

**January-March 2024 Quarterly Issues and Program Reports for WMKY,
Morehead State Public Radio**

The top issues covered by WMKY News during the last three months include a total of 584 stories with sound. By category, those story totals include:

Agriculture – 14	Human Services – 58
Arts/Culture – 71	Legal/Courts – 23
Economic – 46	Minority/Women – 4
Education – 73	Police/Fire – 12
Environment – 26	Transportation – 30
Government – 136	War/Terror – 0
Health – 49	Weather/Climate – 35
Housing – 7	

The above totals include all aired content with associated sound produced in the WMKY Newsroom. Please see below for a breakdown of stories that were produced for distribution on wmky.org. As expected with the 2024 Regular Legislative Session, there were a large number of government related stories and associated follow up stories. The final winter months also contributed to many health, human services and weather stories. Education was a big issue as well as teacher shortages and high absenteeism rates have led groups to make efforts to improve education in the Commonwealth.

In the next quarter, WMKY will likely produce more stories associated with summer months. Those are concerning the end of the school year, summer travel and arts and culture with summertime events set to take place.
