Issue – Vermont Senate Bill #5

Saturday February 25th, 2023

5:55am

5 Minutes

Interview with Matt Coda, Director of the Vermont Fuel Dealers Association about the upcoming vote on Senate Bill #5 at the Statehouse. This bill would require local fuel dealers to buy credit to sell fuel to homeowners. This bill could potentially add up to .70 cents or more per gallon to fuel deliveries. There is no cap and no limit. Local fuel dealers say adding the price of these credits to local consumers would be too much for people to handle as they cannot afford it. He encourages everyone to call the statehouse and tell them their name and where they are from at that they want to tell their senator that they don't support the unaffordable heat act. The number to call is 802-828-2228.
