#### \*\*Health Issues - Diabetes and Kiss A Pig Gala / Local

This segment of our locally produced community affairs program covered Arkansas Diabetes Association's annual Kiss a Pig Gala. Ranked as the largest charity gala in the state of Arkansas and nationwide for the American Diabetes Association, Glucerna proudly presents the 14<sup>th</sup> Annual Kiss a Pig Gala "Uncle Ham Wants You". Northwest Arkansas' finest community leaders compete for the chance to kiss a pig to recognize it for producing the first source of insulin for people with diabetes. Kiss A Pig supports our local American Diabetes Association and our mission "To Prevent and Cure Diabetes and to Improve the Lives of all People Affected by Diabetes". The number of people living with diabetes has nearly quadrupled since 1980. More than 10 percent of all Hispanic Americans (2 million) have diabetes. Hispanic Americans are twice as likely to have diabetes than are Caucasian Americans. Diabetes is twice as common among Mexican-Americans and Puerto Rican Americans than among Caucasian Americans. This is a growing concern for the Hispanic community.
