91.3 FM

Milford,

Illinois

4TH Quarter 2017

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county

Biblical Insights

Biblical Insights is a live call in show, . Various pastor's host the show to answer theological, spiritual and social questions from callers throughout the listening area of Calvary Radio Network, with the goal of educating people on God's word and challenging them to grow in a deeper relationship with Christ through studying his word and seeking His wisdom for their lives.

Biblical Insights is broadcasted Fridays at 5:00pm CST and runs 58 minutes long and most commonly covers issues regarding Spiritual Growth, Family & Marriage through answering questions related to these topics.

Saturday Morning Kid's Show

Two hours of story time for children is provided to teach about spiritual and social things children can understand. This is used as an alternative to Saturday morning television, with little or no educational value, aimed at children.

Programming starts at 7am CST on Saturdays and shows include: Praise club workshop, Paws & Tales, Bible News Network, Praise Club Workshop and Adventures in Odyssey which cover issues related to children like the benefit of sharing, loving one another and loving God.

Battleground

Battleground is a live, 25 minute show dedicated to reaching out to the community through a short devotional message and a time of intercessory prayer. The devotional time is dedicated to encouraging and strengthening believers through the word of God. It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer

It is our desire to lift up prayer requests from people of all races and religions in an effort to those who don't have Jesus Christ as their personal savior.

Prayer requests are received any time day or night through people e-mailing us at battleground@calvaryradionetwork.com or by calling the station toll free at 866-303-9457 and dialing the special battleground extension number 203. Requests are taken by staff members during normal business hours and any time there is staff present at the studios.

Battleground is broadcast weekdays at 10:00am CST with various pastors from around the nation and covers a wide variety of issues due to prayer requests that stem from family & marriage to the economy & unemployment to youth and children to spiritual growth and more.

Issues in Education

Issues in Education is an interview show exploring issues with Christianity in schools, education, and intellectual thought. It's hosted by Bob and Geri Boyd with a goal of educating and informing listeners of things going on in schools and in the world that they may not be aware of as well as challenging people to get involved in their community.

Issues in Education is broadcasted at 3:30pm ct 4:30 pm et Sundays .

The Following Programs for this Quarter Include

Side B: 10/01/2017

Great News for Americans part 2

Professors have convinced many impressionable students that Marxism helps the poor more than capitalism. But socialism and communism not only haven't helped the poor but *slaughtered* them. The USSR and China slaughtered about 100 million people the last century. What's the difference between liberalism, socialism and communism? Jesus and the early Christians were not socialists! [Jay Richards](#), author of [Money, Greed, & God](#), dispels economic myths that lead students to become socialists. How do moral issues affect economic issues? The biggest cause of poverty is single motherhood.

Side A: 10/8/2017

Connecting Life and Faith

1540

How can we best explain *who God is* to a teenager? What's the main obstacle that keeps youth away from Faith in Christ? Legendary [Josh McDowell](#), author of 147 books, such as [More Than a Carpenter](#) and [Evidence That Demands a Verdict](#) and his newest [#Truth- 365 Devotions for Teens, Connecting Life and Faith](#), says he was raped as a child, became agnostic, yet became one of the world's great authors and debaters. Josh did a study to discover how Justin Martyr turned his pagan culture to Christ and discovered keys to make Christianity relevant, inspirational, compelling and life changing for youth today.

Side B: 10/15/2017

Education: What's God's Opinion?

1541

Parents! What is your primary purpose in educating your child? Does God care what *school* your child goes to? Are public schools religiously neutral? [Israel Wayne](#), is best selling author of [Education: Does God Have an Opinion?](#) Are home schooled kids adequately socialized or too sheltered? Why were the public schools started? From God's perspective, what is a *good school*? For a good education, teach your child to know and love the Lord, give them the tools to learn, teach them to read, to reason and do research so they will succeed! The greatest issue for the future of the Church is the education of its own kids

Side A: 10/22/2017

The Biblical Basis for Education

1542

How can America get back to the ideas that made it the greatest Christian nation in history? [Peter Marshall](#), author of [The Light and The Glory](#), gave says, "Colonial New England produced the most incredibly, well-educated generation of Founding Fathers who were not only brilliant but they were full of Godly Character." Amazing achievements include the revival at Yale led by its president; Jonathan Trumble read the entire Bible at age 4 and passed the entrance exam to Yale at age 7. John Quincy Adams was an ambassador to Russia at age 14. Without absolute values corruption and destruction are certain.

Side B: 10/29/2017

The Answer for ADHD

1543

Why are healthy children labeled "ADHD" and put on psychiatric drugs? Are they drugs for a real disease or simply for the teacher to control the class? What can parents do with a "strong willed child?" Is there a chemical imbalance in the brain? [Dr Peter Breggin](#), a psychiatrist for over 40 years, and a consultant for the [National Institute of Mental Health](#), has written more than 20 books, including [Medication Madness - A Psychiatrist Exposes the Dangers of Mood Altering Drugs](#). Dr Breggin gives some fascinating case studies where psychiatric drugs didn't cure chemical imbalances but *caused them*.

Side A: 11/5/2017

The Jesus Life

1544

There's plenty of information but little transformation! People know what Jesus taught but not how He lived. **Stephen Smith**, author of [The Jesus Life, Eight Ways to Recover Authentic Christianity](#), says "Jesus was not stressed as many of us are today. He enjoyed life with dinners, debates and long walks with his disciples, yet He regularly got away to be alone in prayer. The dinner table is more than simply eating but fellowship and acceptance." Love is the most powerful force in the universe. Love changes atheists into followers of Christ. To live as Jesus lived means to *savor and enjoy* life not just *endure* it.

Side B: 11/12/2017

Korean Veteran

1545

How can we raise young heroes to defend our freedoms, if young people don't know the price others paid to win our freedoms in the past? This inspirational program features a captivating account by Korean veteran **Ed Reeves**. Ed fought for his life in minus 30 to 40 degree temperatures. It was so cold, the bullet holes in his body froze shut and kept him from bleeding to death. Even after almost all the others were killed, **Ed Reeves** clung to his faith and Gideon Bible, and fought on despite his life-threatening wounds and no ammunition. This miraculous account is spell binding. It's as if you are there.

Side A: 11/19/2017

Truly Thankful

1546

Schools teach that Thanksgiving was a feast when the Pilgrims gave thanks to the Indians instead of to God. **Peter Marshall**, author of [The Light and The Glory](#), describes the first Thanksgiving when Pilgrims were starving with only 5 kernels of corn a day. **Peter Marshall** says The Pilgrims came here to bring the gospel to the Indians. **Connie Ricks**, a 4th grade teacher, reads the diary of a girl who came over on the Mayflower and the struggles they endured. **Dr John Pafford** says it was the strong Christian faith of the Pilgrims that established this nation as a Christian commonwealth and fostered a free market economy

Side B: 11/26/2017

Saving a Sick America

1547

Our nation is morally sick with marriage and family in tatters, the Church in denial – avoiding controversial social issues, and schools teaching immorality. **Dr Michael Brown**, author of [Saving a Sick America – A Prescription for Moral and Cultural Transformation](#), says, "Schools don't teach students to think critically but indoctrinate students into relativism. How did our culture degenerate from the Founders moral and spiritual vision for America? The origin can be traced back to the schools replacing Biblical absolutes with relativism, where you can be whatever sex you *feel* like. Without God, anything goes.

Side A: 12/3/2017

Victory in Court

1548

As a teacher, **Dr Robert Simonds** was a bold witness for Christ and would begin class with a scripture on the board. The ACLU sued and took him to court. The Lord gave Dr Simonds a brilliant defense and even miraculously pressed the heads of the prosecution to their desks. Dr Simonds says, "If you stand up for Christ, He will do the rest." Another time at an NEA convention, Dr Simonds stood up to defend Christian teachers from a hostile crowd that pressed in on him. But the Lord again provided a powerful angelic defense. Dr Simonds, founder of *Citizens for Excellence in Education*, is our mentor.

Side B: 12/10/2017

Who is Jesus

1549

If Jesus is not God, how does his death on the cross *save your soul*? Was Jesus just a *good moral teacher*? Jesus did and said amazing things no other person has ever said or done like miraculously, instantly stopping a mega-storm at sea with just His word. Jesus said He is the great "I Am", which is God Almighty's name. When He raised Lazarus from the dead, He said, "I Am the Resurrection and the Life." He also said, "No one comes to the Father except through Me." **Greg Gilbert** is the author of [Who Is Jesus?](#) The most important question is *who do you say Jesus is?* How can Jesus be God as the Father is God?

Side A: 12/17/2017

Classic Christmas Composers

1550

Christmas would not be Christmas without Christmas music. It's ironic that public schools censor out any music that mentions Jesus as Lord, yet the greatest musicians were Christians. Mozart, Beethoven, Bach, Handel... were born again Christians who loved our Lord. [Dr Patrick Kavanaugh](#), author of [Devotions from the World of Music](#), and [Raising Musical Kids](#), gives some fascinating details into the lives of the world's greatest composers and some great ideas how to help your child develop a love for good music. What do you say when your little Mozart wants to quit his music lessons?

Side B: 12/24/2017

God's Birth on Earth

 1551

What is God like? Hundreds of years before the birth of Christ, Isaiah prophesied about Christ, "Unto us a Son is given: and His Name shall be called Mighty God, the everlasting Father." Was Jesus really God? Was He the Creator? He was. God came to the earth He created in the smallest form possible, as a single cell. Film maker [Bruce Marchiano](#), who acted the parts of Jesus in more films than any other, is the author of [Jesus, Yesterday, Today and Forever](#). What was Jesus like as a child? What was it like for Mary, expecting Jesus to rule the world, to see Him crucified? Why did Jesus have so much supernatural joy?

Side A: 12/30/2017

Trial by Fire

 1552

The great US Senate Chaplain [Peter Marshall Sr](#) gave a fiery sermon, *Trial By Fire* that shook the nation. As Elijah challenged Israel, Peter Marshall challenged Americans in the mid 1940's to choose between following Christ or Ba'al. Many Americans live in a moral fog that knows no absolutes but a confused grey. What does America stand for to those who have sacrificed so much in war? Is this nation worth dying for? If we no longer follow the Lord, stop pretending to be a Christian nation. Without God, we can't move mountains but stumble over molehills. America will be governed by God or ruled by tyrants.

Friends and Neighbors

Friends and Neighbors is a weekly 15 minute interview show, hosted by Tonya Mandich, specifically directed to address the issues in the community of broadcast. Interviews, with guests from different companies, community groups and non-profit organizations, are intended to educate & inspire discussion about the various issues and address the problems and concerns from people within the community.

Friends And Neighbors is aired Saturdays at 6:00pm CST and Sundays at 6:00am CST

Guest: Lara Bryant

Date: 09/30, 10/01/2017

Issue/s Addressed: The Environment – Counting Cover Crops

The Implementation of Cover Crops: The Governor of Illinois recently announced the implementation of the Cover Crop Project in the State of Illinois to help improve the quality of water sources in the Midwest. Lara Bryant, from the National Wildlife Federation joins us by phone to explain the environmental dilemma and the progress we are making through the implementation of cover crops.

Two new reports from the National Wildlife Federation outline the benefits and challenges, and say cover crops are on the rise. "Cover crops are a win-win-win for our nation's wildlife, waterways and farmers", said Lara Bryant, report co-author and Agriculture Program Coordinator for National Wildlife Federation.

For more information about Cover Crop research, etc., go to www.nws.org or "Managing Cover Crops Profitably", or the Midwestern Cover Crop Counsel for reliable information about these methods.

Guest: Laura Thomas

Date: 10/7,10/8/17

Issue/s Addressed: Public Health – NAMI Part I

One In Four Americans Live With Mental Illness

Lara Thomas, Executive Director of NAMI explains how one in four Americans suffers with some form of mental illness, according to the National Alliance on Mental Illness, also known as NAMI. So to help create more awareness about mental health services in

Illinois and nationwide, the focus of Mental Illness Awareness Week, is to increase public awareness and understanding about the stigma attached to mental illness, and help people overcome the hurdles to getting the treatment they need. Thomas says integrated health care, through therapeutic interventions are effective, as well as managing treatment with medications, yet early treatment is critical to the patient's outcome.

For more information about NAMI, go online to www.nami.org or call 1-800-346-4572.

Guest: Lara Thomas

Date: 10/14, 10/15/17

Issue/s Addressed: Public Health – NAMI Part II

One In Four Americans Life With Mental Illness

This is the second part of a two part series on the issue of mental illness: Lara Thomas, Executive Director of with NAMI elaborates on how one in four Americans suffers with some form of mental illness, according to the National Alliance on Mental Illness, also known as NAMI. So to help create more awareness about mental health services in Illinois and nationwide, the focus of Mental Illness Awareness Week, is to increase public awareness and understanding about the stigma attached to mental illness, and help people overcome the hurdles to getting the treatment they need. Thomas says integrated health care, through therapeutic interventions are effective, as well as managing treatment with medications, yet early treatment is critical to the patient's outcome.

For more information about NAMI, go online to www.nami.org or call 1-800-346-4572

Guest: Diane Nens

Date: 10/21, 10/22/17

Issue/s Addressed: Public Health – Preserve Your Hearing Program

National Protect Your Hearing Month

According to the National Center for Health Statistics, hearing loss is a growing health issue among young adults and older Americans, affecting more than 48 million people nationwide. In fact, it's become the third most prevalent health challenge after heart disease and arthritis. To help us better understand the issue of hearing loss and what we can do to prevent it, we invited Diane Nens, Audiologist with Hi Health Innovations, one of the leading most organizations in the country to speak about the facts regarding hearing loss, and the dangers of this issue.

To learn more about hearing loss, go to www.hearingloss.org.

Guest: Dr. Guy Sharke

Date: 10/28, 10/29/17

Issue/s Addressed: Public Health – Flu Vaccination Program

To Get the Shot, or Not; That's the Question

Experts say vaccination is the best protection against contracting the flu and everyone 6 months or older are being recommended to be vaccinated against the flu this year by the U.S. Department of Health and Human Services... yet not everyone is convinced these vaccinations are safe, nor do they believe that getting vaccinated will actually help prevent them from getting sick, but rather make them sick. To help sort through the facts, Dr. Guy Shrake, Market Medical Director for Untited Health Care joins us to speak to the concerns and fact regarding this issue.

For more information about the flu shot, go online to www.flu.gov.

Guest: Lori Alpin

Date: 11/04, 11/05/17

Issue/s Addressed: Public Safety – Coffee With A Cop

Educating, Assisting, Supporting, and Uniting through the Vigo County Triad

In effort to break down barriers and build bridges between community members and law enforcement officials," one cup of coffee at a time", we've invited Vigo County TRIAD chairperson, Lori Alpin to join us for an informative discussion regarding an opportunity created to increase public safety, called the Vigo County "Coffee with a Cop" program. Since most encounters with law enforcement officials are during emergencies or emotional settings, this gives the public and opportunity to communicate with their local law enforcement officials about issues that concern them, particularly the prevalence of scams against the elderly.

To learn more about the Vigo County Triad and the ongoing programs available through them you can contact, Lori Alpin at www.vigocountytriaddirector@gmail.com, or find them at Vigo County Triad, Inc., 201 Cherry St., Terre Haute, IN 47807.

Guest: Sally Pachlok

Date: 11/11, 11/12/17

Issue/s Addressed: Public Health – Can a Vitamin Deficiency Kill You? Part I

Deadly Health Risks and Conditions Related to Vitamin B12 Deficiency

Experts say, Vitamin B12 is critical for life, as well as good health. Recent studies show approximately 40 percent of the U.S. population is low on B12. Sally Pachlok, Registered Nurse and Co-author of “Could It Be B12” says a growing number of people are incurring severe injuries due to what seems to be a “epidemic of misdiagnosis” of B12 deficiencies.

To inform us about the importance of B12 to the healthy functioning of our bodies, as well as help people connect the dots who may be suffering from the result of a B12 deficiency, Sally shares her personal experiences, coupled with her professional encounters with patients that have resulted in a passion to help others get the help they need.

In the first part we talk about signs and symptoms of B12 deficiencies, as well as who is at risk; problems related to misdiagnosis; the primary ways we can become proactive in caring for our body’s need for B12, and over the counter sources of B12. For more information about B12 go to www.b12awareness.org, or google “Could It Be B12: An Epidemic of Misdiagnosis”.

In the second part of this interview with Sally Pachlok, we discuss possible genetic predispositions to a B12 related deficiency, how to be screened, and specific cases where people were treated for a B12 deficiency and recovered from life-threatening conditions. For more information about B12 go to www.b12awareness.org, or look up their book “Could It Be B12: An Epidemic of Misdiagnosis”.

Guest: Allison Janse

Date: 11/25, 11/26/17

Issue/s Addressed: Public Health – Germ Freak Program

Outwitting Colds and Flu Prevention

Shawn Richards, respiratory epidemiologist with the Indiana State Board of Health reports that the flu season officially began 5 weeks earlier than normal this year, and is widespread. Allison Janse, trade book editor and author of “The Germ Freak’s Guide to Outwitting Colds and Flu” teams up with Dr. Charles Gerba Ph.D. to present an eye-opening guide to staying healthy, particularly during the flu season. Allison shares her personal experiences, along with humorous stories by others who testify about sticky stories of run-ins with germ infested areas and encounters with people.

Allison offers many tips and tricks to reduce our exposure to germs and the ones we love. To learn more about Allison’s book, google “The Germ Freak’s Guide to Colds and Flu”.

Guest: Joel Moskowitz

Date: 12/2, 12/3/17

Issue/s Addressed: Public Health – Smart Phone Program Part 1

Wearing Your Smart Phones – Not Too Smart

Wearable phones and computers are on loads of shopping lists this holiday season, yet scientists are warning that research indicates they present health risks – especially from cell phone radiation. Several scientists, Dr. David Gultekin assistant attending physicist for Memorial Sloan-Kettering Cancer Center, Dr. Hugh Taylor of Yale University, and Dr. Joel Moskowitz, director for the Center for Family and Community Health at the School of Public Heal, at the University of California-Berkely share their thoughts, scientific research, and social observations regarding the growing use of these devices, and it’s health implications.

We invited Dr. Moskowitz to join us for a more thorough discussion of the matter, including topics like what the manuals of cell phone and cordless phone’s say about the dangers of electromagnetic radiation dangers, the public’s growing dependence on these devices, and the industry’s research engines interests in the matter.

For more information on issues related to cell phone radiation, go to www.saferemr.com.

The second part of this interview discusses topics related to the FCC's standards for research, and the difficulties government presents to quality cell phone research and public safety, side effects to cell phone radiation, the diagnosis of glioma, which is a form of brain cancer linked to exposure to electromagnetic radiation and ways we can protect ourselves from excessive exposure to radiation. For more information on issues related to cell phone radiation, go to www.saferemr.com.

Guest: Jay Seegert

Date: 12/16, 12/17/17

Issue/s Addressed: Public Health – Creation Education Center Part I

Christian Apologetics for a Biblical View of Creation

Today, it's being reported that as many as 2/3rds or more of Christian students are walking away from their faith by the time they leave college. So to help us better equip and engage Christians with the truth about the "facts" vs. "faith" dilemma many students encounter as they face opposing opinions about the Christian worldview, we've invited Jay Seegert, President and Co-Founder of the Creation Education Center: "Helping the believer think, and the thinker believe".

In the first part of our discussion, Jay takes on some of the most difficult questions we face with regard to the undertow of secular ideas permeating the Christian community today, as well as gives his personal testimony as to how God led him to find answers and help educate others about specific points of contention in the scientific community that challenge a Biblical view of Creation.

Jay shares about the goals of the Creation Education Center, the statistics regarding who is being challenged and how, the proper view of the Genesis account in regard to the explanation of origins, the source of confusion with regard to operational science vs. a scientific explanation of origins apart from the Word of God.

To learn more about the Creation Education Center, or to explore options available to inquiries regarding Jay's public speaking schedule, go online to www.CECwisc.org or call 262-227-5636, or write The Creation Education Center, 1010 S. Comanche Lane, Waukesha, WI 53188.

So to help us better equip and engage Christians with the truth about the "facts" vs. "faith" dilemma many students encounter as they face opposing opinions about the Christian worldview, we've invited Jay Seegert, President and Co-Founder of the Creation Education Center: "Helping the believer think, and the thinker believe".

In the second part of our discussion, Jay takes on some of the most difficult questions we face with regard to the undertow of secular ideas permeating the Christian community today, as well as gives his personal testimony as to how God led him to find answers and help educate others about specific points of contention in the scientific community that challenge a Biblical view of Creation.

Jay shares about the necessity of a literal, historical interpretation of the creation account presented in the book of Genesis, the problems with the "old earth" view of creation, as well as the unbiblical introduction of the "gap theory" in the creation account, as well as some of the most asked questions about dinosaurs, evolutionary theory, and the inerrant view of the Bible, and the final authority of God regarding creation. Jay also shares about his book, "Let There Be Light" and his experience with Chuck Smith at the Calvary Chapel Pastor's conference in the Summer of 2013.

To learn more about the Creation Education Center, or to explore options available to inquiries regarding Jay's public speaking schedule, go online to www.CECwisc.org or call 262-227-5636, or write The Creation Education Center, 1010 S. Comanche Lane, Waukesha, WI 153188.

Ministry Profile

Ministry Profile, *formerly Pastor's Profile*, is a weekly 15 minute interview show, hosted by Len Pera. Ministry Profile is designed to introduce Church bodies and their Pastors to the people who live within the listening area. Each program, the guest shares about their past and how they came to know the Lord. The Pastor or Ministry guest follows-up with either their calling to be a pastor or whatever their ministry gifting is within the body of Christ. Lastly, we invite the guest to share about their church and what it is like to attend there; how services are put together, missions they are involved with locally and globally, family events, and classes they offer, etc.

Ministry Profile is aired every Saturday 5:00 pm, Sunday 8:30 pm
