for

**WJCZ**

91.3 FM, MILFORD, ILLINOIS

1st Quarter 2016

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

### 1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

### 2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

### 3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

### 4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

### 5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

### 6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

### 7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

### 8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

**Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the**

truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

*The Following Programs for this quarter include:*

Guest: Jared Wilson

Date: 01/03/2016

**Issue/s Addressed: Issues In Education – Seeing the Glory of Jesus**

Do you believe in miracles? If you are a follower of Christ, YOU ARE a miracle! Why did Jesus perform miracles? [Pastor Jared Wilson](#), author of [The Wonder Working God - Seeing the Glory of Jesus in His Miracles](#), says the miracles are secondary to Who and why He is doing them. Jesus did many magnificent miracles such as; turning the water into wine, having Peter go catch a fish and take the coin out of its mouth to pay the tax, calming the storm at sea, healing diseases and raising the dead, to give us a glimpse into heaven. But the greatest miracle is God coming to earth as Jesus! Jesus uses humor to make a point.

Guest: Dr Richard Swenson

Date: 01/10/2016

**Issue/s Addressed: Issues In Education – Intellegent Design**

Intelligent design indicates a Designer. Nothing in science is as certain as God's revelation in nature. [Dr Richard Swenson](#), physician, physicist and best selling author of [More Than Meets The Eye - Fascinating Glimpses of God's Power and Design](#), describes the wonders of the human eye, ear, brain (the most complex arrangement of matter in the universe), and the mysterious dimensions beyond the universe. God works in between time and has an eternity to answer every ones prayers! The physical universe may be a tiny molecule on God's throne. God displays power, precision and beauty in His universe.

Guest: John Rabe

Date: 01/17/2016

**Issue/s Addressed: Issues In Education – Islam**

Are we witnessing the start of an Islamic invasion as the single deadliest attack since 911 happened here in our heartland? Fear of terrorism is heightened when the President won't protect us and won't even name our enemy, but enables our enemy massive access into our nation. [John Rabe](#), radio & TV producer for [D. James Kennedy Ministries](#), is the author of [None Dare Call It Islam](#). Why does the President and the media pretend Islam has nothing to do with violence? Soon after Islamic massacres, the President talks about gun control, the Crusades and slavery to try to equate Christianity with Islam.

Guest: John Rabe

Date: 01/24/2016

**Issue/s Addressed: Issues In Education – Islam**

Obama, born and raised a Muslim, says "Islam is peaceful," despite what that the Koran says to kill infidels. Obama says, "It's shameful to discriminate based on religion." Then he discriminates *against Christians* denying them to immigrate in. [John Rabe](#), TV producer for [D. James Kennedy Ministries](#), the author of [None Dare Call It Islam](#), says, "Islam is not just a religion but an all-encompassing ideology dictating every aspect of life with Sharia law, theocracy, diet and dress." Islam means submit to Allah. The Supreme Court ruled that same sex marriage is Constitutional! Do we need to obey it as the *law of the land*?

Guest: Eric Walker

Date: 01/31/2016

**Issue/s Addressed: Issues In Education – End Times and Israel**

Our borders being breached by Isis and Syrian Muslims is *minor* compared with the invasion of the spirit of *anti-Christ*. This spirit of anti-Christ will change our nation's allegiance from God to Allah. What needs to happen prophetically before the return of Christ? Satan's strategy is to use a DNA marker to selectively eliminate Aaron's descendants to stop the formation of the 3rd temple and delay the return of Christ. Zec 14 says Jerusalem will be captured, but the Lord will defeat His enemies and establish His Kingdom. [Eric Walker](#), an expert in Biblical prophecy, is the author of [The Codist - The Aaron Chronicles](#).

Guest: Kitty Werthmann

Date: 02/07/2016

**Issue/s Addressed: Issues In Education – Revisiting Nazi Germany**

"Hitler didn't take Austria by force; we elected that monster in 1938 when 98% voted to annex Austria to Germany, because 30% of Austrians were out of work. I'm an *eyewitness* to history," said [Kitty Werthmann](#). What was it like to live under Nazi (the National Socialist Party) Germany with Hitler? Are there parallels in our nation today? A socialist

bureaucracy takes control over guns, education, healthcare, and the economy -with massive spending that leads to hyperinflation. Out of 18,000 German pastors, only 200 refused to sign a loyalty oath to Hitler. Many Germans said Hitler was a gift from God.

Guest: Paul Toberty

Date: 02/14/2016

**Issue/s Addressed: Issues In Education – A Nation Born in a Day**

What would the world be like if Israel owned all the oil rich land God gave Abraham and his descendants? If Israel got all the land promised by God, it would turn a 10 million population into 300 million people living in an area the size of America. [Paul Toberty](#), who owned radio stations and hosted programs on TBN, is the author of [A Nation Born in A Day - How God's Land Grant to Abraham Affects World Affairs and End Times](#). He says, "The sooner the land grant to Israel is fulfilled, the sooner this age comes to fulfillment in Christ." God's promise will be fulfilled. What are the signs it's going to be soon?

Guest: Chuck Crismier

Date: 02/21/2016

**Issue/s Addressed: Issues In Education – A Nation is born in a Day Part 2**

We are witnessing Biblical prophecy being fulfilled in our time. Israel was prophesied thousands of years ago to be born in a day! Scriptures say all nations will come against Israel. Does that include America, as this nation turns away from Israel and supports Israel's enemies? [Chuck Crismier](#), author of [King of the Mountain, the Eternal, Epic, End-Time Battle](#), says, "The culmination of prophecy with world wide nuclear war could usher in the end of our age." [Joel Rosenberg](#), author of [Damascus Countdown](#), says, "An atomic Iran could do in 6 minutes what it took Hitler 6 years to do, kill 6 million Jews."

Guest: Walid Shoebat

Date: 02/28/2016

**Issue/s Addressed: Issues In Education – Why Muslims Want to Kill Us**

Why do Muslim terrorists want to kill us? [Walid Shoebat](#) knows - *he was one*. Americans have no idea the motivation of Muslims or how to combat Islamic terror. [Walid Shoebat](#) believed his only chance to go to heaven was to die in jihad. Walid came here from the Middle East as a college student to raise money and recruit students for jihad. For naïve Americans who think Islam is just another religion, he details the horrors of jihad and the *barbaric* Sharia Law. Walid, now a Christian and author of [Why I Left Jihad](#) and [Why We Want to Kill You](#), warns of the dangers of Islam that's winning university students.

Guest: James Robison

Date: 03/06/2016

**Issue/s Addressed: Issues In Education – God' Salt and Light**

Never have so many Christians been so irrelevant. Why? Americans increasingly believe government can solve their problems and equality comes through socialism. [James Robison](#), co-author of [Indivisible - Restoring Faith, Family and Freedom](#), says God is giving Christians a mandate to be salt in this dying culture. [Jay Richards](#), co-author of [Indivisible](#), and author of [Money, Greed, & God](#), dispels economic myths taught as facts in schools that lead students to become socialists. Were early Christians socialists, communists or capitalists? How can we best help the poor? How do moral issues affect economic issues?

Guest: Dr Gerard Lameiro

Date: 03/13/2016

**Issue/s Addressed:** Issues In Education – The Constitution Great News for America

**Pt 1**

Americans are so outraged that they will vote in historic numbers to take our country back. This election is about our identity as a nation and what we believe. What's the link between morality and freedom? Universities propagate socialism, because they've been seduced by Marxism and rejected our Founding principles. [Dr Gerard Lameiro](#), author of [Great News For America- The Constitution, Freedom and Prosperity Are Coming Back](#), says this election will transform both political parties and the media. It will be a landslide for Constitutional conservatives! It's a moral revolution through ballots not bullets.

Guest: Dr. Gerard Lameiro

Date: 03/20/2016

**Issue/s Addressed:** Issues In Education – The Constitution Great news for America

**Pt 2**

Americans have seen their liberties and prosperity deteriorate by an out-of-control socialist government will vote in historic numbers to take their nation back. It's insanity that the President gave Iran the ability to set off an EMP that would shut down our electrical grid. Socialism leads to poverty, dependence on the government, and violent, drug infested inner- cities! [Dr Gerard Lameiro](#), author of [Great News For America](#), says the Constitution, freedom and prosperity are coming back. Pastor [Rick Scarborough](#), of [Vision America](#) says evangelicals need to rise up, speak out and take back what God has given us.

Guest: Bruce Marchiano

Date: 03/27/2016

**Issue/s Addressed:** Issues In Education – Christianity and the resurrection

The greatest event in all history, even greater than the Creation itself, is the Resurrection of its Creator - Jesus Christ. God, Who was worshipped and obeyed in heaven, Who created universes, came to a tiny, rebellious planet, became a man and allowed himself to be tortured and killed to save us from hell. The greatest words ever spoken are "Christ is risen!" [Bruce Marchiano](#), the gifted actor who played the part of Jesus in [The Gospel According to Matthew](#), says Jesus wasn't a victim caught by surprise, but He died an excruciating death so that we could be with Him forever as part of His eternal Family

Date: 01/09, 01/10/2016

**Issue/s Addressed: Public Health – Vitamin B12 Deficiency Program**

Experts say, Vitamin B12 is critical for life, as well as good health. Recent studies show approximately 40 percent of the U.S. population is low on B12. Sally Pacholok, Registered Nurse and Co-author of “Could It Be B12” says a growing number of people are incurring severe injuries due to what seems to be an “epidemic of misdiagnosis” of B12 deficiencies.

To inform us about the importance of B12 to the healthy functioning of our bodies, as well as help people connect the dots who may be suffering from the result of a B12 deficiency, Sally shares her personal experiences, coupled with her professional encounters with patients that have resulted in a passion to help others get the help they need.

In the second part of this interview with Sally Pacholok, we discuss possible genetic predispositions to a B12 related deficiency, how to be screened, and specific cases where people were treated for a B12 deficiency and recovered from life-threatening conditions.
