

We Have This Hope - Programs and Issues

This is the first Quarter Programs and Issues filing for the New Station. The Last Quarter the Online Public File was not set up to file. Contact was made a Deputy Chief Jim Bradshaw to set up the online Public Inspection File. Email traffic surrounding the OPIF setup.

Dawn,

The stations should be in there now.

Jim, I still don't see these stations from the public access view to the on line public files. Just checking..

Thanks, Dawn

Happy new year!

We will get these stations added to OPIF shortly.

Jim

Jim:

Add a 5th to the list... KGPL Crookston, Minnesota. Another We Have This Hope station.....

Subject: Public File Question - We Have This Hope

Jim, the four newly licensed stations below do not have public files. I've looked from the public side (Home - FCC Public Inspection Files [2]) and by logging into We Have This Hope's public file account (Owner Sign In - FCC Public Inspection Files [3]). I don't see any way to add new stations to the public files. Am I missing something? The FRN (0016470395) for the licensee is correct in the license applications. Can you assist?

Thanks, Dawn
