2. Education	Science Trek "Forests"  Forests cover almost one third of Earth's land surface. This ecosystem plays an essential role in our world. Forests filter water, remove air pollution, absorb carbon, prevent soil erosion, and more.	1/2/18 4/3 p.m. MT/PT 30 minutes
	Science Trek "Exoplanets" Planets that orbit around stars outside our solar system are called exoplanets or extra solar planets. Astrophysicists searching the universe have found a variety of exoplanets and are looking for signs of life. How do scientists find these planets well beyond our solar system? What are exoplanets like? Two scientists from NASA's Jet Propulsion Laboratory: Nick Siegler, astrophysicist and the chief technologist for NASA's Exoplanet Exploration Program and Tiffany Meshkat, postdoctoral scholar in the Exoplanetary Science Initiative will help answer students' questions.	1/9/18 4/3 p.m. MT/PT 30 minutes
	Science Trek "Sleep" We spend about a third of our lives sleeping. All animals need sleep for good health. Sleep rejuvenates our body and help clean out our brain.	2/6/18 4/3 p.m. MT/PT 30 minutes
	Dialogue for Kids "Galaxies" Galaxies are systems of stars, dust and gas held together by gravity. Guest scientist Dr. Amber Straughn, Research Astrophysicist, Goddard Space Flight Center, NASA, answers students' questions.	2/13/18 4/3 p.m. MT/PT 30 minutes
	Dialogue for Kids "Sound"  Sounds are vibrations of energy. Guest scientist, Steve Shropshire, a professor of physics at Idaho State University,	2/20/18 4/3 p.m. MT/PT 30 minutes

	answers students' questions about sound.	
	Dialogue for Kids "Nervous System"  It's the complex network of nerves and cells that carries messages to and from the brain and spinal cord to various parts of the body. It coordinates our movements and controls our thoughts. It's called the nervous system. Guest scientist, Dr. Mary River, a neurologist at St. Alphonsus Regional Medical Center in Boise, answers students' questions.	3/6/18 4/3 p.m. MT/PT 30 minutes
	Dialogue for Kids "Bears"  Bears are large mammals with sharp claws and shaggy fur. Evin  Oneale and Gregg Losinski from the Idaho Department of Fish and  Game, answer students' questions.	3/27/18 4/3 p.m. MT/PT 30 minutes
3. Outdoor Adventures	Outdoor Idaho "Winter Play" Idahoans participate in a historic Scottish game on ice; team up with a dog for unusual cross-country ski contests; fly above the snow with a snowkite; drive 4x4s across the snow; and take the plunge for a polar bear swim.	1/4/18 7 p.m. 30 minutes
	Outdoor Idaho "Winter Grit"  Adventure and grit tie together this collection of cold-weather activities captured on camera across Idaho. From extreme back-country skiing and avalanche assessment, to equestrian skijoring, ice climbing and heli-skiing, everything requires extra grit as well as specialized skills and a desire for adventure.	1/11/18 8 p.m. 30 minutes
	Outdoor Idaho "Winter Carnival"  The McCall area appears to be a winter paradise. But the short days and the long, frigid nights take their toll on even the most enthusiastic recreationalist. So what does an entire community do to fight cabin fever? They throw the biggest winter party in the state. This Outdoor Idaho production showcases some of the interesting and offbeat events of this 10-day party and finds side trips unique to the area and the season.	1/25/18 8 p.m. 30 minutes
	Outdoor Idaho "Almost Canada" The lush landscapes of north Idaho set it apart from the rest of the state. For our program "Almost Canada" the Outdoor Idaho crew travels to the northernmost part of this area, the remote and wild country that borders Canada.	2/22/18 8 p.m. 30 minutes
	Outdoor Idaho "35 <sup>th</sup> Anniversary Special" This hourlong special revisits some of the scenic wonders the show has explored, and examines some of the land management issues the state still faces. Along the way, there are bloopers, some favorite interviews, and tributes to guests who have passed	3/8/18 8 p.m. 1 hour

Outdoor Idaho "Birders, Banders & Binoculars" They can be fierce predators and some of the gentlest of creatures. Some are rare, others are quite common; but they all have the power to bewitch and bedazzle. Birds live in a world that for us is the stuff of dreams and wonder. We take to the field to celebrate birds and the people who study, care for, and watch them.  4. History  American Experience "Into the Amazon" Discover the remarkable story of the perilous 1914 journey of Theodore Roosevelt and Brazilian explorer Candido Rondon into the dark and deadly heart of the Amazon rainforest.  American Experience "The Secret of Tuxedo Park" Explore the life of the unknown Wall Street tycoon, Alfred Lee Loomis, who led a double life as a scientist and whose secret lab in upstate New York helped develop the radar technology that would alter the course of history in World War II.  American Experience "Triangle Fire" Fire breaks out in the Triangle Shirtwaist factory in New York's Greenwich Village on March 25, 1911. The blaze rips through the congested loft filled with huge piles of trimmings. Workers try to escape but factory owners keep the doors locked; the inadequate fire escape crumples; and 146 people die. Public outrage forces government action on workplace safety laws.  American Experience "Bombing of Wall Street" Explore the story behind the mostly-forgotten 1920 bombing in the nation's financial center, which left 38 dead - a crime that launched the career of J. Edgar Hoover yet remains unsolved today.  Idaho Experience "Titans" There was a time when Joe Albertson had his first grocery store, when mining magnate Harry Magnuson was unsure about his future. Making it big in business means taking risks and putting everything on the line. But is success about more than just		on. Idaho singersongwriter Casey Kristofferson even performs an
