. Before its destruction as a nation, ancient Israel received prophetic warnings - the exact same nine harbingers that are manifesting in America right now. Messianic pastor [Jonathan Cahn](#), author of the best selling *The Harbinger - An Ancient Mystery That Holds The Secret of America's Future*, unveils Biblical prophesy in combination with events beginning with the attacks of 9/11 and the collapse of the economy exactly 7 years later. Has America crossed the line of no return?

Guest: Jonathan Cahn

Length: 26

Date: 02/25/12

Issue/s Addressed: The Economy: The Harbinger Pt 2

The Harbinger- An Ancient Mystery That Holds the Secret of America's Future

Does God still judge nations or was that just in the Old Testament? Why did God judge Israel when there were far worse nations all around it? [Jonathan Cahn](#), author of the best selling *The Harbinger*, says we can learn much about what God is doing in this nation by what He did in ancient Israel. There is a pattern, a prophecy that is being fulfilled in our time in our nation. There are 9 harbingers; uncanny parallels between Israel's leaders pronouncing a vow of destruction, a financial meltdown, terrorism, and replacing fallen bricks and the sycamore tree and judgment. Our nation is in extreme danger.

Guest: David Courtman

Length: 26

Date: 03/03/12

Issue/s Addressed: Education: Bible Banned Once Again

Alliance Defense Fund

The Bible has been banned once again in public schools but this time all religious and classical books are banned. The Bible can't even be studied for it's historical or literary value. In another 9th Circuit case, Christian clubs are required to have non-Christians as leaders, even atheists. Imagine the outrage if a homosexual club was required to have a Christian leader. The ramifications of these decisions could be massive as churches could be required to have unbelievers as pastors to keep their tax status. [David Courtman](#), senior council for the *Alliance Defense Fund*, is appealing these cases to the US Supreme Court.

Guest: James Emery White

Length: 26

Date: 03/10/12

Issue/s Addressed: Education: Loving God With All Your Mind

A Mind For God

Do you have a superficial interest in Christianity or do you have a mind for God? What did Jesus mean when He said to love God, not with just part, but with ALL your mind? How does this apply to a Christian student who spends all day in an atheist school system? [Pastor James Emery White](#), author of [A Mind For God](#), says being created in God's image means we are thinking beings. God intends for us to use our minds, to think and reason from scripture. We are in a battle of ideas. Ideas determine who we are, what we will do and our future. How can we discipline our thoughts and find peace?

Guest: Andy Andrews

Length: 26

Date: 03/17/12

Issue/s Addressed: Religious Freedom, Oppression: How Do You Kill 11 Million People

-Why The Truth Matters More Than You Think

How do you kill 11 million people? What's the method used to do something that diabolical? Could it happen in America?

[Andy Andrews](#), author of [How Do You Kill 11 Million People? - Why The Truth Matters More Than You Think](#), says 11 million people, the number killed by Nazi's from 1933 to 1945, could have fought back by overwhelming the few guards. But Nazi leaders like Eichmann told them they were there to be protected from the advancing Russian soldiers. That they would have good schools and jobs. They were lied to and they believed it. Are our leaders lying to us today? Is history repeating itself?

Guest: Clayton King

Length: 26

Date: 03/24/12

Issue/s Addressed: Spiritual Growth & Practical Christian Living: Living For Christ

Abandoning Yourself to God's Bold Paradox

What did Jesus mean when he said, "We must die to live"? And, "Love God with all your heart and mind." What does self sacrifice mean to this self indulgent generation? How can we love God with all our being? [Clayton King](#), author of [Dying to Live - Abandoning Yourself to God's Bold Paradox](#), says dying to self is not an end but a beginning. Being a follower of Jesus is the highest calling but requires self-discipline and self-sacrifice. Soldiers see their training not as a sacrifice but preparation for a greater purpose. As Christians, our sacrifices and sufferings are nothing compared to the eternal treasures awaiting us.

Guest: Dr. David Menton

Length: 26

Date: 03/31/12

Issue/s Addressed: Education: Fearfully and Wonderfully Made

Inherit the Wind

Schools do a disservice to their students by showing inaccurate and anti-Christian propaganda films like *Inherit the Wind* that makes a mockery of the Bible and suppresses the truth in unrighteousness. Anatomist and teacher at [Answers in Genesis](#), [Dr David Menton](#), professor of the year at Washington U School of Medicine, discusses his [DVD series](#) on the

ear, the eye, the brain and reproduction. Sound is converted from airwaves, to tiny bones in the inner ear, to neuro-chemicals in the brain. Man's best efforts to replace the eye is a glass eye. The eye is much better in function and design than any camera lens.

Friends And Neighbors

Friends and Neighbors is a weekly 15 minute interview show, hosted by Tonya Mandich, that are specifically directed to address the issues in the community of broadcast. Interviews, with guests from different companies, community groups and non-profit organizations, are intended to educate & inspire discussion about the various issues and address the problems and concerns from people within the community.

Fighting Substance Abuse Through Faith-Based Programs

Amber Hansel, the founder and executive director at "Frontline Foundations" joins to us on the program to share her experiences with the ministry God has placed on her heart; drug and substance abuse problems in youth. She tells us of her life experiences which led her to start "Frontline Foundations", a certified, outpatient Christ-centered treatment provider and recovery program for kids between the ages of 18-28, because it's the indicator on both a local and a national level of the highest mortality rate.

The issue, according to Amber, is kids is hopeless on the part of the drug user. She shares the mercy of God with each person who walks through the doors... what she calls as "God ordered", as opposed to Court ordered appointments with God.

Issue/s Addressed: Public Health and Safety: Super Bugs

Ban of Extra-label use of Cephalosporins in farm animals

David Wallinga, senior adviser of science, food, and health at the Institute for Agriculture and Trade Policy joins us to discuss the recent ban of what is described as “off label use” of Cephalosporins in the production of food-producing animals. The danger is that as the use of these drugs with the animal population continues, human beings who ingest these animal products become increasingly resistant to treatment for infections, producing what is now termed as “Super Bugs”. As of April 5th, farmers across the country must find alternative treatments to Cephalosporins, as these vital drugs will be restricted for the use of human treating human infections.

A Biblical world-view of death and wisdom for living

Marjorie Hopkins shares her experiences when she was the wife of a funeral director. Marjorie uses wit and wisdom to encourage listeners to consider the reality of death in order to impress upon them the importance of a world-view that considers the eternal perspective, rather than a temporal perspective on life. Marjorie's observations about the frailties, distractions, and temporary preoccupations of life often rob people of preparing for the inevitable, which robs them of an experience on earth that shows much spiritual depth or impact for eternal purposes.

Her book is a brief, easy read, yet full of insight and practical wisdom for living and the most sure and significant appointment in life, which is physical death.

Jesse Overhaltzer started "The Good News Clubs" in Chicago in 1937, and currently is the largest outreach ministry for children in the world. Mr. Swisher shares his experiences as to how he got involved. 1,800 missionaries throughout the world are working in schools to reach children with the Gospel. Guest: Dr. Charles Page

Length: 18:59

Date: 03/17/12, 03/18/12

Issue/s Addressed: Public Health: Surrendered Sleep Part I

Dr. Charles Page, author of “Surrendered Sleep: A Biblical Perspective” shares what the Scriptures have to say about sleep. Beyond the mere humanistic perspective about the root cause of sleep problems, there seems to be few answers as to how our Spiritual lives are connected to our sleep and sleep problems.

He shares his experiences as a general surgeon, and how God has used the circumstances of his life to teach him about the significance of sleep in our Spiritual lives. The most predominant problems, such as sleep apnea are discussed, as well as the way God created us to surrender through our sleep. The Scriptures often reveal the “attitudes” people have in relationship to God’s involvement in their sleep. God, is as intimately involved in our sleep as He is in our wakeful hours. Sleeping well is not always a sign of a good relationship with God, which is sometimes the pervasive thought in present day Christianity. The Spiritual dynamics are often dismissed in the lives of believers, which is a real problem for God’s people.

John 9 reveals how Jesus did three things; He used medicine, faith, and obedience to heal: There’s a medical, a spiritual, and the man’s part. God can choose whatever vehicle He wants to heal us, so by faith we can approach medicine that God is our Healer. Attitudes of the heart are so importance with regard to healing, as well as the fears we have with regard to sleeplessness.

Issue/s Addressed: Public Health: Surrendered Sleep Part II

Dr. Charles Page, author of “Surrendered Sleep: A Biblical Perspective” shares what the Scriptures have to say about sleep. Beyond the mere humanistic perspective about the root cause of sleep problems, there seems to be few answers as to how our Spiritual lives are connected to our sleep and/or sleep problems.

Obesity and sleep deprivation usually go hand-in-hand and are usually associated with obstructive sleep apnea. In people, specifically children, the time we spend together just prior to sleep is important in the quality of our sleep throughout the night, more specifically it is a receptive time for us to hear from the Lord because of the busy pace of our lives from day to day for some individuals.

Recognizing God in the night time hours is something Christians need to work on developing, especially when facing sleep disturbances and God’s involvement in those situations. Insomnia can be the God of eternity wanting to reveal Himself to them.

Sometimes there are no answers as to why we experience sleep disturbances from time to time, but to be sure, we must come to understand, before we are able to pass our nights in peace, that God is in the center of it. Nothing that happens in the course of our lives is beyond the fingertips of our Lord and Savior Jesus Christ. We can trust in Him.
