Issues and Program Lists: 3rd quarter 2015

L4 Media has been working with Truth in Action Ministries to ensure that their stations air programming that cover issues that we feel are important to the community. Primarily, issues such as family development and religious tolerance are covered.

A list of programs that have aired are:

Truth that Transforms with Dr. James Kennedy, which provides weekly bible insight

Cross Examine: This program provides practical information on a wide variety of bible worldview topics such as family, government, education and marriage

Militant and Mislead: This program helps with understanding and tolerance of those from different religious backgrounds.

One Nation Under God: provides historical information about how our country was founded based on religious principles.
