This site was recently re-launched with a new design. The goals of this site are first, to create a platform for the teen community where opportunities for self-expressions become the core of the interactive experience; second to build these communities wherever possible around the themes and ideas generated within the TNBC shows themselves; and third, to provide online resources of information and guidance around the issues that most effect teens' lives.

Features of the web site include information on the upcoming episodes of each of the TNBC shows, as well as information about the shows and their cast members. A free TNBC email service is provided to teens to foster community and communication. There is a prominent link to the Snap.com "Teen Zone" which includes polls, message boards and features on subjects such as relationships, family, advice columns, dating, drugs and alcohol, entertainment and other teen sites on the web.
