DESCRIPTION:

New P.E.T.A. Video recorded by UMass experimenters and obtained by PET through open records request proofs of torments and killings of monkeys while studying "menopause" a condition the animals don't experience. These "experiments" are funded by taxpayers' money via NIH. Dr. Fauci months ago said there was no cruelty in NIH funding experiments but another organization White Coat Waste Project shows NIH experiments with beagles are pure and simply cruel.
