Issue: Child Abuse Awareness

Description:

April is child abuse awareness month. Tim Schaffner, Executive Director of Trumbull County Children's Services, talks about how the pandemic has impacted the agency and its clients since the early days of the pandemic. The agency experienced a decline in referral calls of nearly 50% due to lockdown and remote learning for students. In recent months the agency is seeing somewhat of a 'return to normal'. Tim says there is always a need for foster families and encourages those interested to apply. He also reminds listeners to 'see something, say something' and all calls to the agency are confidential.

Issue: Human Trafficking

Description: Annemarie Mullenix shines a light on the human trafficking issue in Northeast Ohio....with the awareness group for stylists called LINCX --- Live Independtly Not Confined. She wants the public to have a better understanding of what these children go through after they become a survivor and what their families deal with. She has worked closely with other organizations like the Summit County Collaborative on Human Trafficking and state officials on this.
