FORUM FOR NONPROFITS: A 30-minute interview forum. Dynamic and cutting-edge, every week, The Forum for Non-Profits features one or more organizations worthy of philanthropic support--and encourages listeners to jump on their bandwagon. In addition, leading consultants give advice to help nonprofits succeed, and donors and other sources of funding explain how best to approach them for contributions. Airt every Sunday at 6:30am on WSBR and every Sunday at 7:30am on WWNN. Hosted by various hosts.

PUBLIC SERVICE ANNOUNCEMENTS - These are 30 and 60 second live or pre-recorded announcements that are community service oriented. The issues addressed include both local and national concerns. Each announcement addresses various issues from non-profit/service oriented agencies - topics include humanitarian aid, volunteering, consumer protection, education, family issues, health issues, and a variety of local and national charities.

BROWARD HOUSE

STEVEN NOLTE- VP CAO, SOULYMAN DONG, VOLUNTEER, RECIPIENT OF SERVICES, BROWARD HOUSE 954-522-4749/1726 SE 3RD AVENUE, FORT LAUDERDALE, FL 33316

WWW.BROWARDHOUSE.ORG

Broward House was founded in 1988 by a few concerned citizens, lead by Susan Telli, with a desire to ensure those with HIV/AIDS received compassionate care. Initially Broward House developed a 52-bed home for individuals who were in need of housing and assisted living services. Companionship, support groups, and social interaction assisted residents in addressing stigma. The value of this grassroots beginning continues to drive the core of Broward House's delivery of services as the agency has grown to meet the needs of individuals infected or affected by HIV living in Broward County.

Broward House's mission is to improve lives in a loving, caring atmosphere while maintaining the highest level of fiscal responsibility. The agency serves a diverse population which mirrors the diversity of Broward County and those affected and infected by HIV/AIDS. The agency embraces a responsibility to be a leader in the community. This leadership is actualized through prevention, education, and service in order to reduce the number of individuals becoming infected by HIV, increasing the number of HIV+ individuals receiving care, supporting needed services, and reducing stigma in our community. While Broward House began its mission by providing housing, and it remains a core component of services, it is realized that individuals require an array of support services for true healing to occur. It is this philosophy that has lead to the expansion of services in prevention, education, case management, mental health, substance abuse treatment, transportation, and collaborative medical care, which are provided regardless of the individual's financial status.
