SUPPLEMENTAL OUTREACH INITIATIVES
February 1, 2014 – January 31, 2015
RADIO RESULTS
KGGF-AM/FM – KUSN - KQQF
Coffeyville, KS

1st Initiative

As part of our supplemental outreach initiative, co-sponsored, organized and participated in a job fair in conjunction with the Coffeyville and Independence Chamber of Commerces, the Montgomery County Action Council, Coffeyville Community College and Southeast Kansas Works. This fair was held December 18, 2014, 1pm-9pm in Nellis Hall on the Coffeyville Community College campus. More than 300 other area employers also participated with attendance of more than 1,000.

At this job fair, prospective employees were shown a power point presentation outlining various employment opportunities within our company and the skill necessary and required for a successful broadcasting career. Participants were also given a chance to talk to different staff members, ask questions, complete an employment application and schedule an interview.

Station personnel who assisted with this event included John Leonard, General Manager, Sales Representatives Twila Lampke and Judi Alexander, and Programming Personnel, Lance Allred.

2nd Initiative

Sponsored the SEK Home and Recreation Show on April 26, 2014 from 9 am – 4 pm at the Rec Center at Walter Johnson Park in Coffeyville, KS. During this event this

employment entity operated a booth where prospective employees could learn from our radio staff about various broadcasting career opportunities within our radio group. In addition, employment applications were distributed and accepted from those interested in broadcasting employment.

Station personnel participating in this event included John Leonard, General Manager, Sales Representatives Anna Bolinger and Judi Alexander, Programming Personnel, Ron Curran, Lance Allred and Karen Goss.

3rd Initiative

Participated in an internship program in conjunction with Coffeyville Community College. One intern participated in this program during this EEO reporting period from September 2, 2014 – December 31, 2014. The intern participating was Terran Gorges. This was a paid internship position in which the student worked a varied schedule so as not to conflict with his class schedule, for at least six (6) hours per week. The student learned and received practical, hands-on experience, in commercial copywriting and production as well a news reporting, writing and anchoring with basic production skills.

This employment unit also sought to develop an intern program with Field Kindley High School, but there were no interns available for this EEO reporting period.

Activities to fulfill:

Plan to continue our intern partnership with Coffeyville Community College. Our contact at the college is Billy Durham, Chair of the Broadcast Communications Department. Through this partnership, students enrolled in the broadcast department receive hands-on, practical training in such areas as commercial copy writing and production alongside various program elements. Student interns spend an average of four (4) hours per week at our Coffeyville facility and are evaluated periodically by General Manager John Leonard and department personnel pertaining to the broadcast aspect. Copies of the written evaluation are forwarded to Mr. Durham for the intern's file in order to receive course credit for participation within this program.

Also, next reporting period, this employment unit will again seek to develop such an intern partnership with Field Kindley High School as well.

Planning to sponsor the SEK Home and Recreation Show. During this event, we will man a booth by key employees of our stations to talk to those interested about careers in broadcasting, particularly with KGGF-KUSN. Employment applications will be available and can be completed on-site with interview appointments being scheduled throughout this event. The show is scheduled for mid April 2015 at the Recreation Center at Walter Johnson Park in Coffeyville, Kansas.

KGGF-KUSN is planning to sponsor and organize a job fair at this employment unit's main office and studios at 306 West 8th Street in Coffeyville, Kansas. We are tentatively looking to schedule this event late March or early April 2015. Prospective

employees will have the opportunity to view a power point presentation that outlines various career opportunities within our company and the skills required for a successful career in broadcasting.

Participants will also be able to visit with and ask questions of current employees in Sales, Programming, etc., as well as complete employment applications and schedule job interviews.

This employment unit is also planning to co-sponsor with Coffeyville Community College a job fair mid spring or late fall 2015.
