PER FCC: Section 312(a)(7) of the Communications Act and Section 73.1943 of the Commission's rules require commercial broadcast stations to provide reasonable access to candidates for federal elective office. This means that commercial television and radio stations must allow legally qualified federal candidates to purchase reasonable amounts of broadcast time throughout their campaigns in all dayparts (i.e., in all parts of the broadcast day), including television prime time and radio drive time. This FCC rule may affect the rate and availability of advertising on this station for non-federal candidates, issue advertisers and others.
