

Statement concerning KOME-FM Q1 2023uploading the Q1 2023

Issues and Programs report

The Issues and Programs report for first quarter 2023 was created on April 5, 2023 and the pdf document properties confirm the date. While in the process of filing the Q2 2023 report, I found that Q1 was not showing up. Our records indicate that the report was uploaded to the Public File 4-5-23.

Today I'm uploading the Q1 2023 report we believe was filed on 4-5-2023.

Signed this the 5<sup>th</sup> day of July 2023
