Dear Friends,

On behalf of Dave Falso and his team of volunteers who organize and run the annual Kristy Pollak Memorial Christmas Lights Display in Amsterdam, I thank you for your company's generous support of the 16th annual lights display. The 2014 event raised \$5,100 in support of our wish granting efforts in Montgomery and Fulton Counties.

We are grateful for your company's support of this very special community event which is in its fourth year of being a fundraiser for Make-A-Wish Northeast New York. As you know, we grant the wishes of seriously ill children to enrich their lives with hope, strength and joy. What you may not know is that this wonderful event will help to support the wishes of seriously ill children living specifically in Montgomery and Fulton Counties, like Wesley from Amsterdam who celebrated his wish to go to Disney World back in September.

Thank you for your partnership with us to ensure the success of the event, both as a community celebration and as a source of support for children with life-threatening medical conditions living in Montgomery and Fulton Counties.

Sincerely,

Dear Joe and WCSS Team,

Thank you for the opportunity to interview the Amsterdam mayoral candidates on the radio.

We truly appreciate your efforts in allowing us airtime to focus on issues faced by the local Latino community. We were disappointed, however, to see only one candidate agree to sit down with us.

We look forward to the opportunity to collaborate in the future on similar projects.

Respectfully,

Saludos,

Dear Mike & Sam:

I wanted to take a moment to offer my sincerest thanks for allowing me the opportunity to appear on your show last week. I truly appreciated the very warm welcome I received!

One of my objectives as a new Commissioner is to openly communicate with the public at large through all available media platforms, and having me on the show was very helpful in keeping with this objective. I appreciate your help in setting the record straight on some of the long-standing misconceptions about DSS and our work in Fonda, as it relates to the much larger picture of state and federal government.

Thank you again for having me on the show – I look forward to coming back and continuing our “myth-busting” work!

Sincerely,

Dear Mr. Tesiero and Mr. Isabel,

We would like to take this opportunity to thank you for giving the Montgomery County SPCA animal shelter a slot for a talk show on your radio station.

The animal shelter is an integral part of the community. When it involves animals, situations may arise where people do not know who to turn to. One of the goals, we at the animal shelter are working towards, is being there for people in need of assistance or advice for their pet or a stray animal. The radio show allows us to reach more people who otherwise might not be aware of the information provided.

We might not have much when it comes to the shelter building, but we do have a network of people who are passionate about helping animals who deserve a decent existence.

Through the radio show, people have been reminded just how special animals are.

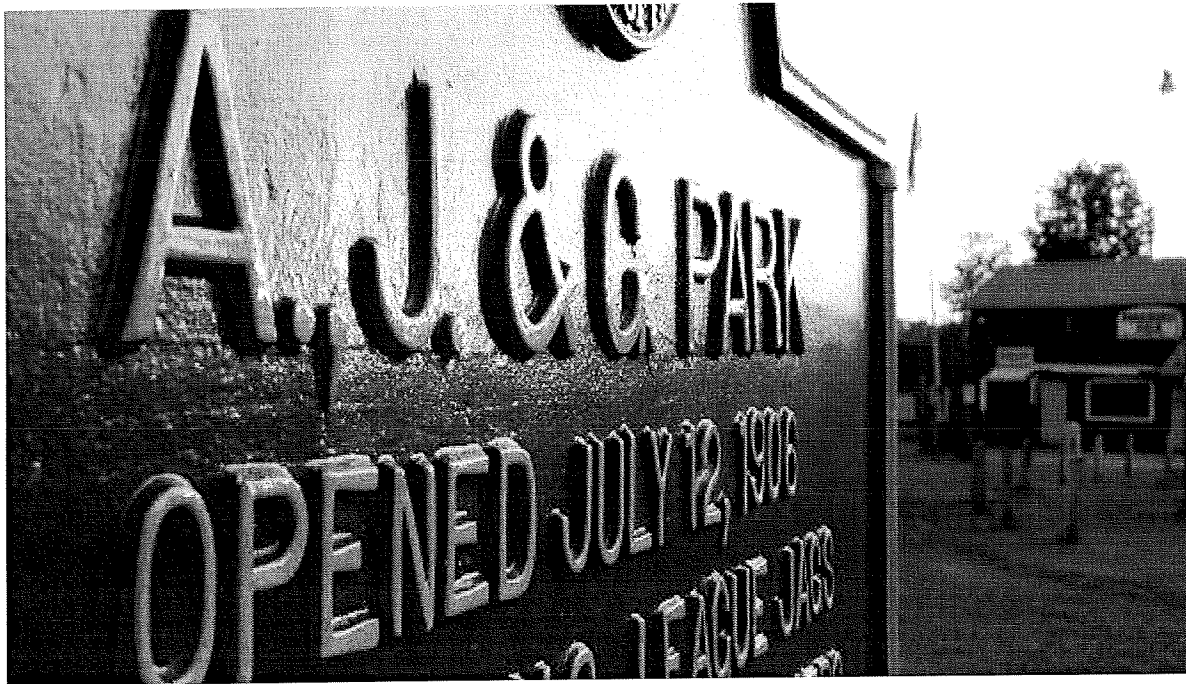

Thank you for your support of the MCSPCA animal shelter by having us in your line up of talk shows.

We hope to continue the relationship with you and we will always work on improving our talk show to the satisfaction of the listeners.

Sincerely,

Jan Zumbolo
President, Board of Directors
