Subject: New PSA Tiles on Web Sites

From: Marcia Jones <mojones@sbgnet.com>

To: Nicole Husband <NHusband@AdCouncil.org>

Nicole:

I hope this finds you well!

I had four new PSA tiles with site descriptions and hyperlinks added to both of our TV web sites.

They are on the home page (scroll down below Contests to Community Features) and on the Community pages.

I thought you might want to see what I chose for your files.

We continue to emphasize children's and teen/youth issues in Public Service.

Here are the links:

Marcia

Dear Public Services:

I hope you are doing great! We would like you to join our "Stations That Rock!" promotion. Youth bullying and drug use are both extremely relevant in our elementary, middle and high schools. Bullying is specifically at a boiling point.

Rock In Prevention (Rock) teaches children and teachers the methods and skills to prevent bullying and drug use in their school. Rock uses music and the arts to reach the hearts and minds of children to help them remember the skills taught.

This PSA Campaign is different from most campaigns that you may have experienced before. Rock is a localized effort, because the more you air these PSAs, the more likely it is that Rock will be contacted by schools, students, teachers and parents to bring Rock to your community.

Rock trains local high school mentors, who then with Rock staff, teach younger elementary and middle school students the methods and skills to prevent bullying and drug use. The program is 100% interactive, evidence-based and fun! The high school mentors provide a great positive influence with the younger students in their community.

Please run these announcements in your available inventory in the year of 2014. This will provide adequate opportunities for you to look into your available inventory and plan when it might work for you. There are three PSAs to choose from, they are clever, fun and relevant.

Please know that you will be making a huge difference in the lives of children, teachers and families with very relevant issues faced by children, teachers and parents today. Everybody has a mom, or has had a mom, please see the spots for more info! ☺ We appreciate all your support! Thank you!!

Sincerely,

Pat McManus

**Clean-up of George Ward Park & Off- Leash Dog Park
Volunteers Needed!**

Friday, Jan. 17th

9 a.m. – 2 p.m.

- * Paint seating in off-leash dog areas**
- * Remove Debris in off-leash dog areas**
- * Clean stream bed (wear rubber boots & gloves)**
- * Bring gas weed-eaters, chainsaws, pruners, rakes, etc.**
- * More...**

Hands On Birmingham has arranged for a big group of college students from Connecticut to do some neighborhood projects. The day they have chosen is Friday, January 17. Work is to start at 9:00 am and go thru 2:00 pm. There will be a break for lunch.

HOB has been working with Park & Rec and projects chosen are: to paint railings, the softball dugouts on the lower field, cleaning up the stream (if the water isn't too high) and removing some of the dead trees from the dog park area and more...

If you are coming remember to wear sturdy shoes, work gloves, possibly boots if you don't mind working IN the stream, and if you have cutting tools (pruners, loppers, etc.) that would be great. One of our neighbors has volunteered the use of a chainsaw, and we'd like for one of the neighbor volunteers to be responsible for its use.

If you can come, please let me know, so we can plan on refreshments.

If the weather is inclement, the students won't be rescheduled. They have to get back home for school. BUT we will work Saturday morning, Jan 18th. If things are too miserable then, we'll drop back ten and punt.

This is a great opportunity to have lots of strong young workers to help, and also a chance for Southern hospitality for those from the northern region of the country (Connecticut).

Again, please let me know if you will be able to help.

I'll be sending a copy of this as another reminder sometime next week.

I look forward to seeing lots of you.

Spring Break at the Birmingham Zoo

BIRMINGHAM, AL – The Birmingham Zoo invites the entire community to take part in special activities planned for Spring Break 2014 from March 22 - 29. Guests are invited to soak up the sun and pay a visit to their favorite Zoo animals this Spring Break at the Birmingham Zoo. Seasonal favorites such as Predator Zone, Children's Zoo Splash Pads, Wildlife Shows and more are back just in time for the warmer weather. On March 22 and 29 from 11:30am-1pm, Get Rhythm® will provide an hour and a half interactive "community music-making experience" in Trails of Africa using drums and percussion from around the world. "We want all visitors to know that they can enjoy Spring Break and what the Zoo has to offer right here in the great City of Birmingham," says Katrina Cade, Vice President of Marketing and Media at the Birmingham Zoo. In addition to Spring Break activities, the Birmingham Zoo is hosting a variety of Spring Break Camps, lasting from March 24-28. Camp events include exclusive behind-the-scenes tours, train and carousel rides, animal demonstrations and a one-of-a-kind learning experience.

On March 22, the Birmingham Zoo will recognize National Wildlife Week by celebrating conservation, wildlife and water. From 10am-3pm on Grandma's Back Porch, guests can enjoy a day full of fun crafts, children's games, animal facts and information on various ways to help save the planet.

Approximately 950 animals of 230 species call the Birmingham Zoo home, including sea lions, zebras, rhinos and endangered species from six continents. The Birmingham Zoo is open daily from 9am to 5pm. Regular admission is \$15 for adults and \$10* for senior citizens and children ages 2-12 (*Price not including tax). All Birmingham Zoo Members and children under two-years-old receive free admission.*

Good afternoon Ms. Swann,

I am Deborah Givens a 1st grade teacher at Princeton Elementary School and the facilitator/liaison for our school's Special Events Team. I am constantly working with WTTO as the liaison for our Black History events.

I was given your name for the reason of asking or requesting information as to how we could set up a free informational broadcast about registration at our school.

Thanks in advance for your attention to this matter.

Subject: RE: Miles College Tour

Te'Quia:
Both dates work for me...you could bring one class per day/time.

I'm attaching a tour waiver, which I need everyone taking the tour to sign (including yourself). Just leave them with me when you arrive. The tour should not take more than an hour. I'll take your group into all of the main areas (master control, the studio, edit bays, engineering, etc.).

We are located in the WABM/WTTO Studio Building, which is at 2021 Golden Crest Drive, B'ham, 35209. I would send a Google map link, but those don't seem to translate well when I email them. We are past the entrance to Vulcan Park, just a couple of miles down Valley Avenue (two turns past The Club). It's not a well-marked road, but only turns up the hill. On the left, you'll pass Ch. 44, then CBS 42, then we're at the top. If you get to the non-stop apartment buildings, you'll have passed us. There is plenty of parking. Just ring the doorbell!

I look forward to meeting you and giving your students a tour. I'll have intern information available for them to take.

Thanks!

Marcia

Te'Quia:

I found out about an Alabama Broadcasters Assn Scholarship program and wanted to send you the info for your students! There are 10 @ \$3,000 for Broadcasting and Broadcast Engineer students. The deadline is 3/30/14, but there is still plenty of time for your students to apply!

I've attached a snip of info plus the web page (below).
