

WSKY-TV Consumer Education Certification

Pursuant to FCC Rule Section 73.3700(c)(6), the undersigned of Tidewater TV LLC, licensee of WSKY-TV, Manteo, NC (Fac. ID No. 76324) (the "Station"), hereby certifies that the Station aired consumer education notifications on its pre-auction channel. However, as explained below, the Station was only able to air the notifications for 28 days instead of the required 30 days.

The Station commenced airing consumer education notifications on May 5, 2020, in anticipation of terminating operation on its pre-auction channel on June 5, 2020. However, due to potential scheduling issues arising from COVID-19, the Station moved the date for terminating operation on its pre-auction channel to June 2, 2020. Following the schedule change, the Station promptly updated its consumer education notifications to reflect June 2, 2020, and the Station terminated operation on its pre-auction channel on June 2, 2020. The Station is not aware of any issues or confusion to the public resulting from this minor schedule change.
