Scott Strother talks with Buzz Wilkinson about the Wilson Rotary Club. Rotary is the largest national civic organization. Their current mission project is the eradication of polio and a clean water initiative. They are mostly business leaders that want to give back to their community by raising money for community projects. Locally they give away \$70,000. They make friends and become like a family. Any one from any walk of life can join.

Health	PR040217RAY	WRAY		30.1	04/22/17	2:30pm	28:30	28:

Scott Strother hosts TR Duckworth, a local fitness trainer about starting a journey to better health. Life is complicated. Start exercising slowly, once or twice a week and build up. 30 to 45 minutes that can be divided into two segments. You don't have to join a gym. Nutrition is 80% of the journey. Eat whole foods instead of processed ones. Eat a salad with chicken instead of a burger for lunch. Lifting weights won't make you bulky, it will burn fat.

Scott Strother interviews Jean Ehmke about the Assistance League of the Triangle, which is a volunteer organization that works to improve the lives of women, children and families. It is a part of the national organization. With Operation Schoolbell they provide clothes, shoes and school supplies to 17,000 children in past year and \$144,000 in scholarships this year. They also partner with other agencies to help women. Their thrift shop is the way they raise the most funds.

Homeless Veterans		WRAY		30.1	05/06/17	2:30pm	28:30	28:

Scott Strother talks with Gary Farmer about helping homeless veterans. There are 300 homeless veterans in 3 local counties. Mr. Farmer got his friends in lions club and church involved to hold a picnic to honor them. No pressure, just a get together. People found out and offered their help. It has continued to grow. One person getting involved can make a big difference.

Feeding Needy		WRAY		30.1	05/13/17	2:30pm	28:30	28:

Troy Brown interviews April Baker from Touch of a Father's Love Food Pantry in Battleboro. God gave her the idea to start a food pantry that is available to anyone who needs help to get back on their feet, not just unemployed people. They have grown very quickly and grocery stores have been good in giving them a variety of healthy good, meat, produce, bread and pet food. Many people have come back later and volunteered after they have been helped. They can buy food for a discount so a small donation will go a long way. They always need more volunteers. Call April to get involved with the ministry.

Ronald McDonald House		WRAY		30.1	05/20/17	2:30pm	28:30	28:

Troy Brown discusses the Ronald McDonald House of Eastern North Carolina with executive director Megan Woolard. This particular house has 21 private bedrooms with baths, a communal kitchen, a game room and patio so families can focus on the healing of their child. They don't have to worry about where they will stay or how they will pay. The average stay is 14 days at not cost to the families because they operate on donations. In order to help, call or come by the house.

TP062017TLJ Mental Health or Medical

Many people get depressed from time to time; but for some people it is a chronic mental condition. Some people dismiss depression as a personal problem, but sometimes depression does have a medical cause. Kim from Port St. Lucia, FL asked the pastors if there is anything in the bible about depression. Dion from Raleigh, NC asked the pastors how a single Christian man could deal w/ loneliness, suicide, and depression. The pastors said that many people suffer from depression because of anxiety or worry. Don't worry. Take control of your thoughts that take you captive. God has a plan and a purpose for your life. Some people worry about things that they don't have any control over. Read God's Word. It is living and active. The thief comes to destroy, but Jesus came to give you life to the full. In the Bible you can read about many people that got depressed including Moses, David, Elijah, Job, and Jonah. Acknowledge your weakness and reach out for help. Get the right people around you and grow in the right things. Some people treat depression as a circumstance. We are finite beings living in a fallen world. Children are born deformed, blind, deaf, or mental deficiencies. There is also such a thing as chemical depression. One pastor on the program today comes from a long line of people in his family that have dealt with mental illness and/or depression. He tried coming to the altar to get healing, but after 25 years he found no relief. Once he told his doctor about his issue, the doctor prescribed medicine for him. He found also immediate relief and thought it was a miracle. The enemy wants you to be depressed. Sin causes depression, but not all depression finds its roots in sin. If you need medical help, get it.

ATP062017TLJ Alcohol/Drugs

When you turn on secular television, there are many advertisements for alcohol. They make it look attractive and appealing. Believers in Jesus Christ often deal with addiction of one form or another. Loretta from Akron, OH asked the pastors if someone who drinks and does drugs have the Holy Spirit inside of them. The pastors said that they have a spirit within them, but it is not the Holy Spirit. If the Holy Spirit is inside of me, He is not going to be willing to share me with other people. Alcohol and drug abuse is spiritual fornication. Your body is the temple of the Holy Spirit. You have been redeemed by the blood of the Lamb, so walk therein. Every Christian receives the Holy Spirit, but He doesn't make you walk in a perfect way. When Jesus' disciples received the Holy Spirit, they still had doubts and challenges. Prayer breaks the bondage of sin. Pray through the temptation to drink or do drugs. Jesus paid the price to set you free. You may have addictions, but Jesus can help you overcome. Overcoming addiction is a process. Get some good people around you. Drunkenness and drug addictions are deeds of the flesh. Instead choose to live by the Spirit. All of us struggle in some way with the sins of the flesh. You need the Holy Spirit to help, push, pull, and drag you away from sin. That is called sanctification. The Holy Spirit helps you put the past behind you little by little. You want to do wrong less. You will never be sinless, but the Holy Spirit can help you to sin less. God wants to fill and control you with His Spirit.

ATP062017TLJ Morals or Family

There are no perfect parents. Parents try their best to raise their children well, but they often fail. It is hard enough raising a family when both parents are Christians, but it is harder still when one or both

parents are not Christians. Sandra from VA asked the pastors if a child still has to follow their parents if their parents are not believers in the Lord. The pastors said that a child has to honor the position of their parents. One of the pastors talked about his relationship with his father. His father had never received the Lord. One day this pastor talked to his father about the Lord. However, his father told this pastor that he had done too many terrible things and that he was angry with God and that God was going to send him to Hell. This pastor's mother was a Christian. She kept him grounded in God's Word. She encouraged her son to honor his father for his position no matter what. This pastor had the privilege of leading his father to the Lord the day the father died. Follow and honor your parents. Follow Christ even above your parents. Jesus wants us to be willing to leave everything else and follow Him. We are commanded to honor our parents. Continue to honor your parents, but do not follow them if they ask you to do something that is not honoring to the Lord.

HYH16-2016

Topic Health

Pastor Bernie Blauwkamp had quadruple heart bypass surgery in December 2015. He had to learn how to change his relationship with food and exercise. Pastor Blauwkamp said that food is fuel for your body. Many people eat for many reasons other than hunger. You have hundreds of miles of blood vessels. Learn portion control. Dr. Don Ver Hulst sang his song, "Divine Joy in My Home". Dr. Don talked about what it means to touch the palate of your children with food. Pastor Blauwkamp said that he had to embrace a healthy lifestyle, not think of it as a diet. He had to learn to eat slower. Dr. Don talked about the health benefits of Ezekiel bread.

Topic Health

Dr. Don sang his "Ten Keys" song on today's program. Dr. Don Ver Hulst and his guest Pastor Bernie Blauwkamp talk about eating healthy one day at a time. They talked about Dr. Don's dad's death and health, which eventually led to his death. They talked about the health benefits of oatmeal, blueberries, celery, carrots, apples, and much, much more.

REJ040517TLJ Education/Schools

Good education is an asset for any student. That education teaches them the skills they need to have in order to survive and thrive in this global community. Christian education equips pastors and missionaries for the work of the ministry. Host Dr. Gordon Aikin spoke with Dr. Michael Cooper from International Needs about what education is like for pastors in Nepal and Uganda. Dr. Cooper said that Youth For Christ has worked alongside nationals since 1974. In Nepal, International Needs has around 130 churches. They are an indigenous ministry. They train a small group of pastors in discipleship and evangelism. In Uganda, 25 pastors are challenged with the growth of Islam and how to deal with that. International Needs also has Christian school for young students. The parents know that it is a Christian school. They see the benefits of a good, quality Christian education in the lives of other students and desire their own children to benefit from that education. They teach the children English to help them communicate more effectively with others when they reach their adult years. Knowing English helps the students get into better colleges and better paying jobs throughout the world.

REJ050317TLJ Women's Issues

Women around the world struggle to make ends meet. Some women have help from their husbands, but other women are single mothers with children. In America it is hard enough being a single mother with children; but in many other countries of the world, women are seen as lower class citizens with little or no skills. Such is the case in Tanzania. Kurt Rietema from Hope of the Nations shared with host Pastor Robert Dean that they care about the women in Tanzania. Hope of the Nations was started by Kurt's in-laws. They desire to share Jesus with these women, but these women also need to be able to make a living. Hope of the Nations teaches women to sew and make jewelry. The women then sell the purses and jewelry that they have made to help the women live independent lives and get money to pay for food for their children. Hope of the Nations desires to help them provide for their families.

REJ050317TLJ Education/Schools

Children around the world deserve to have a good education. However, in Tanzania, that is easier said than done. Most Tanzanian children can't afford a good education. They go to the public school, which mostly teaches them Swahili. When they go to high school that is mostly in English, they are lost. Kurt Rietema from Hope of the Nations spoke with host Pastor Robert Dean about what they do in their school to give the students a quality education. They started teaching preschool children many years ago and have added grades to the school as the children age. Many of the school's beginning students were children who were orphaned or socially orphaned. They didn't have a chance to go to school. They teach the students reading, writing, and arithmetic, and about Jesus. Because of the students live in remote villages, Hope of the Nations has a boat on the largest lake in Tanzania. They come to the students. Many of the people in these remote villages have never learned about Jesus. Hope of the Nations also has a Bible College to train pastors for the ministry. Kurt said that only five percent of the pastors have any formal Bible training at all. They simply gave you a Bible and said that you're the pastor now. Many churches failed as a result. Now with the Bible College, the pastors get a good quality education in the Bible and churches have flourished as a result.

ON DRUGS AND WANT TO GET OFF, CAN GOD TAKE THIS FROM ME?

GOD DOES AND WILL HEAL, BUT ON THE PRACTICAL SIDE YOU NEED TO GET INTO A PROGRAM AND ESTABLISH ACCOUNTABILITY AND FROM A SPIRITUAL PERSPECTIVE IN ROMANS CHAPTER 8 THE BIBLE SAYS YOU DIED WITH CHRIST AND YOU ARE RESURRECTED WITH CHRIST. SO IF YOU TAKE A DEAD MAN AND OFFER HIM DRUGS A DEAD MAN IS NOT GOING TO REACT. WHY, BECAUSE HE'S DEAD, GOD SAY'S THAT'S HOW YOU ARE TO YOUR ADDICTION. REALLY BASICALLY YOU'RE SELF MEDICATING BECAUSE THERE'S REALLY ANOTHER PROBLEM. THE ADDICTION ACTUALLY ISN'T THE PROBLEM IT'S A PROBLEM ADDED ON TO THE PROBLEM. GET THAT PROBLEM OUT OF THE WAY SO YOU CAN DEAL WITH YOUR HEART AND WHAT'S GOING ON THERE.

ATP062217DWO

Host: J. Friedman Panel: J. Denson, L. Jackson, T. Keeling, W. Mulwee, H. Presberry

Where in the Bible does God allow a wife to divorce her husband?

When God talks about divorcement, most times He's talking about adulterous relationships. When someone has stepped away from their husband or wife, they are not allowed to divorce. There are times in the Word of God when a man leaves his wife or a wife leaves her husband and they have not done anything for them to separate. Technically according to the Word of God you cannot get a divorcement.

It's basically about the sins of adulterous relationships even then you can go to counseling, get spiritual counseling and guidance. Then if forgiveness is not given you are allowed to divorce.

Can you get married in the eyes of God without a marriage certificate?

No, not here in the United States. Marriage is a covenant, a relationship between a man and a woman, Christ, and the state. You cannot leave the state out, it is legally binding that is why you have to go to court to get a divorce. If you don't have license your commitment to the covenant is incomplete. Marriage is a covenant, part of your commitment to the covenant is incomplete. Marriage is a covenant and we must be committed to covenant. Part of your commitment to the covenant is the marriage license.

Host: Julie Nolan and Tom Nolan

Guest: Mark Taylor and Mary Colbert

Mary starts by saying they have some good news - *The Trump Prophecies* written by herself and Mark Taylor. Mark, a firefighter, had a vision that Donald Trump would be the President of the United States; Mark didn't know when.

Mark shares that he retired in 2006 from being a firefighter, he received an assignment from God and God has since his retirement he received the vision. In 2011 he says he saw Trump in an interview. In the interview he heard the words "hearing the words of the future President". He went into his room and starting writing prophecies.

Mary shares about the prophecy of Mark that Donald Trump will replace 5 Supreme Justices.

Mark & Mary speak about abortion; humanity is God's 'currency', "you take care of mine and I'll take care of your heartbeat of another person

Julie talks about book *The Trump Prophecies* that Mary and Mark have written. They show a trailer about Mark. Mark says he saw these prophecies in 2011 and thought they would be for 2012. He asks Mark what he thought when it didn't happen. Mark missed the prophecy since Trump didn't become president in 2012. Mark says God told him He delayed the prophecy because he needed time to develop a righteous anger.

Mary speaks about the 501C status that churches receive from the government. The constitution is about the government not vice a versa.

Julie shares that Mary met President Trump and asks her about his way of speaking and acting. She says Donald Trump was at the beginning. He is now a saved man and needs prayer. Mark shares that he is an ordinary guy, and that he is coming to advance the kingdom of God. Mary shares that the best is yet to come.

Prescription drugs play a significant role in the American life, with nearly 70% of all U.S. citizens taking one or more. The most commonly treated is for, of course, heart disease. Surprisingly, the second most common prescription is for antidepressants which today many people have become heavily dependent upon medications and doctors instead of looking to our creator for help. They not only don't heal, but pose many other threats. In fact, adverse drug reaction is now one of the leading causes of death with over 100,000 reported incidents and over 100,000 deaths a year. In this program Rebecca looks at God's prescription for wellness and health.

Rebecca discusses essential oils, what they are, where they come from and their healing properties. In this program she discusses the proper applications.

Rebecca discusses the essential oil of hyssop which is anti-inflammatory, antioxidant, anti-parasitic, antiseptic, and antiviral. It helps with colds and fever as a decongestant and helps reduce fat in tissue. Hyssop raises low blood pressure and opens the respiratory system. It strengthens and tones the nervous system and serves as a sedative. It can be beneficial for quieting anxiety and clearing the mind. Essential oils affect a person's emotions. Emotions are simply the way we currently feel. They are a response to what is going on in our lives. Emotions are involved in many body systems such as the endocrine system, the nervous system, and the immune system. There is compelling evidence that various essential oils have the ability to affect each one of these systems, bringing balance and harmony.

Host: Pastor Brian Mixon

Panelists: Pastors Jarrod Barton, Leo Bland, Enloe Clemons Sr., Earl Young

Morals

Q. Is it a sin to drink and smoke once in a while? Can you still get into Heaven?

Clemons: Proverbs 20:1. God draws the line at drunkenness. It’s similar to gluttony. Regarding smoking, do not defile the temple of God (our bodies). It won’t keep us from Heaven, but we should keep our temple healthy.

Bland: 1 Corinthians 6:9-10. Are greatest witness is our lifestyle.

Barton: 1 Corinthians 10:23. We are new creatures in Christ. WWJD.

Death

Q. Where do we go when we die?

Young: If you are in Christ, you go to Heaven. 2 Corinthians 5:6-10. Those outside of Christ certainly won't be with the Lord.

Bland: 1 Kings 8:46, 2 Chronicles 7:14. Heaven is our home; we need to strive to go back to Heaven instead of ending up in Hell.

Morals

Q. Is it bad to have tattoo?

Clemons: The Lord doesn't want us marking up our bodies; it's vanity. Seek the Lord.

Bland: Leviticus 19:28. In biblical times, a mark was a spiritual connotation. We belong to God.

Barton: Proverbs 3:5-6. Seek and trust God. We are supposed to be different from the world.

Young: I want to reiterate what the other brothers have said. Glorify God. We are His temples.

Clemons: Get the invisible mark of the Holy Ghost.

REBECCA AT THE WELL CONTINUITY 2ND Q. 2017

RATW002 - 4/1/17

Prescription drugs play a significant role in the American life, with nearly 70% of all U.S. citizens taking one or more medications. The number one condition treated is for, of course, heart disease. Surprisingly, the second most common prescription is for antidepressants which suggests mental health is a huge issue. Today many people have become heavily dependent upon medications and doctors instead of looking to our creator for healing. These pharmaceutical drugs not only don't heal, but pose many other threats. In fact, adverse drug reaction is now one of the leading causes of death in the United States with over 2 million reported incidents and over 100,000 deaths a year. In this program Rebecca looks at God's prescription for wellness and how you can walk in divine health.

Rebecca discusses essential oils, what they are, where they come from and their healing properties. In this program she focuses on Cedarwood oil, its many uses and the proper applications.

RATW010 – 4/8

Rebecca discusses the essential oil of hyssop which is anti-inflammatory, antioxidant, anti-parasitic, antiseptic, and antiviral. Hyssop can help with colds, coughs, and fever as a decongestant and helps reduce fat in tissue. Hyssop raises low blood pressure and opens the respiratory system. Other uses for this oil include strengthening and toning the nervous system and serves as a sedative. It can be beneficial for quieting anxiety and clearing the mind.

Rebecca further discusses how essential oils affect a person's emotions. Emotions are simply the way we currently feel. They are a response to what we see, smell, hear, feel, or think. Our emotions are involved in many body systems such as the endocrine system, the nervous system, and the immune system. Research studies have begun to reveal compelling evidence that various essential oils have the ability to affect each one of these systems, bringing balance and harmony to the body.

RATW003 – 4/15

In this episode Rebecca discusses the recommendations for consuming essential oils and the ways you can do that. She also talks about the frequency of use of oils.

Rebecca explains that Cypress essential Oil is one of the oils most used for the circulatory system. The therapeutic qualities of Cypress include improving circulation, supporting the nerves and intestines, and supporting the immune system and cardiovascular system.

She includes some recipes for Aromatherapy weight loss inhalers and instructions on how to use them.

RATW004 – 4/22

As believers, whether we want to admit it or not, most of us fear death. Even with the comfort of knowing the promises of heaven and the afterlife in the Holy Scriptures,

Death remains a great mystery, something which every religion and philosophy have wrestled with since the beginning of time. Death is a natural part of existence, yet our culture tends to view death as a taboo topic.

Rebecca talks about the use of essential oils in preparing bodies for burial. Myrrh has been used for centuries as an ingredient for embalming the dead.

Rebecca also discusses the therapeutic and medicinal uses of myrrh.

RATW005 – 4/29

In this episode Rebecca discusses the use of anointing oils and provides a recipe for an anointing oil blend roll-on.

RATW006 – 5/6

Rebecca discusses the use of Spikenard as an aromatic anointing oil and how it was used in biblical times.

Later in the program she talks about linen sprays and the various ways to use them. She also provides several different recipes for the sprays.

RATW007 – 5/13

In this episode Rebecca discusses New Year's resolutions and gives 7 tips for being successful in keeping your resolutions:

1. Pick only one thing
2. Plan ahead
3. Anticipate problems
4. Pick a start date
5. Write it Down
6. Accept failure
7. Plan rewards

Following that discussion she explains the use of Almond oil as a carrier oil for essential oils, then answers Facebook questions about essential oils.

RATW008 – 5/20

In this episode Rebecca shares a story about a small band of thieves protecting themselves from the Black Plague of the 16th Century with a secret essential oil blend. These thieves were apothecaries, and their family had worked as apothecaries for many generations. Because of their intimate knowledge of the healing arts passed down from generation to generation, they were familiar with a combination of specific plant oils that, when rubbed on the body, would protect the body from contracting this most feared and deadly disease. The King forced the thieves to divulge the specific plant oils used and their secret formula. With that vital information, the King was able to protect himself and his family from the deadly plague. Legend has it, the recipe for the thieves' oils can still be found in the Royal English Archives to this day.

Rebecca then shares many of the ways you can use cinnamon essential oil at home.

She follows that with answering Facebook questions she has received on cinnamon oil.

RATW009 – 5/27

Rebecca discusses diffuser blends for around the home. Diffusing oils in your home is a nice way to set a mood, freshen and brighten a sick room, or add atmosphere to a social event.

These are easy to make and use. If you are using a tealight holder for this, you will want to add a little water, so the oils don't burn. For electric nebulizers, you can add your blend directly into the well – no water is necessary.

Kitchen

The kitchen is the central area of the home in which everything surrounds. Everyone loves to smell something good coming out of the kitchen.

2 drops grapefruit

2 drops petitgrain

2 drops tangerine (or orange)

Living Room

This is the social area of your home, so the blend for this space should be inviting and set the mood.

2 drops frankincense

2 drops lavender

2 drops rosemary

Bedroom

The bedroom blend should be relaxing and enhance sleep.

2 drops chamomile

2 drops lavender

2 drops marjoram

Bathroom

Rather than masking unpleasant odors with chemical-based products, this blend can help disinfect this space.

2 drops orange

2 drops pine

2 drops tea tree

Home Office

This blend will help you stay alert and focused on the business.

2 drops basil

2 drops lemon

2 drops rosemary

Home Gym

If you like to workout, this blend will give you the extra motivation to get moving.

2 drops black pepper

2 drops ginger

2 drops rosemary

Garden or Balcony

Sometimes you may want to entertain outdoors and choosing the right essential oils can keep the pests away.

3 drops citronella

3 drops lavender

Laundry

This room may tend to smell damp or moldy; to prevent that this blend will freshen your space.

2 drops grapefruit

2 drops lemon

2 drops lemongrass

Galbanum Facebook Questions

1. Connie in Bradenton, Florida writes, “What are essential oils?”

Essential oils are concentrated extracts of certain plants, grasses, herbs or trees, and could be derived from their fruit, leaves, roots, stems, flowers or seeds. They are called essential because they contain the very essence of the plant, and contain aromatic and therapeutic properties.

2. Terri down in Miami, Florida wants to know, “How do I use essential oils?”

There are several ways to use essential oils: diffusion, topically or for cooking or cleaning. If used topically, it is recommended to dilute the oil in a carrier oil. Diffusing is a very easy and popular way to benefit from essential oils.

3. Julie in Green Bay, Wisconsin writes, “Are essential oils safe to use on children?”

It is always recommended to dilute essential oils before use using a carrier oil. If applied topically, apply to the bottoms of their feet as this area is not as sensitive as other areas of the body. Some essential oils are not recommended for children or the elderly, so you will want to check on each oil you are considering using in my book, *Therapeutic Blending With Essential Oil*.

4. Terrance in Fort Worth, Texas asks, “What is a carrier oil?”

A carrier oil is an oil made from the seed, nut or vegetable, and is meant to dilute and deliver the essential oil for topical use. Some carrier oils have beneficial properties in themselves, such as jojoba oil, grapeseed oil or fractioned coconut oil.

RATW013 – 6/17

Rebecca discusses the parallels between the Jewish wedding ceremony and The Bride of Christ; makes essential oil bath salts.

Host: Julie Nolan and Tom Nolan

Guest: Danette Crawford (Skype)

Danette shares about her outreach – Joy Ministries and The Father's House

Danette says The Father's House is a place that women who have children can go to if they are in crisis. They have two sister homes that help these women in the Virginia area. Many women are involved in human trafficking. Danette explains how long they can stay in these home and the guidelines they must abide by to stay.

Danette says it is a "Hand Up" not a "Hand Out". They have different programs to help break the cycle. Tom; comments on how sex trafficking is modern day slavery. Danette says that it is a big problem in our nation and they are trying to bring awareness. The two major hubs for trafficking are New York and Atlanta and Virginia is right in the middle of them. The Father's House rescues women and helps them to come out of this life style.

Julie, Tom and Danette discuss:

1. The age girls start into trafficking
2. Once the girls are involved, is it hard for them to leave?
3. Ways they start into trafficking
 - a. Enticed by “ Romeo Traffickers”
 - b. Kidnapped
 - c. Sold by family members

They also share on ways of prevention:

1. Keeping God and the Gospel involved, they are funded by donation only and this keeps them free to teach the Bible and what God says
2. Making people aware that human trafficking is here, at home, in our nation.
3. Teaching and prevention

Air date: 6/22/17

Host: Julie Nolan, Tom Nolan

Guest: Mark Taylor and Mary Colbert

Julie talks about book *The Trump Prophecies* that Mary and Mark have written. They show a trailer about Mark. Tom explains that Mark was given these prophecies in 2011 and thought they would be for 2012. He asks Mark what he thought when it didn't happen in 2012. Mark thought he had missed the prophecy since Trump didn't become president in 2012. Mark says God told him He delayed the prophecy until 2016 because people needed time to develop a righteous anger.

Mary speaks about the 501C status that churches receive from the government. The constitution is about the government staying out of the church not vice a versa.

Julie shares that Mary met President Trump and asks her about his way of speaking and acting. She says Donald Trump is not the same man he was at the beginning. He is now a saved man and needs prayer. Mark shares that he is an ordinary guy, and there are many more behind him coming to advance the kingdom of God. Mary shares that the best is yet to come.
